If you ever use words  
and find yourself  
wondering where they  
came from, who wrote  
them first, and why  
they became  
necessary, then you  
will savour 500 Years  
of New Words, a new  
volume that takes you  
on an exciting journey  
through the English  
language from the  
days before

Shakespeare to the first decade of the twenty-first century. The entries are arranged not alphabetically but in chronological order based on the earliest known year that each word was printed or written down.

*Guia general de la legislación marítima*  
Flacco-Sede Ecuador  
We live in a world of Light and Dark, Day and Night, Good and Evil. How do we deal with evil? Despite its power and resources, the state with all its laws and police is neither omnipotent nor omnipresent. It is not always enough. There is a place called Pera which lies beyond the Light Veil, on the other side of reality. There are light trees there that eat sunlight and bear fruit that, in turn,

lights up and energises (literally) the community of Pera. There are light birds that glitter in the night because they have eaten the seed of the lightberry. The House of Light and Dark, which is the domain of the Sun and her brother, Twilight, welcomes all creatures living in Pera. But in the midst of all the glitter, laughter and the songs, it must be remembered that the lightberry is poisonous to the non-Pera born, and the Land is afraid when the Sun retreats, for it is then that Twilight walks the streets... In Pera, as in our world, there is deceit and cruelty. There are people who would harm defenceless children, and those who would jeopardise the health

and wealth of their communities for personal gain. What happens, though, when the Sun is not able to shine her light into the repulsive crevices of humanity? When, with all the goodwill in the world, we cannot keep the children safe, or the forests intact. What happens when the rivers are polluted irreversibly, and we can hear the land groan: barren and toxic? And the people have lost their savings, their homes and their communities... Then, the Dark shall do what Light cannot. With some of the characters that we originally met in LiGa™, Sanem Ozdural's first novel, the Dark shall do what Light cannot transports us from New York to the colourful and wonderful world of

Pera. On the way we meet the pirate Patron and her ship the Flying Fish, the only one that can sail through the Light Veil; Orion (Imm.), the Hunter, respected by some and feared by others; and Shadow, the formidable soul of Pera.

*A Long Walk Through a

 Spain, summer 1937.

The civil war between  
 Spanish nationalists  
 and republicans rages.  
 On the bloody sierras  
 of Aragon, among  
 Generalissimo Franco's  
 volunteers is Martin  
 Bora, the twenty-  
 something German  
 officer and detective  
 whose future  
 adventures will be told  
 in *Lumen*, *Liar Moon*,  
*The Road to Ithaca* and  
 others in the Bora  
 series. Presently a  
 lieutenant in the  
 Spanish Foreign  
 Legion, Bora lives the  
 tragedy around him as  
 an intoxicating epic,  
 between idealism and  
 youthful recklessness.  
 The first doubts,  
 however, rise in Bora's  
 mind when he happens  
 on the body of Federico  
 Garcia Lorca, a brilliant  
 poet, progressive and  
 homosexual. Who  
 murdered him? Why?  
 The official version

does not convince Bora, who begins a perilous investigation. His inquiry paradoxically proceeds alongside that which is being carried out by an “enemy”: Philip Walton, an American member of the International Brigades. Soon enough the German and the New Englander will join forces, and their cooperation will not only culminate in a thrilling chase after a murderer, but also in a very human, existential face-to-face between two adversaries forever changed by their crime-solving encounter...

