HOW TO QUICKLY BUILD A SUCCESSFUL NETWORK MARKETING BUSINESS BY RECRUITING SMARTER, NOT WORKING HARDER

AMACOM

". . .an invaluable tool for sponsors to provide their downline" -- Donald Gravalec "Helps prioritize activities that create income. A must read for any new distributor." --R.

Pike The best way to train a new distributor is to get them on the phone or out in the field talking to people. They need to recruit and make some money. But first, they need to know the basics. "Network Marketing Made Simple" teaches new distributors the basics of network marketing. It shows them how to get their business started, how to recruit and make money, and how to get to the next level. It doesn't replace your company or team training, it supports it. By reading this book first, new distributors will better understand the company or team training, and be more likely to follow the system they are taught. PART 1 teaches new distributors the basics of network marketing. It shows them what they need to know and what they need to do to get their business started right. PART 2 shows them how to recruit their first distributor. It shows them how to identify and approach prospects, how to show them information about your products or services and your business opportunity, and how to determine if their prospects are ready to take the next step. PART 3 is about getting to the

next level. It teaches distributors how to find more prospects and better prospects. They'll learn how to use events for recruiting and training, and how to become a leader and help their organization grow. Your new distributors (or YOU if you are a new distributor) will learn: -- Why you should LAUNCH your new business, not just start it. . . and how to do it right -- 3 steps to recruiting your first distributor (and your second, third, fourth. . .) -- The best ways to approach prospects and get them to look at your business and products -- How to recruit more distributors in less time -- How to do an effective game plan with new distributors -- 3 types of "exposures" (and 3 ways to do them) -- The no-pressure way to close prospects and get them signed up -- Basic leadership skills for building your team -- And much more You can use this book to train new distributors, as a teaching guide on team calls, or as a self-study guide. If you have a new distributor, or you are a new distributor, this is the book for you. -- David M. Ward is an attorney, marketing consultant, and six-figure income earner in network

HOW I RECRUITED HUNDREDS OF PROFESSIONALS IN MY NETWORK MARKETING BUSINESS AND HOW YOU CAN, TOO "Recruiting up" means recruiting professionals, business owners, sales people, real estate agents, insurance brokers, financial

planners, and other people with the talent and resources to build a successful network marketing business.

Author David M. Ward is an attorney who recruited hundreds of professionals in his network marketing business and built a six-figure passive income in just a few years. "When you recruit a lot of people who can recruit a lot of people," he says, "your business can grow very quickly." In "Recruiting Up," you'll learn how he did it, and how you can, too. In Part One, you'll learn how to identify, approach, and recruit professional prospects. You'll learn what to say, what to do, and what to avoid. In Part Two, you'll learn the best ways to find all of the professional prospects you will ever need. You'll learn: ** Which professionals make the best prospects, and how to choose your "specialty" ** How to recruit doctors, lawyers, and other "hard to reach" professionals ** The psychology of recruiting professionals (what to say, what to show them, what to avoid) ** Why it's EASIER to recruit professionals than "regular" prospects ** The best way to answer the question, "What do you

do?" ** The RIGHT (and wrong) way for network marketers to use social media for recruiting ** Why "attraction marketing" is a dangerous trap for many distributors ** The most common objection you'll hear from professionals, and how to overcome it ** Simple lead generation strategies that anyone can use, starting immediately ** Stealth recruiting techniques-how to "fly under the radar" to find prospects nobody else is talking to ** And much more "Recruiting Up" comes with a step-by-step game plan for signing up at least one professional on your team within the next seven days. Ward was a successful attorney who started a network marketing business to escape his busy schedule and build retirement income. In his first six months in the business, he recruited 50 distributors, all professionals. Eventually, he recruited hundreds of professionals and found the time freedom and retirement income he never had in more than twenty years of practicing law. Now, he wants to show you how you can do it. "I want you to know that you do not need to be a professional to

recruit professionals. You don't have to be a great recruiter or have any special talent," he says. "You can do this even if you're brand new. If you know the basics of recruiting, this book shows you everything else you need to know." In his first book, "Recruit and Grow Rich," Ward describes the system he used to recruit a large number of distributors in a short period of time. "Recruit and Grow Rich" is about recruiting quantity. "Recruiting Up" is about recruiting quality. "Quantity will always be important," Ward says, "but WHO you recruit is more important than how many." He admits that building a successful business takes a lot of work and there are no shortcuts. "But. . . if you're going to recruit anyone," he says, "recruiting professionals is the closest thing to a shortcut I've ever seen." Once you've recruited a few professionals and seen what they can do, you may never want to recruit anyone else.

