WARREN MOON

Lessons from the Fifteen Worst Environmental Disasters around the World Simon and Schuster
 “A high-octane thriller . . . Nyxia grabs you from the first line and never lets go.” —Marie Lu, #1 New York Times bestselling author of Warcross
 Every life has a price in this sci-fi thriller—the first in a trilogy—that has the nonstop action of *The Maze Runner* and the high-stakes space setting of *Illuminae*. What would you be willing to risk for a lifetime of fortune? Emmett Atwater isn’t just leaving Detroit; he’s leaving Earth. Why the Babel Corporation recruited him is a mystery, but the number of zeroes on their contract has him boarding their lightship and hoping to return to Earth with enough money to take care of his family. Forever. Before long, Emmett discovers that he is one of ten recruits, all of whom have troubled pasts and are a long way from home. Now each recruit must earn the right to travel down to the planet of Eden—a planet that Babel has kept hidden—where they will mine a substance called Nyxia that has quietly become the most valuable material in the universe. But Babel’s ship is full of secrets. And Emmett will face the ultimate choice: win the fortune at any cost, or find a way to fight that won’t forever compromise what it means to be human. “The 100 meets *Illuminae* in this high-octane sci-fi thriller.” —Bustle
AND DON’T MISS NYXIA UNLEASHED!

Mississippi Trial, 1955 Houghton Mifflin Harcourt

Although he prefers magazine work, freelance photographer Alex Rutledge won't turn down an occasional crime scene shoot for the City of Key West Police Department. But when a string of murders takes his viewfinder into strangely familiar territory, Alex's mellow island lifestyle shatters. One after another, someone is killing women who have intimately crossed Alex Rutledge's path. Maybe it's a coincidence. Maybe it's a conspiracy. Or maybe he's crazy. But the connection marks Alex as the prime suspect in a case so hot it's drawn in the county sheriff, the FBI, and the Bureau of Alcohol, Tobacco, and Firearms. In a desperate race to save his name and his life, Alex dives into a one-man search for the dark, sweltering truth beneath a case that's pounding toward meltdown, in *The Mango Opera* by Tom Corcoran.

How to Change Your Life in a Week Harper Collins

An unabridged, unaltered edition of *The Seven Day Mental Diet* -

The Louis Till File Harper Collins

Originally published in 1932 by the renowned New Thought spiritual leader Emmet Fox, this book is intended to teach the principles of life-building through constructive thought. “All power lies in creative thought. Thought is the key to life; for as a man thinketh in his heart, so is he. People are beginning to understand today something of the power of thought to shape the individual’s destiny—they know vaguely that thoughts are things—but how the Great Law of thought is to be applied they do not know. “This book shows that your destiny is really in your own hands, because it is impossible to think one thing and produce another, and that by the selection of correct thought a harmonious and happy life is produced. It shows that weak and fickle thinking produces a drifting and wasted life, and that positive thinking produces success and happiness. It shows that fear is the ultimate cause of Tap-Root of all sickness, failure, and disappointment. And it shows the only possible method of overcoming fear.”

Around the Year with Emmet Fox Scholastic Inc.

Prayer will enable you to get yourself, or anyone else, out of any difficulty on the face of the earth. It is the Golden Key to harmony and happiness. To those who have no acquaintance with the mightiest power in existence, this may appear to be a rash claim, but it needs only a fair trial to prove that, without a shadow of doubt, it is a just one. You need take no one's word for it, and you should not. Simply try it for yourself, and see.

Spiritual Awakenings Simon and Schuster

Over the last century mankind has irrevocably damaged the environment through the unscrupulous greed of big business and our own willful ignorance. Here are the strikingly poignant accounts of disasters whose names live in infamy: Chernobyl, Bhopal, Exxon Valdez, Three Mile Island, Love Canal, Minamata and others. And with these, the extraordinary and inspirational stories of the countless men and women who fought bravely to protect the communities and environments at risk.

The Yoga of Love Penguin

An inspirational classic, this resource is for everyone seeking more happiness and success in life.

Fox's treasure of wise and inspirational gems offers enduring spiritual truth and practical advice for daily living.

Golden Key and Twenty-Two Additional Essays GENERAL PRESS

A new version of the traditional American folk song, in which the expected guest will be wearing frilly pink pajamas and juggling with jelly when she comes.

Knowing God, Loving God, Serving God: Steps to the Life God Intends Harper Collins

In this classic text, the master teacher whose works have moved and inspired millions presents inspirational advice and simple self-help that will bring true success and happiness. These seventy-two meditative essays, each accomplished by a brief affirmation and a biblical quotation, are the keys to have a better and more prosperous life. When one becomes depressed or discouraged, nervous or frightened, when one needs to change one's mental and physical habits of living, Fox's direct and easy techniques help overcome life's difficult stretches and bring on health, happiness, and peace of mind.

