This book seeks to demonstrate that those references to Christ are found in all of the Scriptures. On the glorious resurrection morning Mary went to seek for Jesus. She sought Him in the tomb, but He stood beside her. She thought He was the gardener, but the one word "Mary " revealed to her her Saviour. As we read some passage in the Old Testament how often our eyes are holden, and we see only the earthly form: we see Aaron the priest, or David the shepherd, or Solomon the king; but if, like Mary, we are really seeking the Lord Jesus, He manifests Himself to us through the outward type, and we turn in glad surprise, and, looking up, say, " Rabboni " (lit. my great One). As we continue to seek, we find Him in the least expected places of the Old Testament, until the whole grows luminous with the glory of God in the face of Jesus Christ. "In the volume of the book it is written of Me." All the lines of history and type, of Psalm and prophecy, converge towards one centre Jesus Christ, and to one supreme event. His death on the Cross for our salvation. And from that centre again all the lines of history in the book of Acts, of experience in the Epistles, and of prophecy in Revelation radiate out once more to testify that the Father sent the Son to be the Saviour of the world. After His resurrection our Lord not only "opened the Scriptures" to His disciples, but also "opened their under- standing that they might understand the Scriptures." He is ready to do the same for us. The same Holy Spirit who moved holy men of old to write the Scriptures, is close at hand to make the words life to our souls, by taking of the things of Christ and revealing them unto us. Of the books of the New Testament only a brief summary is here given, partly because they are so much more studied, partly because to treat of them at any adequate length would swell this book beyond the limits of a single volume, and still more because the chief aim of the present Studies is to show that Christ is the Key to the Old Testament Scriptures.

ABOUT THE BOOK Godly Wisdom for a Pastor's Wife is a perennial best seller and healing balm for all the women that are married to pastors and ministers of God. The "Shadow Tree Series" comprises a unique collection of Western Esoteric studies and practices which Jacobus Swart, has actuated and taught over a period of forty years. Having commenced his Kabbalah studies in Safed in the early 1970's, he later broadened his "kabbalistic horizons" under the careful guidance of the famed English Kabbalist William G. Gray. "The Book of Sacred Names" is a practical guide into the meditational and magical applications of ancient Hebrew Divine Names. Perpetuating the tenets of traditional Kabbalists who recognised the fundamental bond between "Kabbalah" and "Magic," Jacobus Swart offers step by step instructions on the deliberate and

conscious control of personal life circumstances, by means of the most cardinal components of Kabbalistic doctrines and techniques-Divine Names! The material addressed in this tome derives from the extensive primary literature of "Practical Kabbalah," much of which is appearing in print for the first time in English translation.

101 Weapons of Spiritual Warfare Never in the history of the world has there been an era of war, both physical and spiritual, like this era. This is a tougher era of warfare. More people are under bondage now, more than in any other period of human history. There are cases of deep bondage, uncommon attacks against the family and horrendous occurrences in the lives of individuals. The devil has wreaked a lot of havoc upon humanity. The bible has described in vivid terms that God is aware of the high spate of demonic hostilities. Hence the Holy Spirit has released the prophetic revelations in this book in order to place us in good stead for a unique role in this end times. This manual is the first of its kind. This is the apex of deliverance. We are the threshold of a revival of spiritual warfare. The sweeping and the far reaching effect shall be best described as awesome!

There have been numerous publications in the last decades on the Bible in literature, film, and art. But until now, no reference work has yet appeared on the Bible as it appears in Western music. In *The Bible in Music: A Dictionary of Songs, Works, and More*, scholars Siobhán Dowling Long and John F. A. Sawyer correct this gap in Biblical reference literature, providing for the first time a convenient

guide to musical interpretations of the Bible. Alongside examples of classical music from the Middle Ages through modern times, Dowling Long and Sawyer also bring attention to the Bible's impact on popular culture with numerous entries on hymns, spirituals, musicals, film music, and contemporary popular music. Each entry contains essential information about the original context of the work (date, composer, etc.) and, where relevant, its afterlife in literature, film, politics, and liturgy. It includes an index of biblical references and an index of biblical names, as well as a detailed timeline that brings to the fore key events, works, and publications, placing them in their historical context. There is also a bibliography, a glossary of technical terms, and an index of artists, authors, and composers. The Bible in Music will fascinate anyone familiar with the Bible, but it is also designed to encourage choirs, musicians, musicologists, lecturers, teachers, and students of music and religious education to discover and perform some less well-known pieces, as well as helping them to listen to familiar music with a fresh awareness of what it is about.

Shortly after accepting the flat earth as a model for the world, I decided to revisit the Book of the Courses of the Heavenly Luminaries to see if my new understanding would somehow mirror what Enoch was sharing as the motion of the sun and moon. As I began to read chapters 71-82, I found to my utter amazement that I was able to grasp those passages. I knew then that the vision that the angel Uriel had shown to Enoch could only be deciphered if one were to imagine Enoch's description of the revolution of the sun and the moon. As seen from above the flat circular plane of the earth as described by Isaiah; and that Enoch must have been taken up to perhaps where Polaris is, centered directly above the North Pole, and while looking down at the backdrop of the earth, was instructed on the motions of both the sun and moon. Without such conception, it is in my opinion impossible to apply these descriptions to the model of the earth as a spherical planet.
