The first book to examine the response of the British Jewish community to the destruction of the European Jewish community during World War II. The author charts the response of Jews and their organisations to the unfolding tragedy of Europe's Jews raising controversial questions about the Anglo-Jewish community's priorities and organisation.

It feels like our world is moving in new, uncertain directions and in unknown waters where you need a good anchor. In Jesus Christ, who is our Rock, we have hope as an anchor for the soul. To not be set adrift, one needs to stay connected to that anchor. I have found it is only by regular time in God's Word that it happens. We believe the promise recorded in 1 Peter 1:24-25:

The grass withers, and its flower falls away, but the word of the LORD endures forever. Day by day, as we come to God's Enduring Word, He has wisdom, strength, and blessing to give us. We can weather storms and enjoy calm waters. We can grow in seasons of drought and bear a harvest for God's kingdom year-round. For 25 years I have prepared a weekly devotional. Here are 365 selected Scripture passages along with an inspirational, encouraging, and helpful thought. My prayer is that you would know and enjoy more and more of God's enduring word. My purpose in these Lectures is to give a short history, as clear as I can make it, of the Religion of the Old Testament. By this I mean that I have endeavored to group the religious material contained in that book in chronological order, and to trace the historical development, which then becomes visible, from its beginning to its end. This beginning has been but lightly touched upon, partly because of its extreme obscurity and partly because of my own insufficient equipment to deal adequately with so complex a problem; but more space has thus been won for the delineation of that phase of the Jewish religion in which it stood at the close of the Old Testament period, and on the lines of which it was destined to develop for many subsequent centuries. from the Preface

The design is not that readers should study this book, but study the Bible by its aid. To that end it was hoped to be found useful in the conduct of Bible classes in churches, Young Peoples So cieties and Young Men and Young Womens Christian Associa tions, where people are hungering for the Word of God. As a matter of fact, however, pastors have borne witness to its value in their pulpit preparation, and in awakening an interest in Bible study that has told in the increase of church attendance, and the revival of the work of God in other lines. In some instances congregations have supplied themselves with copies for general study. COMMENTS OF THE PRESS. Hosea by Ehud Ben Zvi is Volume XXIA/1of The Forms of the Old Testament Literature, a series that aims to present a form-critical analysis of every book and each unit in the Hebrew Bible.

Fundamentally exegetical, the FOTL volumes examine the "structure, genre, setting," and "intention" of the biblical literature in question. They also study the history behind the form-critical discussion of the material, attempt to bring consistency to the terminology for the genres and formulas of the biblical literature, and expose the exegetical process so as to enable students and pastors to engage in their own analysis and interpretation of the Old Testament texts. His second work for the FOTL series, Ehud Ben Zvi's "Hosea" features a comprehensive

introduction and careful commentary with special attention to themes of exile and restoration, as well as extended discussion of didactic prophetic readings. An excellent form-critical interpretation of the book of Hosea, this volume will be a valuable aid to scholars, students, and teachers.

"Dabney's Lectures in Systematic Theology is a fresh and masterful exposition of the Reformed faith. The reader will not find simply a restating of old truths, but the amplification of problems that are sometimes felt concerning these truths. This work is worthy of study by all who wish to understand the Gospel and its implications more fully."--Publisher's description.

This is volume 2 of this 4 part series and it should be known that the following work was undertaken and begun about the year 1733 or 1734, at which time Dr. Whitby's Discourse on the Five

Points was reprinting, judged to be a masterpiece on the subject, in the English tongue, and accounted an unanswerable one; and it was almost in the mouth of every one, as an objection to the Calvinists, Why do not ye answer Dr. Whitby ? Induced hereby, I determined to give it another reading, and found myself inclined to answer it, and thought this was a very proper and seasonable time to engage in such a work. In the year 1735, the First Part of this work was published, in which are considered the several passages of Scripture made use of by Dr. Whitby and others in favour of the Universal Scheme, and against the Calvinistical Scheme, in which their arguments and objections are answered, and the several passages set in a just and proper light. These, and what are contained in the following Part in favour of the Particular Scheme, are extracted from Sermons delivered in a Wednesday evening's lecture. The Second Part was published in the year 1736, in which the several passages of Scripture in favour of special and distinguishing grace, and the arguments from them, are vindicated from the exceptions of the Arminian, and particularly from Dr. Whitby, and a reply made to answers and objections to them. This is the only complete English translation of the classic Jewish text known as Ein Yaakov. Ein Yaakov is a collection of all the agaddah (the non-legal) material of the Talmud, compiled by Rabbi Yaakov ibn Chaviv, the fifteenth century talmudist. Scattered among the more than 2,700 pages of the Talmud, aggadah focuses on the ethical and inspirational aspects of the Torah way of life. Through a wealth of homilies, anecdotes, allegories, pithy sayings, and interpretations of biblical verses, it has been said that the aggadah brings you closer to God and his Torah.
