With more than 200 historic photographs, Moline: City of Mills offers an overview of this dynamic river town located on the southern shore of the mighty Mississippi River. This book helps to celebrate 150 years of Moline's history, beginning with its incorporation in 1848. The city's history is closely tied to the Mississippi River. The name Moline comes from the French word "moulin," meaning "mill." The river, together with some famous entrepreneurs, helped industry flourish in Moline. John Deere and his steel plow turned the city into the "agricultural implement center of the world." During its lifetime, Moline has experienced steady growth, welcoming a variety of peoples and cultures. Continued commercial prosperity and a bright future are sure to allow for another interesting 150 years for Moline. Found within the pages of this volume, a special birthday gift from three longtime Moline residents, is a look back in time and an up-to-date panorama of people and places.

THE OFFICE

International

"Architectural photographer Ezra Stoller provides a unique record of the building both during its construction and after its completion. His photographs of workmen casually moving about the nascent structure recall Lewis Hine's classic portraits of the Empire State Building and provide a stark contrast to his images of the finished project, with its luxurious apartments and commercial spaces." "An introduction by Yasmin Sabina Khan, the daughter of the building's celebrated engineer, provides a behind-the-scenes account of the design, construction, and reception of this landmark of modern architecture and engineering."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. WINDSOR LOCKS HISTORY

University of Oklahoma Press

AN INSTANT NEW YORK TIMES BESTSELLER The untold stories behind *The Office*, one of the most iconic television shows of the twenty-first century, told by its creators, writers, and actors When did you last hang out with Jim, Pam, Dwight, Michael, and the rest of Dunder Mifflin? It might have been back in 2013, when the series finale aired . . . or it might have been last night, when you watched three episodes in a row. But either way, long after the show first aired, it's more popular than ever, and fans have only one problem—what to watch, or read, next. Fortunately, Rolling Stone writer Andy Greene has that answer. In his brand-new oral history, *The Office: The Untold Story of the Greatest Sitcom of the 2000s*, Greene will take readers behind the scenes of their favorite moments and characters. Greene gives us the true inside story behind the entire show, from its origins on the BBC through its impressive nine-season run in America, with in-depth research and exclusive interviews. Fans will get the inside scoop on key

episodes from "The Dundies" to "Threat Level Midnight" and "Goodbye, Michael," including behind-the-scenes details like the battle to keep it on the air when NBC wanted to pull the plug after just six episodes and the failed attempt to bring in James Gandolfini as the new boss after Steve Carell left, spotlighting the incredible, genre-redefining show created by the family-like team, who together took a quirky British import with dicey prospects and turned it into a primetime giant with true historical and cultural significance. Hilarious, heartwarming, and revelatory, *The Office* gives fans and pop culture buffs a front-row seat to the phenomenal sequence of events that launched *The Office* into wild popularity, changing the face of television and how we all see our office lives for decades to come.

[Starting Small and Making It Big](#) Random House Trade Paperbacks Kidnapped and sold into slavery in the American South, freeman Solomon Northup spent twelve years in bondage before being freed. *Twelve Years a Slave* is Northup's moving memoir, revealing unimaginable details of the horrors he faced as a slave on Southern plantations, and his unshakable belief that he would return home to his family. Written in the year after Northup was freed and published in the wake of Harriet Beecher Stowe's *Uncle Tom's Cabin*, Northup's story was quickly taken up by abolitionist groups and news organizations as part of the fight against slavery, and continues to resonate more than a century after the end of the American Civil War.

Featuring over 500 photographs and original illustrations, this is the complete guide to the designers, brands, movements and style icons that have created the history of international fashion from the 1860s all the way to today. This encyclopedic volume, with over 150 entries, is both a reliable, up-to-date reference work and an inspirational look at the creativity and excitement of fashion. The many forces that influence fashion are included – from luxurious haute couture and bespoke tailoring to innovative youth countercultures and phenomenally successful mass-market brands. Each entry includes multiple images and a comprehensive text covering the historical, cultural, aesthetic and technical aspects of its subject. Material details are discussed throughout the book, as are the creative and multidisciplinary aspects of fashion. Covering everyone from Azzedine Alaïa to Yohji Yamamoto and everything from Boho Chic to Space Age Style, this is an indispensable and delightful guide to the sophisticated world of fashion.

