YOUR COMPLETE GUIDE TO ASO

Springer Nature

From New York Times bestselling author Kristan Higgins comes a funny and surprising new novel about second chances--and why the lies we tell ourselves are the most dangerous. Lillie Silva knew life as an empty nester would be hard after her only child left for college, but when her husband abruptly dumps her for another woman just as her son leaves, her world comes crashing down. Besides the fact that this announcement is a complete surprise (to say the least), what shocks Lillie most is that she isn't...heartbroken. She's furious. Lillie has loved her life on Cape Cod, but as a mother, wife and nurse-midwife, she's used to caring for other people...not taking care of herself. Now, alone for the first time in her life, she finds herself going a little rogue. Is it over the top to crash her ex-husband's wedding, dressed like the angel of death? Sure! Should she release a skunk into his perfect new home? Probably not! But it beats staying home and moping. She finds an unexpected ally in her glamorous sister, with whom she's had a tense relationship all these years. And an unexpected babysitter in of all people Ben Hollowell, the driver in a car accident that nearly killed Lillie 20 years ago. And then there's Ophelia, her ex-husband's oddly lost niece, who could really use a friend. It's the end of Lillie's life as she knew it. But sometimes the perfect next chapter surprises you...out of the clear blue sky.

Concrete strategies to call out wrongdoing at home, at work, at school, and elsewhere In Say More About That, veteran inclusion strategist, coach, writer, and speaker Amber Cabral delivers an incisive and practical guide to assertively addressing inequitable treatment you see at home, work, school, and other settings. The book offers a complete communications toolkit for equity advocacy you can deploy on your own behalf and on behalf of others. You'll get the tactics, context, and tools that make being brave and speaking up a lot easier. You'll also find: A thorough discussion of the fundamentals of inclusion and equity, including concepts of advocacy and allyship, privilege, and identity An examination of the social landscape that makes speaking up so daunting Explorations of the most effective language and tactics you can use when you make a stand for yourself or others The perfect resource for underrepresented professionals, allies, advocates, and people seeking to make a positive difference in the world, Say More About That is the assertiveness manual you need if you've been meaning to speak up but are worried about being drowned out.

Pack Up the Moon Litres

Copenhagen is a mysterious city where strange and sinister things often happen. Menacing and at times darkly humourous there are echos of Roald Dahl and Daphne du Maurier in these stories, many of which have been commissioned for Radio 4

Under the Tuscan Gun Routledge

"Tess Rafferty weaves a suspenseful, intriguing tale that's also a great escape -- wonderfully atmospheric, expertly paced and very, very funny. I'd follow her characters anywhere -- especially to Tuscany!" -- Alison Gaylin (Edgar Award-winning and USA Today bestselling author) "I never thought solving murders could make me want to book a Tuscan vacation but Tess' description of the people, places, wine and, in particular- the food- is enough for the Italian tourist board to add Under the Tuscan Gun to their recommended travel guides. The humor is weaved in effortlessly & I want to spend time breaking bread & gossiping with all the characters. This book was a fun ride and an even better promotion for your next European

vacation . . . without the murders." -- Retta, actress & author (Good Girls, Parks & Recreation) "I've always been a fan of Tess's ability to write strong, outspoken female characters whose pursuit of justice is always done with humor and compassion. Under the Tuscan Sun's "Kat" and "Sunny" continue in this spirit, showing us the strength of female friendship as they navigate the conflicts all women face while allowing us to virtually escape into some delicious Italian travel, too!" -- Yvette Nicole Brown, Actress/Host (Crossing Swords, The Big Fib, Community) There are worse things than to drown in Tuscany. You could be murdered there... Fleeing Los Angeles like fugitives (if fugitives used Amex miles to fly business class) TV writer Kat Kelly and her husband Mike are trying to escape both personal and professional conflicts when they accept their friend Sunny's invitation to stay in a posh Tuscan villa on the sea. Only the couple and their friend soon find themselves wrapped up in a murder, with a pool of colorful, International suspects reminiscent of Agatha Christie or Knives Out. Needing a distraction from her own troubles, Kat- along with Sunny- plays amateur detective, while doing a face plant in troughs of pasta and wine, and being dressed to kill while someone around them is actually killing.