it's taking you nowhere? Maybe instead of raking in the profit you thought you'd be, you instead find yourself feeling overwhelmed and stressed out. Or perhaps you're actually pretty good at attracting potential clients, but somehow no one ever seems to finalize their purchase. These are very common issues to be facing, so don't worry about feeling like you're doing something wrong. The truth is, even if you have a stellar marketing plan in place and are consistent with your promotion strategy... it still might not be enough. People don't want to feel like they're being sold, and they're more aware of this than ever before. In today's world -- with mega marketing around every corner -- it can be hard to attract the right client, even if your product is truly top-notch. On top of that, people get very easily distracted, and lose interest at an alarming rate. But this doesn't have to be a constant uphill battle for you. The same tech that's oversaturated the marketing industry and left your clients with the attention span of goldfish is something you can use to your advantage. Social media

is one of the greatest assets in network marketing to have ever hit the scene -- and once you know how to use it properly, both profit and fun are going to skyrocket! In Social Media for Network Marketing Professionals, you'll discover: Why you have to fully establish what your dream life looks like in order to achieve it -- and how you can use this vision to manifest your success A step-by-step guide to setting goals that you'll actually achieve A deeper look at why most people fail... and how you can let go of the excuses that are holding you back What an attractive social media profile actually looks like -- and how you can begin building yours today How to optimize your business' social media presence to guarantee that you never run out of prospects again How to keep your team motivated and growing... so that their efforts can become your passive income An example script for effective communication with clients, helping you to make sure you never say the wrong thing again ... and much more! [Fire Up Your Team, Increase Recruiting and Sales, and Get Your Business Growing Again- Even If Nobody Is Doing Anything](#) John Wiley & Sons

Are you frustrated with the growth of your network marketing business? Do you have trouble motivating your team? Is your genealogy a bunch of zeros? I know how you feel. There was a time when I was in the same boat. I had been in the business for about six months and had recruited a lot of distributors. In fact, I was one of the top recruiters in our company. But although I was earning thousands of dollars a month from the

business, I had a problem. The problem was that I was the only one on the team who was doing anything. Almost all of my income was coming from my own efforts, not from overrides. So my business wasn't growing. And I didn't know why. I'd done everything my upline taught me. I was signing up people every week. But if nobody does anything, you don't have a business, you have a job and that's not why I started a network marketing business. What did I do? I spoke to a leader in our company named Ron. I told him my story and asked for his advice. Ron explained to me "The facts of life" about network marketing. Things I'd never been told before. Although our meeting lasted only a few minutes, when it was done, I was excited because I knew exactly what I needed to do to turn things around. I had a plan and followed it. Within a few weeks, things started happening. My team put some sales on the books. They started recruiting, too. My business continued to grow and within a few years, I was earning a six-figure income and MOST of it was from overrides, In this book, I'm going to

tell you what Ron told me. I'll also share insights and lessons I've learned from building my business and working with my organization. Here are some of the things you'll learn: - Three things I wish I knew when before I started my business - Strategies for re-activating distributors who have slowed down or quit - Why you only need a FEW leaders to build a HUGE business (and where to find them) - The truth about training, game plans, and working with distributors - What to do when your team won't return your calls - Techniques for getting your team to increase recruiting and production - Multi-level marketing math (and how to use it to keep distributors from quitting) - How to motivate unmotivated distributors-the secret used by top income earners - No team? No problem. Here's what to do to get some - How to get new distributors started right-without being a babysitter - How to find "hidden gems" in your genealogy - The one thing you should NEVER do with your team (Don't make the mistake I made) - How to dramatically increase your odds of success If your business

isn't going the way you want it to, if nobody is doing anything on your team, don't give up. You can fix your business. This book shows you how.
