STORIES AND POEMS

RDA Press, LLC
The Hidayah has dominated the field of Islamic jurisprudence since the day it was written over 800 years ago. It has been the primary text used by Muslims jurist to issue authentic and reliable rulings on Islamic law according to the school of Imam Abu Hanifa (d

150H/767CE). The Hidayah commands such an authoritative position amongst the doctors of law that the knowledge of a scholar who has not read it is not considered reliable. It has been a standard text in the curricula of Islamic law schools since the 12th century. It was first translated into English by Charles Hamilton in 1791. Around 70 huge commentaries, some spread over more than a dozen volumes have been written on it. The number of explanatory glosses is

in thousands. Comprehensive in content and conveniently organized, with the publication of this all previous works that discussed Islamic jurisprudence according to the Hanafi law become outmoded and soon fell into disuse. If revealed books are not taken into account, never has a book received so much attention as the Hidayah. This landmark publication of the Hidayah not only has been translated in its entirety for the first time but has been done so

from Arabic, the language in which it was written. The author, Shaykh Al Islam, Burhan Al-Din Marghanani (d 593 AH/ 1197 CE) was considered to be the leading jurist of the Muslim world in his times. "The hidayah is justly celebrated as the most practical and useful summary compilation of Hanafi jurisprudence. It has been a standard text in the curricula of Islamic law schools since the 12th century. It was first translated by Charles Hamilton in 1791. A new translation into modern

English has been long overdue. This translation by Imran Ahsan Khan Nyazee is both precise and straight forward. With his knowledge of Islamic law and jurisprudence combined with his command of both the Arabic and English languages, he has conveyed the meaning of the original with great clarity. The hidayah is a dense work, intended for use in teaching Hanafi fiqh - it is a work that needs explication if its arguments are to be understood fully. This the

translator has provided through this valuable notes" Dr Mohammad Akram Nadwi, research fellow, Oxford centre for Islamic studies, Oxford

Digital Democracy considers how technological developments might combine with underlying social, economic and political conditions to produce new vehicles for democratic practice. The growth of new Information

and Communication Technologies (ICTs) such as the Internet, alongside growing concerns about the failure of advanced societies to live up to the democratic idea, has produced much interest in the prospects for a digital democracy. This book will provide invaluable reading for those studying social policy, politics and sociology as well as for policy analysts, social scientists and computer scientists.

 Mirroring the expansion of wealth in the Middle East and Asia and a surge in Islamic self-identity, Islamic banking practices have either become the law of the land or coexist and compete with Western practices in at least six countries. A growing number of institutions and mutual funds (akin to Western "socially responsible" funds) have established Islamic investment and other practices to cater to this burgeoning market. Because of its prevalence,

practitioners in every banking-related area must familiarize themselves with current Islamic finance practices in order to do business with Muslim clients and to engage in cross-border financing. Injunctions from the "Qur'an and the sayings of Prophet Muhammed have generated a web of interrelated norms which prohibit Islamic financiers from engaging in transactions that involve interest "(riba) and speculation "(gharar). "Islamic Law and Finance

describes the dynamic set of Islamically-sanctioned ways financiers can transact business.

Psychology Press

In difficult times, debt can be a matter of life and death, happiness and despair. Controlling your debt can bring order and calm. Mastering debt can

bring wealth and success. As bestselling Rich Dad/Poor Dad author Robert Kiyosaki says, "Good debt makes you rich and bad debt makes you poor." The ABCs of Getting Out of Debt provides the necessary knowledge to navigate through a very challenging credit environment. A Rich Dad's Advisor and best selling author of numerous business books, Garrett Sutton, Esq. clearly writes on the key strategies readers must follow to get out of debt. Unlike other

superficial offerings, Sutton explores the psychology and health effects of debt. From there, the reader learns how to beat the lenders at their own game, and how to understand and repair your own credit. Using real life illustrative stories, Sutton shares how to deal with debt collectors, avoid credit scams, and win with good credit. “The reason Garrett Sutton’s book is so important is that like it or not, debt is a powerful force in our world today. The financially intelligent are

using debt to enrich themselves while the financially uneducated are using debt to destroy their lives.”- Robert Kiyosaki
The times call for a book that offers hope and education on mastering credit and getting out of debt.

