THE EARTH IS WEEPING

Vintage

In *The spirits of America*, Burns relates that drinking was "the first national pastime," and shows how it shaped American politics and

culture from the earliest colonial days. He details the transformation of alcohol from virtue to vice and back again and how it was thought of as both scourge and medicine. He tells us how "the great American thirst" developed over the centuries, and how reform movements and laws sprang up to combat it. Burns brings back to life such vivid characters as Carrie Nation and other crusaders against drink. He informs us that, in the final analysis, Prohibition, the culmination of the reformers' quest, had as much to do with politics and economics and geography as it did with spirituous beverage.

American History: Survey, Volume I Simon and Schuster
The new AP* Edition of Alan Brinkley's American History © 2015 fully addresses the newly enhanced AP United States History Curriculum, providing students with guidance and support to master key concepts and themes, develop historical thinking skills, and succeed on the new AP U.S. History Exam. --

AMERICAN HISTORY: CONNECTING WITH THE PAST

McGraw-Hill Education

New edition provides a clear pathway through the content to maximize class time and minimize preparation time with lesson plans, activities and assessment based on the research of Jay McTighe, co-author of *Understanding by Design*.

The Unfinished Nation McGraw-Hill Education

Douglas Brinkley presents the definitive, revealing biography of an American legend: renowned news anchor Walter Cronkite. An acclaimed author and historian, Brinkley has drawn upon recently disclosed letters, diaries, and other artifacts at the recently opened Cronkite Archive to bring detail and depth to this deeply personal portrait. He also interviewed nearly two hundred of Cronkite's closest friends and colleagues, including Andy Rooney, Leslie Stahl, Barbara Walters, Dan Rather, Brian Williams, Les Moonves, Christiane Amanpour, Katie Couric, Bob Schieffer, Ted Turner, Jimmy Buffett, and Morley Safer, using their voices to instill dignity and humanity in this study of one of America's most beloved and trusted public figures.

Major Problems in American History, 1920-1945 Columbia University Press

From the duo behind the massively successful and award-winning podcast *Stuff You Should Know* comes an unexpected look at things you thought you knew. Josh Clark and Chuck Bryant started

the podcast *Stuff You Should Know* back in 2008 because they were curious—curious about the world around them, curious about what they might have missed in their formal educations, and curious to dig deeper on stuff they thought they understood. As it turns out, they aren't the only curious ones. They've since amassed a rabid fan base, making *Stuff You Should Know* one of the most popular podcasts in the world. Armed with their inquisitive natures and a passion for sharing, they uncover the weird, fascinating, delightful, or unexpected elements of a wide variety of topics. The pair have now taken their near-boundless "whys" and "hows" from your earbuds to the pages of a book for the first time—featuring a completely new array of subjects that they've long wondered about and wanted to explore. Each chapter is further embellished with snappy visual material to allow for rabbit-hole tangents and digressions—including charts, illustrations, sidebars, and footnotes. Follow along as the two dig into the underlying stories of everything from the origin of Murphy beds, to the history of facial hair, to the psychology of being lost. Have you ever wondered about the world around you, and wished to see the magic in everyday things? Come get curious with *Stuff You Should Know*. With Josh and Chuck as your guide, there's something interesting about everything (...except maybe jackhammers).

Cambodia's Curse Harvard University Press

Known for its clear narrative voice and impeccable scholarship, Alan Brinkley's best-selling program for the U.S. survey course invites students to think critically about the many forces that continually create the Unfinished Nation that is the United States. In a concise but wide-ranging narrative, Brinkley shows the diversity and complexity of the nation and our understanding of its history--one that continues to evolve both in the events of the present and in our reexamination of new evidence and perspectives on the past. This edition features a series of *Patterns of Popular Culture* essays, as well as expanded coverage of pre-Columbian America, new America in the World essays, and updated coverage of recent events and developments that demonstrates how a new generation continues to shape the American story.

The American Pageant HarperLuxe

Professor Douglas Brinkley arranged to teach a six-week experimental class aboard a fully equipped sleeper bus. The class

would visit thirty states and ten national parks. They would read twelve books by great American writers. They would see Bob Dylan in Seattle, gamble at a Vegas casino, dance to Bourbon Street jazz in New Orleans, pay homage to Elvis Presley's Graceland and William Faulkner's Rowan Oak, ride the whitewater rapids on the Rio Grande, and experience a California earthquake. Their journey took them to Thomas Jefferson's Monticello, Abraham Lincoln's Springfield, Harry Truman's Independence, and Theodore Roosevelt's North Dakota badlands. And it gave them the unforgettable experience of meeting some of their cultural heroes, including William S. Burroughs and Ken Kesey, who took the gang for a spin in his own psychedelic bus. Driven by Doug Brinkley's energetic prose, *The Majic Bus* is a spirited travelogue of a unique experience.