SAS Survival Handbook Pearson Education

Эта книга – настоящая энциклопедия. В ней можно найти ответы почти на все вопросы, возникающие в процессе подготовки и осуществления любой поездки: от краткой поездки на выходные или в отпуск на курорт до многолетнего кругосветного путешествия.

Selected Papers from ICOTTS20, Volume 2 Routledge

Applying fundamentals of marketing to commercial passenger air transportation, this textbook puts the emphasis on marketing principles and illustrative ways in which airlines can distinguish themselves within the highly competitive global marketplace. Fundamentals of Airline Marketing begins with a survey of current airline business strategies and the macro forces that have shaped the airline industry in the past and will continue to do so in the future. The growing importance of technology is discussed both from the perspective of better understanding customer needs and engaging more effectively with them. The central role of the "customer" is explored through the lens of modern segmentation and branding approaches. Coverage then shifts to the tactical decision areas consisting of the 4Ps—product, place, promotion, and price—in which marketers shape and execute their strategies. The book concludes with a focus on executing marketing initiatives internally through customer-facing employee groups and externally through the measurement and management of the customer experience. Fundamentals of Airline Marketing: • is an accessible textbook on the fundamentals of marketing for commercial passenger air transportation; • chronicles the marketing innovations and controversies that have been central to the historic shift in airline fortunes; • demonstrates how airline decisions fit within the fundamentals of marketing and how the marketplace is continuing to evolve; • provides a bridge between key marketing principles and their specific application to the airline industry in each chapter. This textbook is written primarily for undergraduate college students enrolled in aviation business administration programs and related courses. It will also serve as an accessible primer on airline marketing for industry professionals not presently working in marketing and for frontline airline employees seeking to learn more about marketing.

Rosencrantz and Guildenstern Are Dead Harper Collins

The skills and tools for collecting, verifying and correlating information from different types of systems is an essential skill when tracking down hackers. This book explores Open Source Intelligence Gathering (OSINT) inside out from multiple perspectives, including those of hackers and seasoned intelligence experts. OSINT refers to the techniques and tools required to harvest publicly available data concerning a person or an organization. With several years of experience of tracking hackers with OSINT, the author whips up a classical plot-line involving a hunt for a threat actor. While taking the audience through the thrilling investigative drama, the author immerses the audience with in-depth knowledge of state-of-the-art OSINT tools and techniques. Technical users will want a basic understanding of the Linux command line in order to follow the examples. But a person with no Linux or programming experience can still gain a lot from this book through the commentaries. This book's unique digital investigation proposition is a combination of story-telling, tutorials, and case studies. The book explores digital investigation from multiple angles: Through the eyes of the author who has several years of experience in the subject. Through the mind of the hacker who collects massive amounts of data from multiple online sources to identify targets as well as ways to hit the targets. Through the eyes of industry leaders. This book is ideal for: Investigation professionals, forensic analysts, and CISO/CIO and other executives wanting to understand the mindset of a hacker and how seemingly harmless information can be used to target their organization. Security analysts, forensic investigators, and SOC teams looking for new approaches on digital investigations from the perspective of collecting and parsing publicly available information. CISOs and defense teams will find this book useful because it takes the perspective of infiltrating an organization from the mindset of a hacker. The commentary provided by outside experts will also provide them with ideas to further protect their organization's data.

Marketing for Tourism and Hospitality Muswell Press

Digital Marketing Fundamentals is the first comprehensive digital marketing textbook to cover the entire marketing process. The academic theory behind Digital Marketing, as well as techniques and media, is discussed. Digital Marketing Fundamentals is easy to read and contains many international examples and cases. The Dutch version of this book (Basisboek Online Marketing) has become a standard issue in The Netherlands. In this book, all relevant aspects of digital marketing are addressed: strategic aspects, the use of the Internet for market research, product development and realisation, branding, customer acquisition, customer loyalty and order processing. The book also discusses effective websites and apps, digital analytics and planning, and management. The application of social media and mobile communications is seamlessly integrated into the topics. Digital Marketing Fundamentals is suitable for commercial and management courses in higher education, including universities and business schools, and for professionals working in digital marketing. To request access to the book's online resources, please click here: <http://www.digitalmarketing.noordhoff.nl> For FAQs: <https://www.basisboek-onlinemarketing.nl/faq-lecturers.html>