POWER THROUGH CONSTRUCTIVE THINKING

Merchant Books

Susan Brownmiller’s groundbreaking bestseller uncovers the culture of violence against women with a devastating exploration of the history of rape—now with a new preface by the author exposing the undercurrents of rape still present today Rape, as author Susan Brownmiller proves in her startling and important book, is not about sex but about power, fear, and subjugation. For thousands of years, it has been viewed as an acceptable “spoils of war,” used as a weapon by invading armies to crush the will of the conquered. The act of rape against women has long been cloaked in lies and false justifications. It is ignored, tolerated, even encouraged by governments and military leaders, misunderstood by police and security organizations, freely employed by domineering husbands and lovers, downplayed by medical and legal professionals more inclined to “blame the victim,” and, perhaps most shockingly, accepted in supposedly civilized societies worldwide, including the United States. *Against Our Will* is a classic work that has been widely

credited with changing prevailing attitudes about violence against women by awakening the public to the true and continuing tragedy of rape around the globe and throughout the ages. Selected by the New York Times Book Review as an Outstanding Book of the Year and included among the New York Public Library's Books of the Century, *Against Our Will* remains an essential work of sociological and historical importance.

The Golden Key Cosimo, Inc.

The master key to life--a universal guide to all that matters in making life more satisfying.

THE SEVEN DAY MENTAL DIET

Pickle Partners Publishing

A heartbreaking and powerful story about a black boy killed by a police officer, drawing connections through history, from award-winning author Jewell Parker Rhodes. Only the living can make the world better. Live and make it better. Twelve-year-old Jerome is shot by a police officer who mistakes his toy gun for a real threat. As a ghost, he observes the devastation that's been unleashed on his family and community in the wake of what they see as an unjust and brutal killing. Soon Jerome meets another ghost: Emmett Till, a boy from a very different time but similar circumstances. Emmett helps Jerome process what has happened, on a journey towards recognizing how historical racism may have led to the events that ended his life. Jerome also meets Sarah, the daughter of the police officer, who grapples with her father's actions. Once again Jewell Parker Rhodes deftly weaves historical and socio-political layers into a gripping and poignant story about how children and families face the complexities of today's world, and how one boy grows to understand American blackness in the aftermath of his own death.

Emmet Otter's Jug-Band Christmas Princeton University Press

We build in the mental equivalents by thinking quietly, constantly and persistently of the kind of thing we want, and by thinking that has two qualities: clearness or definiteness, and interest. The key to life is to build in the mental equivalents of what we want and to expunge the equivalents of what we do not want.

The Bible Unveiled DMC

In Mississippi in 1955, a sixteen-year-old finds himself at odds with his grandfather over issues surrounding the kidnapping and murder of a fourteen-year-old African American from Chicago.

THE SERMON ON THE MOUNT

Harper Collins

A powerful photographic survey of the impact of irrigation systems on the landscape of the United States In *The One Hundred Circle Farm*, renowned photographer Emmet Gowin (b. 1941) presents stunning aerial images of center-pivot irrigation systems in the western and midwestern United States. This type of farming involves a method of watering crops in which equipment rotates around a centrally drilled well, creating enormous, distinct circles of irrigated land, often in the midst of dry terrain. Anyone who has taken a cross-country flight has likely seen countless acres of these iconic symbols of industrial agriculture. Through a faithful and at once personal photographic survey, Gowin's powerful images not only bear witness to the ambitions humans wield in shaping the landscape, but also attest to how such primal elements--circles, pivots, and lines--symbolize water depletion and the fragile environment. The stark black-and-white and color compositions, one hundred in all, were created over the course of a decade. Fields resemble lost civilizations; crops gape like strange new suns. Hauntingly beautiful, the photographs highlight Earth's nourishing geology and the sweat of human labor. At the same time, they are reminders of the

technology extracting unimaginable amounts of water that cannot be replaced, and raise questions about what large-scale irrigation must answer for when the water runs out. With an afterword by anthropologist Lucas Bessire discussing the history and impact of pivot irrigation on American farming, *The One Hundred Circle Farm* stands as a poetic visual record, evidence of the tenuous connections between human enterprise and our planet's most precious resource.

Walking a Sacred Path Little, Brown Books for Young Readers

A rousing action program for overcoming adversity and taking charge of life -- by one of our century's greatest mystics. For unhappiness, frustration, loneliness, and other afflictions of the spirit, Dr. Emmet Fox prescribes a powerful remedy based on the life and message of Jesus. In *Alter Your Life*, Fox explains that these "dreary" problems are actually bad habits of mind -- habits from which we can free ourselves. "There is no necessity for anything but success, good health, prosperity, and an abounding interest and joy in life," Fox writes Through a series of brief meditations, Fox shows us how to exchange our bad habits of mind for the healthy ones demonstrated by Jesus. Based upon biblical texts, *Alter Your Life* offers a progressive, life-changing course designed for all readers, whether or not they have read a religious book before.

GHOST BOYS

Harper Collins

A beloved teacher and best-selling author offers diagrams for living to show "how you can come out of limitation and find real happiness." Fox has inspired millions of people over the past forty years through his simple, practical guidelines. In *Diagrams for Living* he presents valuable keys to living a more fulfilled life drawn from the eloquent spiritual wisdom of the Bible. If we read the Bible literally, cautions Fox, we miss the eternal power and personal relevance found in its symbols, allegories, and parables. "Whether you realize it or not," he writes, "you are on every page from Genesis to Revelation." Fox shows how to read dramatic biblical stories as symbolic diagrams for living that can "show you how to overcome difficulties and problems, and how to give expression to the deep aspirations that lie hidden in your soul." This power to reveal, inspire, and guide makes the Bible's teachings adaptable to everyone at every stage of spiritual development. Sensible, contemporary, and full of reassurance, *Diagrams for Living* offers sage counsel from a gifted teacher.
