**The Book of Pockets** Saint James Press

This captivating book reproduces arguably

the most extraordinary primary source

documents in fashion history. Providing a

revealing window onto the Renaissance,

they chronicle how style-conscious

accountant Matthäus Schwarz and his son

Veit Konrad experienced life through clothes, and climbed the social ladder through fastidious management of self-image. These bourgeois dandies' agenda resonates as powerfully today as it did in the sixteenth century: one has to dress to impress, and dress to impress they did. The Schwarzes recorded their sartorial triumphs as well as failures in life in a series of portraits by illuminists over 60 years, which have been comprehensively reproduced in full color for the first time. These exquisite illustrations are accompanied by the Schwarzes' fashion-focussed yet at times deeply personal captions, which render the pair the world's first fashion bloggers and pioneers of everyday portraiture. The First Book of Fashion demonstrates how dress - seemingly both ephemeral and trivial - is a potent tool in the right hands. Beyond this, it colorfully recaptures the experience of Renaissance life and reveals the importance of clothing to the aesthetics and every day culture of the period. Historians Ulinka Rublack's and Maria Hayward's insightful commentaries create an unparalleled portrait of sixteenth-century dress that is both strikingly

modern and thorough in its description of a true Renaissance fashionista's wardrobe. This first English translation also includes a bespoke pattern by TONY award-winning costume designer and dress historian Jenny Tiramani, from which readers can recreate one of Schwarz's most elaborate and politically significant outfits.

### **NEW YORK MAGAZINE**

Harry N Abrams Incorporated  
Based on Mr Hudson's identity, the book is featuring destinations for gays, but not necessarily gay destinations. It is about travelling in style for everyone who is looking for something different and special - no matter if men or women, travelling solo or as a couple. Mr Hudson Explores shows that every part of a trip is an incredible experience. The core content of the book will consist of 20 cities in the Northern Hemisphere and showcases the very best the destination has to offer. Each guide will give a general introduction to the city and, if applicable, its relevance for the gay community. It showcases various locations on culture and art, the most inspiring museum to visit, traditional and upcoming food places, best shopping

experiences, music and nightlife: Where to go out, which bars do have the best drinks, and clubs you can have the most fun at the city's best parties and concerts. Depending on the location, day trips and activities can be included. Luxury accommodations and places to stay complete the range. The book will not just give descriptions of the places but also background information, telling the story of the owner, history or anecdotes.
