Surviving a Spiritual Mismatch in Marriage Harper Collins

NEW YORK TIMES BESTSELLER • The classic work that predicted the anxieties of a world upended by rapidly emerging technologies—and now provides a road map to solving many of our most pressing crises. “Explosive . . . brilliantly formulated.” —The Wall Street Journal *Future Shock* is the classic that changed our view of tomorrow. Its startling insights into accelerating change led a president to ask his advisers for a special report, inspired composers to write symphonies and rock music, gave a powerful new concept to social science, and added a phrase to our language. Published in over fifty countries, *Future Shock* is the most important study of change and adaptation in our time. In many ways, *Future Shock* is about the present. It is about what is happening today to people and groups who are overwhelmed by change. Change affects our products, communities, organizations—even our patterns of friendship and love. But *Future Shock* also illuminates the world of tomorrow by exploding countless clichés about today. It vividly describes the emerging global civilization: the rise of new businesses, subcultures, lifestyles, and human relationships—all of them temporary. *Future Shock* will intrigue, provoke, frighten, encourage, and, above all, change everyone who reads it.

Ficton drama about the meeting between Nadia Boulanger and Astor Piazzola that changed both the history of tango and the life of the musician. The famous author of "Adios Nonin0", "Libertango" and "Oblivion" abandoned the tango and the bandoneón to learn and compose classical music. The meeting with the famous french music teacher Nadia Boulanger helped Piazzola to retrieve his musical roots and to revolutionize the argentine tango with new techniques. Without Boulanger, Piazzolla would have never existed as such.

Little Women Farrar, Straus and Giroux

The story of Oliver Twist - orphaned, and set upon by evil and adversity from his first breath - shocked readers when it was published. After running away from the workhouse and pompous beadle Mr Bumble, Oliver finds himself lured into a den of thieves peopled by vivid and memorable characters - the Artful Dodger, vicious burglar Bill Sikes, his dog Bull's Eye, and prostitute Nancy, all watched over by cunning master-thief Fagin. Combining elements of Gothic Romance, the Newgate Novel and popular melodrama, Dickens created an entirely new kind of fiction, scathing in its indictment of a cruel society, and pervaded by an unforgettable sense of threat and mystery.

The battle of the sexes is on. Most high school sports teams have rivalries with other schools. At Hamilton High, it's a civil war: the football team

versus the soccer team. And for her part,Lissa is sick of it. Her quarterback boyfriend, Randy, is always ditching her to go pick a fight with the soccer team or to prank their locker room. And on three separate occasions Randy's car has been egged while he and Lissa were inside, making out. She is done competing with a bunch of sweaty boys for her own boyfriend's attention. Lissa decides to end the rivalry once and for all: She and the other players' girlfriends go on a hookup strike. The boys won't get any action from them until the football and soccer teams make peace. What they don't count on is a new sort of rivalry: an impossible girls-against-boys showdown that hinges on who will cave to their libidos first. “The Grand Inquisitor” is one of the 'books' from “The Brothers Karamazov”, Fyodor Dostoevsky's 800-page magnum opus. His largest work, it concerns the stories of the novice Alyosha Karamazov, the non-believer Ivan Karamazov, and the soldier Dmitri Karamazov. "The Grand Inquisitor" is the most famous chapter of this masterpiece, presented as a parable told by Ivan to Alyosha about Christ's Second Coming in Seville and subsequent imprisonment by an old Grand Inquisitor. Fyodor Mikhailovich Dostoevsky (1821 – 1881) was a Russian novelist, essayist, short story writer, journalist, and philosopher. His literature examines human psychology during the turbulent social, spiritual and political atmosphere of 19th-century Russia, and he is considered one of the greatest psychologists in world literature. A prolific writer, Dostoevsky produced 11 novels, three novellas, 17 short stories and numerous other works. This volume will appeal to lovers of the short story form, and it is not to be missed by fans and collectors of Dostoyevsky's marvellous work. After the World War II, the Committee of Denazification of the Allies tried to determine the degree of responsibility of every German in the Nazi crimes as part of the campaign of democratization carried out in post-war Germany. This dramatic fiction recreates the trial of Leni Riefenstahl, a very famous filmmaker responsible for many documentaries praising the Nazi regime. Several scenes from her documentaries are used as evidence against her, claiming they were instrumental as propaganda tools for the regime.Leni defends her independence and autonomy as an artist. In the

