## **EL CANTAR DE ROLDAN**

Greenbooks editore

A contemporary prose rendering of the great medieval French epic, The Song of Roland is as canonical and significant as the Anglo-Saxon Beowulf. It extols the chivalric ideals in the France of Charlemagne through the exploits of

Charlemagne's nephew, the warrior Roland, who fights bravely to his death in a legendary battle. Against the bloody backdrop of the struggle between Christianity and Islam, The Song of Roland remains a vivid portrayal of medieval life, knightly adventure, and feudal politics. The first great literary works of a culture are its epic chronicles, those that create simple hero-figures about whom the imagination of a nation can crystallize, observed V. S. Pritchett. The Song of Roland is animated by the

crusading spirit and fortified by national and religious propaganda. This edition features W. S. Merwin's glowing, lyrical translation.

**The Song of Roland** Book Jungle  
Published to observe the twelfth centenary of the Battle of Roncevaux, the event that inspired the *Chanson de Roland*, this edition provides the first systematic analysis of the entire poem. Professor Brault's edition also incorporates the considerable scholarly work done in the half century since the

Bedier and Jenkins editions appeared. The underlying theme of this new edition is that the poem is a Christian hero. As imagined by the poet Turolodus--writing about 1100, at the time of the First Crusade--Roland, the nephew of Charlemagne, had no faults and accomplished mighty deeds in warring against the Saracens. The introduction compares the known historical facts about the Battle of Roncevaux with the Roland legend, with various versions of the poem, and with the Oxford text. Christian thought and sensibility are shown to permeate the *Chanson de Roland*, in its character portrayal and narrative development, as well as in its tone and diction--and to provide its thematic unity and metaphorical consistency. Influences of the oral

tradition of the chansons de geste are demonstrated, as are evidences of the accompanying gestures used by the jongleurs in interpreting these works. The Commentary organizes discussion of the 4002 verses into 49 units. The method of analysis is eclectic, combining thematic criticism with philology, exegetical interpretation with iconography. The 66 illustrations, primarily from Romanesque works of art, clarify key passages

*The Song of Roland* Penguin

El relato de las legendarias guerras de Carlomagno en España y de la impar lucha sostenida en Roncesvalles por Rolando y los suyos, de la destrucción de los infieles y del traidor Ganelon por obra del emperador, nos ha llegado en varias redacciones, de distinta fecha y época;

la más antigua e ilustre es la conservada en un célebre manuscrito de la Biblioteca de Oxford; a esta redacción nos referimos cuando hablamos sin más explicación de El Cantar de Rolando. Sin duda esta es la más perfecta epopeya del ciclo carolingio y el monumento más antiguo de la literatura francesa. Este documento constituye un maravilloso cuadro de la Alta Edad Media con sus virtudes de valentía, de honor, de lealtad y de religiosidad grave y profunda.

The Song of Roland El cantar de Roldan On 15 August 778, Charlemagne's army was returning from a successful expedition against Saracen Spain when its rearguard was ambushed in a remote Pyrenean pass. Out of this skirmish arose a stirring tale of war, which was recorded in the oldest extant epic poem

in French. The Song of Roland, written by an unknown poet, tells of Charlemagne's warrior nephew, Lord of the Breton Marches, who valiantly leads his men into battle against the Saracens, but dies in the massacre, defiant to the end. In majestic verses, the battle becomes a symbolic struggle between Christianity and paganism, while Roland's last stand is the ultimate expression of honour and feudal values of twelfth-century France. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and

notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

*The Song of Roland* Gredos Editorial S.A. La obra trata de estos hechos históricos, aunque transformados: los agresores vascones se transforman en sarracenos musulmanes, lo que permite hacer de la expedición una especie de cruzada, y los acontecimientos se desencadenan partiendo de la traición de Ganelón. Roldán es el sobrino del emperador Carlomagno y tiene un amigo inseparable, Oliveros (personaje no histórico). El asunto es el siguiente: tras siete años de Cruzada, el Emperador Carlomagno ha conquistado el norte de la península ibérica a los moros. Solo resiste Zaragoza, ciudad del rey Marsilio.

