Variable Vane Turbocharger Rebuild and  
Repair Guide

The water resources of the Mekong river  
catchment area, from China, through  
Thailand, Cambodia and Laos to  
Vietnam, are increasingly contested.

Governments, companies and banks are  
driving new investment in roads, dams,  
diversions, irrigation schemes,  
navigation facilities, power plants and  
other emblems of conventional  
"development." Their plans and  
interventions pose multiple burdens and  
risks to the livelihoods of millions of  
people dependent on wetlands,  
floodplains, fisheries and aquatic  
resources.

"The night wears on, the air is chilled.

Alone I walk this road, as higher yet I go  
on the well-worn path. The soft moon  
rises, the stars give light, shining on the  
midnight sky on Winter Mountain." Vivid  
lyrics, rich winter imagery, and heartfelt  
emotion compliment the message of

discovering peace, beauty, and  
contentment in our ever-changing world  
with subtle nuance. An unforgettable  
musical experience!