CHRISTIAN LIBERTY

Riverbend Books Limited

Thomas Jefferson envisioned a nation of citizens deeply involved in public life. Today Americans are lamenting the erosion of his ideal. What happened in the intervening centuries? Daniel Kemmis argues that our loss of capacity for public life (which impedes our ability to resolve crucial issues) parallels our loss of a sense of place. A renewed sense of inhabitation, he maintains —of community rooted in place and of people dwelling in that place in a practiced way—can shape politics into a more cooperative and more humanly satisfying enterprise, producing better people, better communities, and better places. The author emphasizes the importance of place by analyzing problems and possibilities of

public life in a particular place— those northern states whose settlement marked the end of the old frontier. National efforts to “keep citizens apart” by encouraging them to develop open country and rely upon impersonal, procedural methods for public problems have bred stalemate, frustration, and alienation. As alternatives he suggests how western patterns of inhabitation might engender a more cooperative, face-to-face practice of public life. *Community and the Politics of Place* also examines our ambivalence about the relationship between cities and rural areas and about the role of corporations in public life. The book offers new insight into the relationship between politics and economics and addresses the question of whether the nation-state is an appropriate entity for the practice of either discipline. The author draws upon the growing literature of civic republicanism for both a language and a vantage point from which to address problems in American public life, but he criticizes that literature for its failure to consider place. Though its focus on a single region lends concreteness to its discussions, *Community and the Politics of Place* promotes a better understanding of the quality of public life today in all regions of the United States.

Fashion 150 John Wiley & Sons

This book presents the history of the town of Windsor Locks, Connecticut from the early 1800s to 1970. The main focus of the book is the period from the early 1900s, when the European immigrants came into the town, to 1970, when the Main Street redevelopment project happened. About 400 old photographs and 150 old newspaper articles help the reader visualize the town's history. The chapters include: 1. Growing up in Windsor Locks in the 1940s, 50s and 60s, 2. Ice Cream Stores of Windsor Locks, 3. Earliest Pizza and Grinder Shops of Windsor Locks, 4. Johnny Cappa and Johnny's Market, 5. Sisitzky's Market, 6. Bert's Market, 7. Aldo Sartirana's Oak Street Market, 8. Marconi Brothers' Luncheonette (Wuzzy's), 9. Stella's Charles-Ten Restaurant, 10. Macaluso's Market, 11. Tony Basile and his Shoe Repair Shop, 12. D. F. LaRussa and his Appliance Store, 13. The Beehive Building, 14. The Rialto Theater, 15. Windsor Locks' Hotel on Main Street, 16. Burnap Block and Central Hall, 17. History of the Ashmere Estate, 18. Blanche's Bowling Alley and the Princess/Palace Theater, 19. Windsor Locks' Macaroni Manufacturing Company, 20. St Ornonzo of Turi and of Windsor Locks, 21. One Ferry and Three Bridges, 22. Windsor Locks' First Ambulance, 23. Drum Corps of Windsor Locks, 24. Windsor Locks Catastrophes, 25. Leo Montemerlo's Map of Downtown Windsor Locks Businesses, 26. Ettore F. Carniglia: Windsor Locks' Most Beloved Son, 27. Ella Grasso: Windsor Locks Woman Becomes Governor, 28. Hugh Montgomery: Extraordinary Windsor Locks Citizen, 29. Interview with Hugh Montgomery at age 93, 30. Wilson Taylor: A Boy From Windsor Locks Becomes a Titan of Industry, 31. The Dexter Dynasty, 32. The 15 Blocks of Windsor Locks, 33. The Rise and Fall of the Windsor Locks Canal and the Factories Along It, 34. Jack Redmond: Windsor Locks Historian, 35. Red Leary: Athlete, Entrepreneur and Community Leader, 36. Socioeconomic Analysis of Windsor Locks 1960-1980, 37. Why did the Population of Windsor Locks Drop by 20% in the 1970s?, 38. Windsor Locks History Publications: an Annotated Bibliography. Moline Penguin

FloodZone is Miami-based Russian photographer Samoylova's account of life on the knife-edge of the Southern U.S.: in Florida, where sea levels are rising and hurricanes threaten. These beautifully subtle and often unsettling images capture the mood of waiting, of knowing the climate is changing, and of living with

it.