Unfit For Command Vintage

Few American historians of his generation have had as much influence in both the academic and popular realms as Alan Brinkley. His debut work, the National Book Award-winning *Voices of Protest*, launched a storied career that considered the full spectrum of American political life. His books give serious and original treatments of populist dissent, the role of mass media, the struggles of liberalism and conservatism, and the powers and limits of the presidency. A longtime professor at Harvard University and Columbia University, Brinkley has shaped the field of U.S. history for generations of students through his textbooks and his mentorship of some of today's foremost historians. *Alan Brinkley: A Life in History* brings together essays on his major works and ideas, as well as personal reminiscences from leading historians and thinkers beyond the academy whom Brinkley collaborated with, befriended, and influenced. Among the luminaries in this volume are the critic Frank Rich, the journalists Jonathan Alter and Nicholas Lemann, the biographer A. Scott Berg, and the historians Eric Foner and Lizabeth Cohen. Together, the seventeen essays that form this book chronicle the life and thought of a working historian, the development of historical scholarship in our time, and the role that history plays in our public life. At a moment when Americans are pondering the plight of their democracy, this volume offers a timely overview of a consummate student—and teacher—of the American political tradition.

Rightful Heritage McGraw-Hill Education

The inspiration for the 2016 Sundance Film Festival documentary, NUTS!. "An extraordinary saga of the most dangerous quack of all time...entrancing" -USA Today In 1917, John R.

Brinkley-America's most brazen con man-introduced an outlandish surgical method for restoring fading male virility. It was all nonsense, but thousands of eager customers quickly made "Dr." Brinkley one of America's richest men-and a national celebrity. The great quack buster Morris Fishbein vowed to put the country's "most daring and dangerous" charlatan out of business, yet each effort seemed only to spur Brinkley to new heights of ingenuity, and the worlds of advertising, broadcasting, and politics soon proved to be equally fertile grounds for his potent brand of flimflam. Culminating in a decisive courtroom confrontation, Charlatan is a marvelous portrait of a boundlessly audacious rogue on the loose in an America ripe for the bamboozling.

Your Life in Christ: Foundations in Catholic Morality introduces students to a traditional understanding of morality, encouraging them to undergo a deep and regular examination of conscience while making daily decisions to live a moral life.

The Boys of Pointe du Hoc Temple University Press
Bringing together Custer, Sherman, Grant, and other fascinating military and political figures, as well as great native leaders such as Crazy Horse, Sitting Bull, and Geronimo, this "sweeping work of narrative history" (San Francisco Chronicle) is the fullest account to date of how the West was won—and lost. After the Civil War the Indian Wars would last more than three decades, permanently altering the physical and political landscape of America. Peter Cozzens gives us both sides in comprehensive and singularly intimate detail. He illuminates the intertribal strife over whether to fight or make peace; explores the dreary, squalid lives of frontier soldiers and the imperatives of the Indian warrior culture; and describes the ethical quandaries faced by generals who often sympathized with their native enemies. In dramatically relating bloody and tragic events as varied as Wounded Knee, the Nez Perce War, the Sierra Madre campaign, and the Battle of the Little Bighorn, we encounter a pageant of fascinating characters, including Custer, Sherman, Grant, and a host of officers, soldiers, and Indian agents, as well as great native leaders such as Crazy Horse, Sitting Bull, Geronimo, and Red Cloud and the warriors

they led. The Earth Is Weeping is a sweeping, definitive history of the battles and negotiations that destroyed the Indian way of life even as they paved the way for the emergence of the United States we know today.

NAZIS OF COPLEY SQUARE

American History: Survey, Volume I American History Connecting with the Past Brinkley, American History: Connecting with the Past UPDATED AP Edition, 2017, 15e, Student Edition

In an effort to escape the hypocrisies of life at his boarding school, sixteen-year-old Holden Caulfield seeks refuge in New York City.

Liberalism and Its Discontents PublicAffairs

This collection of primary source documents and essays provides in-depth coverage of the cultural, social, political, economic, and intellectual events of the 1920-1945 era. In keeping with the proven strengths of the Major Problems series, the compelling documents are grouped with important secondary sources, accompanied by chapter introductions, selection headnotes, and suggested readings.

AP Us Hist 2016 Harper Collins

The study of two great demagogues in American history--Huey P. Long, a first-term United States Senator from the red-clay, piney-woods country of northern Louisiana; and Charles E. Coughlin, a Catholic priest from an industrial suburb near Detroit. Award-winning historian Alan Brinkely describes their modest origins and their parallel rise together in the early years of the Great Depression to become the two most successful leaders of national political dissidence of their era. *Winner of the American Book Award for History*

Voices of Protest Cengage Learning

A generation after the Khmer Rouge, Cambodia shows every sign of having overcome its history--the streets of Phnom Penh are paved; skyscrapers dot the skyline. But under this façade lies a

country still haunted by its years of terror. Joel Brinkley won a Pulitzer Prize for his reporting in Cambodia on the fall of the Khmer Rouge regime that killed one quarter of the nation's population during its years in power. In 1992, the world came together to help pull the small nation out of the mire. Cambodia

became a United Nations protectorate--the first and only time the UN tried something so ambitious. What did the new, democratically-elected government do with this unprecedented gift? In 2008 and 2009, Brinkley returned to Cambodia to find out. He discovered a population in the grip of a venal government. He

learned that one-third to one-half of Cambodians who lived through the Khmer Rouge era have P.T.S.D.--and its afflictions are being passed to the next generation. His extensive close-up reporting in Cambodia's Curse illuminates the country, its people, and the deep historical roots of its modern-day behavior.
