'Two young women plunging into post-war Bosnia like two Alices into Wonderland . . . smart, energetic, passionate, announcing a major talent.' – Aleksandar Hemon Sara hasn't seen or heard from her childhood best-friend, Lejla, in years. She's comfortable with her life in Dublin, with her partner, their avocado plant, and their naturist neighbour. But when Lejla calls and demands she come home to Bosnia, Sara finds that she can't say no. What begins as a road trip becomes a journey through the past, as the two women set off to find Armin, Lejla's brother who disappeared towards the end of the Bosnian War. Presumed dead by everyone else, only Lejla and Sara believed Armin was still alive. Confronted with the limits of memory, Sara is forced to reconsider the things she thought she understood as a girl: the best friend she loved, the first experiences they shared, but also the social and religious lines that separated them, that brought them such different lives. Translated into English by Lana Bastašić, *Catch the Rabbit* tells the story of how we place the ones we love on pedestals, and then wait for them to fall off, how loss marks us indelibly, and how the traumas of war echo down the years.

### **ЈУЖНОСЛОВЕНСКИ МИЛОЛО**

Learn why myths give us meaning. When we think of something that's not true, we tend to say, "That's just a myth!" But at the same time, we treasure collections of ancient Greek or Egyptian mythology. That's because myths tell us stories that inform our interpretation of the world. Written by controversial psychologist and right-wing celebrity Jordan Peterson, *Maps of Meaning* (1999) posits that myths bring meaning to our lives and that we need them, whether we believe in them or not.