This comprehensive practitioner guide provides an accessible evidenced based approach aimed at those new to coaching and who may be undertaking coach training for a

certificate in coaching or professional credentials or accreditation with the AC, ICF, EMCC, CMI or ILM.
The book will also be useful for those who want to enhance their coaching skills. The Coaches Handbook is edited by Jonathan Passmore, an internationally respected expert and executive coach, with chapters from leading coaching practitioners from across the world. The book is divided into seven sections. Section one examines the nature of coaching, its boundaries,

the business case for coaching and how organisations can build a coaching culture. Section two focuses on deepening our self-understanding and understanding our clients, the non-violent communications mindset and the coaching relationship. Section three focuses on the key skills needed for coaching including goal setting, powerful questions, active listening, using direct communications and the role of silence, emotions and challenge in coaching. Section four

offers a range of coaching approaches including behavioural, person-centred, solution-focused, psychodynamic, neuroscience, narrative, positive psychology, outdoor eco-coaching, team coaching, careers coaching and integrated coaching. Section five focuses on fundamental issues in coaching such as ethics and contracting and evaluation. Section six explores continuous professional development, reflection and the role of supervision, as well as how to establish your

coaching business. The final section contains a host of coaching tools which practitioners can use to broaden their practice. Unique in its scope, this key text will be essential reading for coaches, academics and students of coaching. It is an important text for anyone seeking to understand the best practice approaches that can be applied to their coaching practice, including human resources, learning and development and management

professionals, and executives in a coaching role.

From internationally renowned authors, Allan and Barbara Pease comes the worldwide bestseller *Why Men Don't Listen and Women Can't Read Maps*. Men and women are have different values and different rules. Not better or worse – just different. Everyone knew this but very few people were willing to admit it. That is, until Allan and Barbara Pease came along. Their

practical, easy-to-read and often controversial book will help you discover the truth about men and women – and teach you what to do about it. They explore why:

- Men really can't do more than one thing at a time
- Men should never lie to women
- Women talk so much and men so little
- Men love erotic images and women aren't impressed
- Women prefer simply to talk it through
- Men offer solutions but hate advice
- Women despair about men's silences
- Men

want sex and women need love

Why Men Don't Listen and Women Can't Read Maps is a sometimes shocking, always illuminating and frequently hilarious look at why the battle lines are drawn between the sexes. Read this book and you'll learn so many secrets about the opposite sex you might never have to say you're sorry again!

Bukan mudah, tapi ia tidak mustahil. Sesiapa sahaja mampu bebas

daripada hutang jika ada ilmu, kesedaran dan keazaman yang kuat. Kebanyakan mereka yang mengadu masalah kewangan, bukan disebabkan gaji yang diterimanya tak cukup, tetapi disebabkan masalah hutang yang dibuatnya sendiri. Bukan tak boleh berhutang, namun biarlah berhutang pada perkara yang benar-benar perlu, dan berhutanglah secara bijak (yang menjadikan kita lebih kaya). Beban kewangan terbesar bagi kebanyakan rakyat

Malaysia ialah ansuran pinjaman membeli kereta, pinjaman peribadi, kad kredit dan hutang membeli rumah kediaman 'impian' yang mana jika tiada pun kita masih boleh hidup. Ia tidak seperti kos keperluan asas untuk hidup seperti makanan, pakaian dan tempat tinggal. Jadi sesiapa yang dapat bebas daripada hutang-hutang ini, kita terlepas daripada bebanan kewangan terbesar. Seterusnya kita bolehlah fokus mengumpul harta dan mengembangkan

kekayaan.