Los francos reciben unas sospechosas propuestas de paz. Roldán propone como embajador a su padastro Ganelón. Este cree que Roldán pretende enviarlo a la muerte y decide vengarse

### **EL CANTAR DE ROLDA** □

Modern Library

Incontournable et chevaleresque, retrouvez ce grand classique de la littérature médiévale ! C'est à Roncevaux dans les Pyrénées que Roland, neveu préféré du grand Charlemagne, se retrouve pris dans un piège tendu par l'un de ses oncles. Face à la l'armée Sarrasine, les Français, sous les ordres de Roland feront preuve d'un courage immense ! Texte original, intégral, augmenté de notes pour mieux savourer ce morceau de bravoure.

### **THE TRAITOROUS LOVE OF ROLAND AND OLIVER**

Penn State Press

Instead of memorizing vocabulary words, work your way through an actual well-written novel. Even novices can follow along as each individual English

paragraph is paired with the corresponding French paragraph. It won't be an easy project, but you'll learn a lot.

## THE SONG OF ROLAND

Createspace Independent Publishing Platform

The Song of Roland (French: La Chanson de Roland) is the oldest major work of French literature. It exists in various different manuscript versions, which testify to its enormous and enduring popularity in the 12th to 14th centuries. The oldest of these versions is the one in the Oxford manuscript, which contains a text of some 4004 lines (the number varies slightly in different modern editions) and is usually dated to the middle of the twelfth century (between

1140 and 1170). The epic poem is the first and most outstanding example of the chanson de geste, a literary form that flourished between the eleventh and fifteenth centuries and celebrated the legendary deeds of a hero.

## THE SONG OF ROLAND

NoBooks Editorial

The Song of Roland is an epic poem based on the Battle of Roncevaux in 778, during the reign of Charlemagne. It is the oldest surviving major work of French literature and exists in various manuscript versions, which testify to its enormous and enduring popularity in the 12th to 14th centuries.

## **CANTAR DE ROLDAN**

Wentworth Press

Excerpt from *The Song of Roland: Translated Into English Verse* An apology for a new translation of the *Song of Roland* is perhaps not unnecessary. Several excellent versions in prose and verse already exist. It was with no view to supplanting them that the present volume was undertaken. But the writer

feels certain that a work like the *Song of Roland* is susceptible of many interpretations. Hence he has not hesitated to attempt one of his own. It is proper to indicate certain interpolations and certain deviations from the Oxford text on which the present version is based. Laisses CXIIa, CXIIb, CXIVa, CXIVb, CXIVc, CXXVa, CXXVIIIa, CXXVIIIb, CXXVIIIc, CXXVIIIId, CXLIVa, CLIVa, are supplied from other sources than the basic text, with a view to filling up certain lacunae in the narrative. Other interpolations and deviations are indicated in the notes. It would be impossible to enumerate the various kindnesses shown me by others in carrying out this little adventure. I take great pleasure in acknowledging my indebtedness to Professor George Rapall

Noyes who suggested this undertaking, to Professor Walter Morris Hart who made many crooked paths straight, and to Professor Rudolph Schevill who encouraged me in difficulty. Finally there is owing to my father, my mother, and my wife a debt of gratitude not to be expressed easily or in a preface. *The Song of Roland* Pinnacle Press  
The Song of Roland, as Dorothy Sayers remarks in the introduction to this fine translation, is 'the earliest the most famous, and the greatest of those Old French epics which are called Songs of Deeds.' Writing around the end of the eleventh century, and recalling an actual disaster in 778, the anonymous poet describes in detail the betrayal and

slaughter by Saracens of the rearguard of Charlemagne's army under Roland at Rencevaux and Charlemagne's bitter revenge. Nowhere in literature is the medieval code of chivalry more perfectly expressed than in his masterly and exciting poem.