The impulse to do AMERICAN MUSIC, writes famed photographer Annie Leibovitz, "came from a desire to return to my original subject and look at it with a mature eye. Bring my experience to it...make it a real American tapestry." Her ambitious idea became AMERICAN MUSIC, a stunning collection of photographs of the musicians, places and people that enrich the landscape of American music. As Rolling Stone's chief photographer for over thirteen years, Leibovitz created a legendary body of work. Her portraits of some of the world's most talented musicians capture more than the performer, they convey the art of making music. For AMERICAN MUSIC, Leibovitz traveled across the country to juke joints in the Mississippi Delta, honkytonks in Texas, and jazz clubs in New Orleans "to take pictures in places that mean something." In her signature style, she shares stunning portraits of American greats -- B.B. King, Willie Nelson, Bonnie Raitt, Bruce Springsteen, Beck, Bob Dylan, Mary J. Blige, Jon Bon Jovi, Steve Earle, Ryan Adams, Miles Davis, Etta James, Pete Seeger, Emmylou Harris, Tom Waits, The Dixie Chicks, Dr. Dre, The Roots and many more. AMERICAN MUSIC includes a commentary about the American Music project by Leibovitz, short essays by musicians Patti Smith, Rosanne Cash, Steve Earle, Mos Def, Ryan Adams, and Beck as well as biographical sketches of all the musicians. From the Hardcover edition.

The new edition of *Essentials of Business Statistics* delivers clear and understandable explanations of core business statistics concepts, making it ideal for a one-term course in business statistics. Containing continuing case studies that emphasize the theme of business improvement, the text offers real applications of statistics that are relevant to today's business students. The authors motivate students by showing persuasively how the use of statistical techniques in support of business decision-making helps to improve business processes. A variety of examples and exercises, and a robust, technology-based ancillary package are designed to help students master this subject. In addition, the authors have rewritten many of the discussions in this edition and have explained concepts more simply from first principles. The only prerequisite for this text is high school algebra.

Walt Disney's Little Mermaid

The author draws upon case examples of some of today's most acclaimed developments in this book, and recommends best practice guidelines to help developers create vibrant, livable communities-and still make money. For years, Florida's planners and developers have had to deal with some of the most difficult growth management problems. Now planners and developers across the nation can benefit from the valuable lessons Florida offers on combating urban sprawl. Ewing first searched the state for the best contemporary developments, then distilled their lessons into guidelines for directing new development and assessing the quality of existing development. The 43 practices outlined in this exciting book cover four areas of development-land use, transportation, the environment, and housing. They apply to a broad range of development projects, including small planned communities, residential subdivisions, and commercial centers. The book's recommendations are based upon the experiences of successful developers and supported by empirical research. The proof lies in the compelling real-world examples Ewing highlights throughout the text. Illustrated with dozens of photographs and written in a lively style, this book is must reading for all those seeking better ways to plan and design

communities. Developers will find proven, feasible land development regulations and benchmarks against which to evaluate development proposals.

Seize control of your financial future with rock-solid advice from two of the world's leading investment experts Investors today are bombarded with conflicting advice about how to handle the increasingly volatile stock market. From pronouncements of the "death of diversification" to the supposed virtues of crypto, investors can be forgiven for being thoroughly confused. It's time to return to the basics. In the 10th Anniversary Edition of *The Elements of Investing: Easy Lessons for Every Investor*, investment legends Burton G. Malkiel and Charles D. Ellis deliver straightforward, digestible lessons in the investment rules and principles you need to follow to mitigate risk and realize long-term success in the markets. Divided into six essential elements of investing, this concise book will teach you how to: Focus on the long-term and ignore short-term market fluctuations and movements Use employer-sponsored plans to supercharge your savings and returns and minimize your taxes Understand crucial investment subjects, like diversification, rebalancing, dollar-cost averaging, and indexing So, forget the flavor of the week. Stick with the timeless and invaluable advice followed by the world's most successful retail investors.

WATER SUPPLY AND SEWAGE DISPOSAL

I just wanted to see you. Before the end. A taut psychological thriller about obsession, fame and betrayal, for fans of *Black Mirror*. Cat is in love. Always the sensible one, she can't believe that she's actually dating, not to mention dating a star. But the fandom can't know. They would eat her alive. And first at the buffet would definitely be her best friend, Evie. Amy uses Heartstream, a social media app that allows others to feel your emotions. She broadcasted every moment of her mother's degenerative illness, and her grief following her death. It's the realest, rawest reality TV imaginable. But on the day of Amy's mother's funeral, Amy finds a strange woman in her kitchen. She's rigged herself and the house with explosives - and she's been waiting to talk to Amy for a long time. Who is she? A crazed fan? What does she want? Amy and Cat are about to discover how far true obsession can go.
