### MELANY GRIMES

Passengers flying to Singapore can use IATA Travel Pass from May Acoustic Metamaterials Tunable Gradient IndexTAG Optics is a specialty lens manufacturing company which develops and produces custom built tunable acoustic gradient index lenses. These state-of-the-art lenses are based on proprietary technology, ...Tag Optics IncThe recent advent of acoustic metamaterials offers unprecedented opportunities for sound controlling in various occasions, whereas it remains a challenge to attain broadband high sound absorption ...Bilayer ventilated labyrinthine metasurfaces with high sound absorption and tunable bandwidthThe technique may have applications in optical communications systems as tunable optical switches ... 4 laser at the droplet centre and used the gradient force of the beam's light field to tune ...Faster all-optical switching, dynamic droplets, a refractometer on a chip, and moreHere, we demonstrate dynamical tuning of the exciton properties by photoinduced coherent acoustic phonons in the cheap and abundant wide-gap semiconductor anatase titanium dioxide (TiO 2) in single ...Exciton control in a room temperature bulk semiconductor with coherent strain pulsesThese stents exhibit tunable elastomeric properties with suitable biodegradability. In vivo study in healthy rabbits confirmed biocompatibility and showed that the stents stayed in place for 7 weeks ...Publications & AwardsThe stock of Palatin Technologies (AMEX:PTN, 30-year Financials) shows every sign of being significantly overvalued, according to GuruFocus Value calculation. GuruFocus Value is GuruFocus' estimate of ...Palatin Technologies Stock Appears To Be Significantly OvervaluedThe stock of CoStar Group (NAS:CSGP, 30-year Financials) appears to be modestly overvalued, according to GuruFocus Value calculation. GuruFocus Value is GuruFocus' estimate of the fair value at which ...CoStar Group Stock Appears To Be Modestly OvervaluedAs metamaterials can have a negative magnetic permeability, these materials allow antennas to have properties such as electrically small size, high directivity, tunable operational efficiency ...COVID-19 cases rise; What is the

impact on the markets? | Ajay Srivastava to ET NOW |Beat The StreetThe Ethiopian Foreign Ministry said Eritrean forces have started withdrawing from the Tigray region in northern Ethiopia - following mounting reports blaming the Eritreans for human rights abuses ...Ethiopia says Eritrean troops have started withdrawingApr. 4—This year's Trib 10 boys basketball all-star team could look a lot like next year's team. Of the 10 players selected, six are juniors or sophomores. That list includes Laurel Highlands ...2021 Trib 10 Boys Basketball All-Stars(Bloomberg) — Singapore will allow passengers traveling to the island state to share pre-departure Covid-19 test results with airlines and immigration staff upon arrival using IATA's Travel Pass from ...Passengers flying to Singapore can use IATA Travel Pass from MayIn the first public appearance for an official from the fund since FTSE Russell confirmed last week it would add Chinese debt to its benchmark global bond index from October, Yamaguchi said there was ...New GPIF Board Head Says Fund Isn't Distorting Japan StocksApr. 4—Pueblo Police are investigating a homicide of a 44-year-old Pueblo man which occurred during the early morning hours Sunday near the intersection of McCulley Avenue and Cedar Street.Pueblo Police investigating homicide from early hours of Easter SundayWASHINGTON (AP) — Republicans in Congress are making the politically brazen bet that it's more advantageous to oppose President Joe Biden's ambitious rebuild America agenda than to lend support for ...Biden's big infrastructure plan hits McConnell, GOP blockadeSEOUL (Reuters) - Giant South Korea steelmaker POSCO has begun reviewing how it might end a joint venture with a firm controlled by the military in Myanmar in the wake of the coup there in February, ...Exclusive: South Korea steel giant POSCO weighs how to exit Myanmar military-backed venture - sourcesHis research interests include metamaterials, plasmonics, solar cells, quantum computing, communications and cryptography, photonic crystals and fibers, acoustic bandgap materials, and ...Durdu GuneyNifty Metal index closed down 2.51% at 3802.7 today. The index has added 10.00% over last one month. Among the constituents, NMDC Ltd fell 4.85%, Tata Steel Ltd shed 4.14% and Steel Authority of ...Quick Wrap: Nifty Metal Index registers a drop of 2.51%According to the latest S&P CoreLogic Case-Shiller National Home Price Index, home prices rose at the fastest pace in 15 years. The index rose 11.2% in January, the highest annual gain since February ...The US faces a

'real crisis' in affordable homes: economistThe Nasdaq Composite closed at 13,138.72 for a gain of 161.05 points or 1.24%. The VIX Volatility Index was lower at 18.86 for a loss of 0.95 points or -4.80%. For the year, the S&P 500 is up 5.8%, ... Apr. 4—Pueblo Police are investigating a homicide of a 44-year-old Pueblo man which occurred during the early morning hours Sunday near the intersection of McCulley Avenue and Cedar Street. *The US faces a 'real crisis' in affordable homes: economist* (Bloomberg) — Singapore will allow passengers traveling to the island state to share pre-departure Covid-19 test results with airlines and immigration staff upon arrival using IATA's Travel Pass from ...

### New GPIF Board Head Says Fund Isn't Distorting Japan Stocks

WASHINGTON (AP) — Republicans in Congress are making the politically brazen bet that it's more advantageous to oppose President Joe Biden's ambitious rebuild America agenda than to lend support for ...

### Exciton control in a room temperature bulk semiconductor with coherent strain pulses

Apr. 4—This year's Trib 10 boys basketball all-star team could look a lot like next year's team. Of the 10 players selected, six are juniors or sophomores. That list includes Laurel Highlands ... Bilayer ventilated labyrinthine metasurfaces with high sound absorption and tunable bandwidth Here, we demonstrate dynamical tuning of the exciton properties by photoinduced coherent acoustic phonons in the cheap and abundant wide-gap semiconductor anatase titanium dioxide (TiO 2) in single ...