Thrust of this book is to acquaint the reader with the obstacles overcome by a state whose past standing throughout the South and some of the northern sites had deteriorated from having over 40 SCV camps and 4 MOSB chapters to, by 1978, five camps and no active MOSB chapters. Under the leadership of Commander KH Bailey, his top adjutant Ray Hendrix and other carefully

chosen staff members and some new camp commanders, the number of SCV Camps increased by 1986 to over 500 members in eleven camps. The MOSB chapters increased from 0 to 3. This increase in strength would have meant little in itself but what did these hardworking Tarheels accomplish during these nine years, 1977-1986? They hosted the first National SCV-MOSB Convention in NC in 1979, fifty years since the previous one in Charlotte

in 1929! Long overdue was a monument to the Tarheels killed at the Battle of Bentonville in 1865. There were monuments to ALL Confederates killed and another one for the Texas killed. We "resurgents" built such a memorial. Read on for further outstanding contributions by these talented, hard charging Tarheels.

He is an instructor of business strategies. His books have been translated into many languages. *Islamic Law and Finance* St. Martin's Press In 1437, after years of regency, the pious and gentle Henry VI, the Lamb, comes of age and accedes to the English

throne. His poor health and frailty of mind render him a weakling king - Henry depends on his closest men, Spymaster Derry Brewer and William de la Pole, Duke of Suffolk, to run his kingdom. Yet there are those, such as the Plantagenet Richard, Duke of York, who believe England must be led by a strong king if she is to survive. With England's territories in France under threat, and rumours of revolt at home, fears grow that Henry and his advisers will see the

country slide into ruin. With a secret deal struck for Henry to marry a young French noblewoman, Margaret of Anjou, those fears become all too real. As storm clouds gather over England, King Henry and his supporters find themselves besieged abroad and at home. Who, or what can save the kingdom before it is too late?

BEAT THE CURVE

Routledge
Ever since the Alibaba Group went public on September 19, 2014—with an initial public offering of a record-breaking \$25 billion—Jack Ma, the founder and charismatic "spiritual leader" of the e-commerce behemoth, has been making headlines around the world. In 2014, the company's online transactions totaled \$248 billion—more than those of Amazon and eBay combined. The first

Chinese entrepreneur to appear on the cover of Forbes, Ma is the now the second-richest man in China, with a net worth that is estimated to be north of \$29 billion. Despite Ma's massive influence in China and in the global tech world, his inspirational rags-to-riches story is relatively unknown to the general American public. *Never Give Up: Jack Ma In His Own Words* is a comprehensive guide to the inner workings of arguably the most prominent figure in the

global tech world in the past 20 years—comprised entirely of Ma's own thought-provoking and candid quotes. When Ma decided to start his first Internet company in 1999, few Chinese people knew what the Internet was. Ma, a former English teacher, knew nothing about coding, and his \$20,000 in startup funds were not made up of investments from venture capitalists but loans from his family. He channeled his startup experience into Alibaba, a group of websites that allows

businesses and people to connect in order to buy and sell products (similar to eBay and Amazon) while also collecting advertising revenue (similar to Google). By some measures, Alibaba is now the largest e-commerce site in the world. In this book, more than 200 quotes on business values, innovation, entrepreneurship, competition, management, teamwork, life, and more provide an intimate and direct look into the mind of this

modern business icon and philanthropist. Many of these quotes are translated directly from the Chinese press and interviews. For readers who do not read Chinese and have no other access to these materials, this book provides invaluable insight into the mind of one of the world's most successful business magnates.

250 years ago, Ascalon
burned . . . Desperate to

defend his land from advancing hordes of bestial charr, King Adelbern summoned the all-powerful Foefire to repel the invaders. But magic can be a double-edged sword—the Foefire burned both charr and human alike. While the charr corpses smoldered, the slain Ascalonians arose again, transformed by their king’s rage into ghostly protectors and charged with guarding the realm . . . forever. The once mighty kingdom became a haunted shadow of its former

glory. Centuries later, the descendants of Ascalon, exiled to the nation of Kryta, are besieged on all sides. To save humankind, Queen Jennah seeks to negotiate a treaty with the hated charr. But one obstacle remains. The charr legions won’t sign the truce until their most prized possession, the Claw of the Khan-Ur, is returned from the ruins of fallen Ascalon. Now a mismatched band of adventurers, each plagued by ghosts of their own, sets forth into a haunted, war-torn land to

retrieve the Claw. Without the artifact, there is no hope for peace between human and charr—but the undead king who rules Ascalon won’t give it up easily, and not everyone wants peace!
