SIMMONS MAXIMILLIAN

First Book for the Guitar Mel Bay Publications

A comprehensive volume of musical selections from the masters of the Baroque period. Pieces selected for this book required little alteration from their original manuscripts and preserve their composers' original intent. Left-hand fingerings have been included extensively, right-hand fingerings are left up to the performer. Requirements for altered tunings and suggestions for capo use are indicated at the beginning of each piece where applicable. Contains suggested barres, natural harmonics and ornamentations. Written in standard notation. An excellent collection for the library of any classic guitarist.

The Fiddler's Fakebook Knopf Books for Young Readers (Easy Guitar). Easy arrangements with tab of favorites by Albeniz, Granados, Sor, Tarrega, and others. Includes: Cielito Lindo * Lagrima * Leyenda * Malaguena * La Paloma * Salamanca * and more. Also includes a demonstration CD.

HAL LEONARD CLASSICAL GUITAR METHOD (TAB EDITION)

Hal Leonard Corporation

The premise of Kitharologus is that Guitar technique is made up of a limited number of procedures with an unlimited number of applications. Therefore, a sound technical methodology is not one that tries to cover all possible forms of a given procedure, but rather one that identifies and trains the essential mechanism which makes the procedure, in all its forms, possible. Covering all grades from novice to expert, this book is certain to be enthusiastically embraced by any classical guitarist wishing to maximize his technique.

This authoritative reference work investigates the roots of the Sacred Harp, the central collection of the deeply influential and long-lived southern tradition of shape-note singing. Where other studies of the Sacred Harp have focused on the sociology of present-day singers and their activities, David Warren Steel and Richard H. Hulan concentrate on the regional culture that produced the Sacred Harp in the nineteenth century and delve deeply into history of its authors and composers. They trace the sources of every tune and text in the Sacred Harp, from the work of B. F. White, E. J. King, and their west Georgia contemporaries who helped compile the original collection in 1844 to the contributions by various composers to the 1936 to 1991 editions. The Makers of the Sacred Harp also includes analyses of the textual influences on the music--including metrical psalmody,

English evangelical poets, American frontier preachers, camp meeting hymnody, and revival choruses--and essays placing the Sacred Harp as a product of the antebellum period with roots in religious revivalism. Drawing on census reports, local histories, family Bibles and other records, rich oral interviews with descendants, and Sacred Harp Publishing Company records, this volume reveals new details and insights about the history of this enduring American musical tradition.

Gay pornography, online and onscreen, is a controversial and significantly under-researched area of cultural production. In the first book of its kind, *Gay Pornography: Representations of Sexuality and Masculinity* explores the iconography, themes and ideals that the genre presents. Indeed, John Mercer argues that gay pornography cannot be regarded as one-dimensional, but that it offers its audience a vision of plural masculinities that are more nuanced and ambiguous than they might seem. Mercer examines how the internet has generated an exponential growth in the sheer volume and variety of this material, and facilitated far greater access to it. He uses both professional and amateur

examples to explore how gay pornography has become part of a wider cultural context in which modern masculinities have become 'saturated' by their constantly evolving status and function in popular culture.

Aaron Shearer's *Classic Guitar Technique* has long been the core method used by generations of classic guitarists. Alfred Music is proud to present the third edition, and first major revision, of Volume 1 of this benchmark work. Completely re-edited and updated in collaboration with Thomas Kikta (one of Aaron's former students and the head of Duquesne University's Classic Guitar Department), the third edition maintains the character and appeal of the original book while providing new critical insights into core techniques that had not been addressed in previous editions. Also, for the first time, companion online audio recordings are included with the book, providing demonstrations,

play-along tracks, and duet opportunities to ensure students correctly emulate the tone and feel of the music.

Aaron Shearer's Classic Guitar Technique is used by serious guitarists all over the world and has long been one of the definitive classic guitar methods. The Shearer Method: Classic Guitar Foundations, Shearer's final work, is the first in a series that encapsulates his lifetime experience as America's premier classic guitar pedagogue. This new work is a step-by-step

curriculum based on Aaron's innovative and common sense approach that incorporates all the advantages of modern technology. The method includes 63 DVD videos for up-close aural and visual learning, 74 new solo and duet compositions and arrangements (made exclusively for this method by Dr. Alan Hirsh), as well as works by Sor, Carcassi, Giuliani, and more. Plus, recorded tracks masterfully illustrate nuance, tone, and musicality. The book even includes Alfred Music's exclusive TNT 2 software that allows you to slow down and loop tracks for careful practice. In addition, a complete online supplement is available for teachers and students that want a deeper understanding of Shearer's work. The book does not replace Shearer's original classic. It augments and expands on it in ways not imaginable in the early '60s when the original was published. It's a must-have to complete the library of any classic or fingerstyle guitarist! The Shearer Method Classic Guitar Foundations is not just a book but a media experience.

Memoirs of a Superfluous Man, by American libertarian, editor, educationalist theorist, and social critic Albert Jay Nock, was originally published in 1943. The work is was determined by Nock to be his autobiography and was last written work, but it turned out to be more than solely an autobiography, mixing it with a complete theory of society, culture, and economy, whilst also combining it with travel writing, life lessons, and observations.

Classic Guitar Technique -- Supplement 3: Scale Pattern Studies for Guitar Createspace Independent Publishing Platform

From the author's preface: "This book was conceived four years ago, almost to the day, at a time when I was teaching fiddle and mandolin in New York City. It was my idea then, with my students in mind, to compile a book of the most often played, most important and most interesting fiddle tunes from the various Celtic and North American traditions. The tunes were chosen by cataloging a large number of recordings by tune title. A tally was taken to find out which had been recorded most often. This established a foundation of material that could not be left out. To this list I added the names of other pieces which had not been recorded as frequently, but which I knew were played regularly

and with respect. I admit to sprinkling the collection with a few lesser known tunes which happen to be personal favorites, but I am sure they will hold their own when placed next to the old war horses of the fiddler's repertoire. . . . Although I started out with my students in mind this book has turned out to be the book that I've always wanted and I hope that it will serve the advanced player as well as the beginner."

This method is time tested, innovative, and has proven successful in imparting essential concepts of musicianship and classic guitar performance to children. It's realistic approach to early childhood education utilizes important concepts inspired by the writings of both Suzuki and Kodaly. This method stimulates musical imagination and ability through guitar techniques, eurhythmics, and listening and theory games. Students also learn by participating in movement, singing, and guitar performance.