Routledge  
Pulitzer Prize-winning author James A. Michener brings

Hawaii’s epic history vividly to life in a classic saga that has captivated readers since its initial publication in 1959. As the volcanic Hawaiian Islands sprout from the ocean floor, the land remains untouched for centuries—until, little more than a thousand years ago, Polynesian seafarers make the perilous journey across the Pacific, flourishing in this tropical paradise according to their ancient traditions. Then, in the early nineteenth century, American missionaries arrive, bringing with them a new creed and a new way of life. Based on exhaustive research and told in Michener’s immersive prose, Hawaii is the story of disparate peoples struggling to keep their identity, live

in harmony, and, ultimately, join together. BONUS: This edition includes an excerpt from James A. Michener's Centennial. Praise for Hawaii "Wonderful . . . [a] mammoth epic of the islands."—The Baltimore Sun "One novel you must not miss! A tremendous work from every point of view—thrilling, exciting, lusty, vivid, stupendous."—Chicago Tribune "From Michener's devotion to the islands, he has written a monumental chronicle of Hawaii, an extraordinary and fascinating novel."—Saturday Review "Memorable . . . a superb biography of a people."—Houston Chronicle Beeton's Famous voyages, brigand adventures, tales of

the battlefield, life and nature, ed. by S.O. Beeton Universidad Iberoamericana Catálogo completo, ilustrado y comentado, de la obra pictórica de Leonardo da Vinci. *Los pequeños incendios* Dundurn In the summer of 1981 Will Traverse set out to walk across the city of Brisbane; a journey that took him from an Aboriginal bora ground in the Samford valley west of the city, through the city centre, and on to a midden on Stradbroke Island. At that time Brisbane, a small city under the yoke of an ultra-conservative state government, was transitioning from what many called that great big country town into what would become the two-hundred-kilometre city. Wills

journey, through time and space, maps a unique portrait of a city and its people during this time of change. Along the way he met many characters, including the last Samford dairy farmer and his dog, a woman who told him things shed held secret for too long, and an American soldier whod been stationed in Brisbane during the Pacific Campaign. There were many strange encounters, including a drunken game of racing peanuts, a conversation with six cane toads, and monsters in the night. As he walked Will sometimes recalled events from his own past. Sometimes these memories were pleasant, some bitter-sweet, but there was

one, concerning a visit to a place of evil, that haunted him.

An Elementary Introduction to the Taita Language, Eastern Equatorial Africa Routledge

Desde las épocas más remotas las civilizaciones han enfrentado numerosas epidemias, que se han desatado una tras otra, o simultáneamente, acompañando hambrunas y guerras,

o viajando por los océanos para luego convertirse en armas de conquista. A pesar de la relevancia de estos eventos, hasta hace muy poco sobrevivía la convicción de que las epidemias remitían a un mundo arcaico, cuyos patrones de atraso científico y tecnológico representaban los mayores factores de riesgo de propagación para enfermedades ya extintas. Este libro quiere conocer cómo los pueblos y comunidades indígenas de la Amazonía peruana han hecho frente a la pandemia de la COVID-19 y, asimismo, reconocer las formas en que se enfrentaron a las diversas epidemias en el pasado. Este proceso nos invita, en

medio de la urgencia, a ampliar nuestra comprensión sobre las enfermedades y epidemias como síntomas de una realidad más compleja que no está aislada de los procesos económicos, tecnológicos, religiosos y de violencia que han afectado desde hace siglos a la Amazonía y a sus habitantes.

Un libro políticamente incorrecto que espero que nunca lean mis hijos. Sinopsis Tras releer mi diario, 20 años después, hay dos preguntas que me hago al momento: ¿Cómo es que aún sigo vivo? ¿Cómo es que nunca me arrestaron? El libro acompaña mi vida cotidiana durante mi etapa de estudiante universitario, donde

además de beber cerveza y fumar hachís con regularidad, también peleé, robé, tuve relaciones sexuales con desconocidas, llevé droga desde Holanda, dañé espacios públicos, me enamoré y lloré. Un libro políticamente incorrecto que espero que nunca lean mis hijos. Un libro crudo que enseña el alma humana como en realidad es ♦ Al escribir este libro me sumí en un océano de emociones. Eché de menos las locuras de mi juventud y las personas que conocí y que perdí el contacto. Sin embargo, hubo momentos en los que me perturbé, me pregunté el porqué de ciertas acciones. Cabe decir que esto no es una novela, sino una

purga interna.