course of the trial several issues are addressed, such as the relationship between art and politics, how to be an artist independent from political power and the possibility of creating an art for the sake of art itself. The Manufacturer of Vermeers. The incredible story of Hans Van Meegeren, the forger of Vermeers. Hans van Meegeren, was a Dutch painter who during the Second World War produced better Vermeers than the original ones. He was able to fool the entire artistic community and Herman Goering himself. Finally, he had to confess his forgeries to save himself from the death penalty. This dramatic fiction is based on the incredible story of Hans van Meegeren in the 1930s and during the Second World War, when he succeeded in forging and selling 6 Vermeers and 2 Franz Hals for a sum, updated to date, estimated at 100 million dollars. One of the Vermeers was purchased by Herman Goering, second in the hierarchy of the Third Reich. When the Second World War ended, van Meegeren faced the accusation of traitor to his homeland and had to confess his forgeries to save his life. These confessions were an earthquake in the pictorial community in Holland and the entire world, given that his forgeries had been accepted unanimously, and one of them, the "Christ at Emmaus" was considered the best Vermeer of all. This fiction, based on real facts, leads us to reflect on the concept of authenticity in art and the validity of the traditional concepts of truth and beauty: Does a painting stop being beautiful when it is proven that it is a forgery?

Haunted all her life by feelings of terror and emptiness, forty-nine-year-old Urania Cabral returns to her native Dominican Republic - and finds herself reliving the events of 1961, when the capital was still called Trujillo City and one old man terrorized a nation of three million. Rafael Trujillo, the depraved ailing dictator whom Dominicans call the Goat, controls his inner circle with a combination of violence and blackmail. In Trujillo's gaudy palace, treachery and cowardice have become a way of life. But Trujillo's grasp is slipping. There is a conspiracy against him, and a Machiavellian revolution already underway that will have bloody consequences of its own. In this 'masterpiece of Latin American and world literature, and one of the finest political novels ever written' (Bookforum), Mario Vargas Llosa recounts the end of a regime and the birth of a terrible democracy, giving voice to the historical Trujillo and the victims, both innocent and complicit, drawn into his deadly orbit.

H. G. Wells wasn't the only nineteenth-century writer to dream of a time machine. The Spanish playwright Enrique Gaspar published *El anacronópete*—"He who flies against time"—eight years before Wells's influential work appeared. The novel begins at the 1878 Paris Exposition, where Dr. Don Sindulfo unveils his new invention—which looks like a giant sailing vessel. Soon the doctor embarks on a voyage back in time, accompanied by a motley crew of French prostitutes and Spanish soldiers. The purpose of his expedition is to track down the imprisoned wife of a third-century Chinese emperor, believed to possess the secret to immortality. A classic tale of obsession, high adventure, and star-crossed love, *The Time Ship* includes intricately drawn illustrations from the original 1887 edition, and a critical introduction that argues persuasively for *The Time Ship*'s historical importance to science fiction and world literature.

It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leonidas Trujillo's dictatorship. It doesn't have to. Everybody knows of Las Mariposas—"The Butterflies." In this extraordinary novel, the voices of all four sisters—Minerva, Patria, María Teresa, and the survivor, Dedé—speak across the decades to tell their own stories, from hair ribbons and secret crushes to gunrunning and prison torture, and to describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's imagination, the martyred Butterflies live again in this novel of courage and love, and the human cost of political oppression.

An eye-opening biography of one of the most influential psychiatrists of the modern age, drawing from his lectures, conversations, and own writings. In the spring of 1957, when he was eighty-one years old, Carl Gustav Jung undertook the telling of his life story. Memories, Dreams, Reflections is that book, composed of conversations with his colleague and friend Aniela Jaffé, as well as chapters written in his own hand, and other materials. Jung continued to work on the final stages of the manuscript until shortly before his death on June 6, 1961, making this a uniquely comprehensive reflection on a remarkable life. Fully corrected, this edition also includes Jung's VII Sermones ad Mortuos.

The Merry Adventures of Robin Hood of Great Renown in Nottinghamshire is an 1883 novel by the American illustrator and writer Howard Pyle.

Consisting of a series of episodes in the story of the English outlaw Robin Hood and his band of Merry Men, the novel compiles traditional material into a coherent narrative in a colorful, invented "old English" idiom that preserves some flavor of the ballads, and adapts it for children. The novel is notable for taking the subject of Robin Hood, which had been increasingly popular through the 19th century, in a new direction that influenced later writers, artists, and filmmakers through the next century.

In this remarkably nuanced novel, both a gripping detective story and a passionate, devastating tale of eros and insanity in Colombia, internationally acclaimed author Laura Restrepo delves into the minds of four characters. There's Agustina, a beautiful woman from an upper-class family who is caught in the throes of madness; her husband Aguilar, a man passionately in love with his wife and determined to rescue her from insanity; Agustina's former lover Midas, a drug-trafficker and money-launderer; and Nicolás, Agustina's grandfather. Through the blend of these distinct voices, Restrepo creates a searing portrait of a society battered by war and corruption, as well as an intimate look at the daily lives of people struggling to stay sane in an unstable reality.