Connecting the Dots Shambhala Publications

Guilty. One word on a beggar's cardboard sign. And now he is dead, stabbed in a wintry Copenhagen street, the second homeless victim in as many weeks. Dagbladet reporter Jensen, stumbling across the body on her way to work, calls her ex lover DI Henrik Jungersen. As, inevitably, old passions are rekindled, so are old regrets, and that is just the start of Jensen's troubles. The front page is an open goal, but nothing feels right.....When a third body turns up, it seems certain that a serial killer is on the loose. But why pick on the homeless? And is the link to an old murder case just a coincidence? With her teenage apprentice Gustav, Jensen soon finds herself putting everything on the line to discover exactly who is guilty.

Путешествия для всех John Wiley & Sons

Acclaimed as a modern dramatic masterpiece, Rosencrantz & Guildenstern are Dead is the fabulously inventive tale of Hamlet as told from the worm's-eye view of the bewildered Rosencrantz and Guildenstern, two minor characters in Shakespeare's play. In Tom Stoppard's best-known work, this Shakespearean Laurel and Hardy finally get a chance to take the lead role, but do so in a world where echoes of Waiting for Godot resound, where reality and illusion intermix, and where fate leads our two heroes to a tragic but inevitable end. Tom Stoppard was catapulted into the front ranks of modern playwrights overnight when Rosencrantz and Guildenstern Are Dead opened in London in 1967. Its subsequent run in New York brought it the same enthusiastic acclaim, and the play has since been performed numerous times in the major theatrical centers of the world. It has won top honors for play and playwright in a poll of London Theater critics, and in its printed form it was chosen one of the "Notable Books of 1967" by the American Library Association.

We design to elicit responses from people. We want them to buy something, read more, or take action of some kind. Designing without understanding what makes people act the way they do is like exploring a new city without a map: results will be haphazard, confusing, and inefficient. This book combines real science and research with practical examples to deliver a guide every designer needs. With it you'll be able to design more intuitive and engaging work for print, websites, applications, and products that matches the way people think, work, and play. Learn to increase the effectiveness, conversion rates, and usability of your own design projects by finding the answers to questions such as: What grabs and holds attention on a page or screen? What makes memories stick? What is more important, peripheral or central vision? How can you predict the types of errors that people will make? What is the limit to someone's social circle? How do you motivate people to continue on to (the next step)? What line length for text

is best? Are some fonts better than others? These are just a few of the questions that the book answers in its deep-dive exploration of what makes people tick.

They used to joke about it. Like many brilliant scientists, Josh sometimes had trouble remembering things that needed doing in the “real” world—like

buying groceries, eating regular meals, and talking to people. But he was happy to have his beloved wife, Lauren, remind him with her “honey do” lists. He just never realized how much he would need one when she was gone. Being a widower is not something Joshua Park ever expected. Given his solitary job, small circle of friends and family, and the social awkwardness he’s always suffered from, Josh has no idea how to negotiate this new, unwanted phase of life. But Lauren had a plan to keep him moving forward. A plan hidden in the letters she leaves him, giving him a task for every month in the year after her death. A plan that leads Joshua with a loving hand on a journey through grief, anger, and denial. It’s a journey that will take Joshua from his first outing as a widower to buy groceries...to an attempt at a dinner party where his lack of experience hosting creates a comic disaster...to finding a new best friend while weeping in the dressing room of a clothing store. As his grief makes room for new friendships and experiences, Joshua learns Lauren’s most valuable lesson: The path to happiness doesn’t follow a straight line. Funny, sometimes heart-wrenching, and always uplifting, this novel from New York Times bestselling author Kristan Higgins illuminates how life’s greatest joys are often hiding in plain sight.
