Excerpt: The Volkswagen Jetta is a small family car produced by German automaker Volkswagen Group for the Volkswagen Passenger Cars marque since 1979. Positioned to fill a saloon/sedan niche above the firm's Golf hatchback offering, it has been marketed over six generations variously as the Atlantic, Fox, Vento, Bora, City Jetta, Jetta City, GLI, Jetta, and Sagitar. The Jetta was

originally adapted by adding a conventional trunk to the Golf hatchback, and some distinctive styling (usually the front end, and sometimes slight interior changes). It has been offered in two- and four-door saloon (sedan), and five-door estate (station wagon) versions - all as five-seaters. As of 2005, over 6.6 million cars have been sold worldwide, over one-third in the United States alone. Since the original version in 1980, the car has grown in size and power with each successive generation. By mid-2011, almost 10 million Jettas have been produced and sold all over the world. The Jetta nameplate is a reference to the Atlantic 'jet stream',

reflecting the period in Volkswagen's history when it named its vehicles after prominent winds.

These also included the Volkswagen Passat (after the German word for trade wind), Volkswagen Bora (after bora), and Volkswagen Scirocco (after sirocco). Although the Golf had reached considerable success in the North American markets, Volkswagen...

Fahrwerke moderner Pkw stellen je nach Konfiguration eine Kombination mechanischer, hydraulischer, pneumatischer, elektrischer und elektronischer

Komponenten dar, wobei sich mit jeder Neuentwicklung der Anteil elektronischer Steuerungs- sowie Regelsysteme erweitert und der Funktionsumfang der fahrdynamischen Eigenschaften zunimmt. Mit Blick auf die Fahrdynamik werden in diesem Band die konventionellen Elemente und deren Zusammenwirken mit mechatronischen Systemen dargestellt. Dabei werden zunächst Grundlagen und Auslegung, danach in besonders praxisnaher Darstellung die Fahrdynamik dargelegt. Es folgen ausführliche Beschreibungen und Erläuterungen der modernen Fahrwerk-Komponenten. Eigene Kapitel widmen sich den Achsen und

Prozessen für die Achsenentwicklung. Die Überarbeitung enthält u.a. Aktualisierungen zum autonomen Fahren, zu Elektrofahrwerken aktuellsten Fahrerassistenzsystemen sowie die Zukunftstendenzen im Fahrwerk.

Швейцария: аромат дикой травы и многое другое *Lemon-Aid New Cars and Trucks 2013* Dundurn One of the critical questions that Kenyans have continuously asked is what went wrong in January and February 2008 with the peace they had hitherto enjoyed. There have not been readily available answers to this fundamental question. The collection of papers presented in this book attempt to provide, as a starting point, possible explanations

for the events of early 2008 including key background issues in Kenyan history since pre-independence times. Based on a series of public lectures titled (Re)membering Kenya organized by the volume editors together with Twaweza Communications and sponsored by the Goethe-Institut Kenya, the Institute for International Education and The Ford Foundation the lecture series became a way of trying to get scholars to engage meaningfully with the Kenyan public on critical matters pertaining to their nationhood even if this entailed first calling to question the lie about the very ideas and practices upon which that nationhood is

assumed to stand. A key lesson drawn from the unfolding discussions at the Goethe-Institut Kenya was that the 2007 elections debacle was merely the cusp of momentous crises to do with among other issues, governance, law and order, Parliaments abdication of its role in ensuring accountability from the Executive, dilemmas of identity and socio-economic marginality. The book is the first of three volumes under the (Re)membering Kenya series whose overall objective is to cast some new light on the various trajectories that informed the happenings of January 2008. The present volume brings together some of the best interpretative writing and suggestions on

pertinent questions, past and present, ranging from the architecture of Kenyas ethnicity, Kenyanness, generational competition, socialization and violence, iconic representations of identity to the ongoing debate on the efficacy of the Truth, Justice and Reconciliation Commission (TJRC). It is hoped that the issues debated during the public lectures and documented herein will spur further discussions in other spaces within civil society organizations, among activists and in newspapers where the public might continue to expand their thinking on the complex task of (Re)membering Kenya. 1000 культовых автомобилей Elsevier
