When a family camping trip takes a dark turn, how far will one mother go to keep her family safe? Struggling with working-mother guilt, Marlene Greene hopes a camping trip in the forest will provide quality time with her three young children—until they see fires in the distance, columns of smoke distorting the sweeping view. Overnight, all communication with the outside world is lost. Knowing something terrible has happened, Marlene suspects that the isolation of the remote campsite is all that's protecting her family. But the arrival of a lost boy reveals they are not alone in the woods, and as the unfolding disaster ravages the land, more youngsters seek refuge under her wing. The lives of her own children aren't the only ones at stake. When their sanctuary is threatened, Marlene faces the mother of all dilemmas: Should she save her own kids or try to save them all?

In a companion to Where the Heart Is, the lens turns to younger sister Ivy as she fields the joys and pitfalls of new friendship, hones her passion for baking, and resists the idea of change. Ivy loves living in Applewood Heights. The family's apartment is tiny, and her older sister, Rachel, won't stop grumbling about sharing a room after their old house was lost to foreclosure. But for the first time, Ivy has friends. Lucas and Alice live close by, and every week all three watch their favorite cooking show and practice baking together (even if Ivy has to find

creative substitutes for the pricey ingredients). But Ivy is a worrier, and this summer there's plenty to be anxious about. Her parents can't wait to move to a bigger, nicer place, which is the last thing Ivy wants. Then Alice receives devastating news, and Ivy somehow manages to say just the wrong thing. Will Alice ever stop being mad at her? Ivy finds much-needed reassurance, and a boost of confidence, when she starts working with the building superintendent, who teaches her how to fix things. Ivy has a natural talent, but she comes to realize that some things—like hurt feelings—are harder to fix than others. Luckily, Ivy is pretty good at making up her own recipes as she goes along. In an honest, hopeful companion to *Where the Heart Is*, Jo Knowles puts quirky, tenacious Ivy in the spotlight—as she tries to figure out exactly where she's meant to be.

Jumping Off Swings Hal Leonard Corporation

If home is where the heart is, what would happen if you lost it? Compassion and humor infuse the story of a family caught in financial crisis and a girl struggling to form her own identity. It's the first day of summer and Rachel's thirteenth birthday. She can't wait to head to the lake with her best friend, Micah. But as summer unfolds, every day seems to get more complicated. Her "fun" new job taking care of the neighbors' farm animals quickly becomes a challenge, whether she's being pecked by chickens or having to dodge a charging pig at feeding time. At home, her parents are more worried about money than usual, and their arguments over bills intensify. Fortunately, Rachel can count on Micah to help her cope with all the stress. But Micah seems to want their relationship

to go beyond friendship, and though Rachel almost wishes for that, too, she can't force herself to feel "that way" about him. In fact, she isn't sure she can feel that way about any boy — or what that means. With all the heart of her award-winning novel *See You At Harry's*, Jo Knowles brings us the story of a girl who must discover where her heart is and what that means for her future.

In a return to middle-grade fiction, master of perspectives Jo Knowles depicts a younger sibling struggling to maintain his everyday life when his older sister is in crisis. Noah is just trying to make it through seventh grade. The girls are confusing, the homework is boring, and even his friends are starting to bug him. Not to mention that his older sister, Emma, has been acting pretty strange, even though Noah thought she'd been doing better ever since the *Thing They Don't Talk About*. The only place he really feels at peace is in art class, with a block of clay in his hands. As it becomes clear through Emma's ever-stricter food rules and regulations that she's not really doing better at all, the normal seventh-grade year Noah was hoping for begins to seem pretty unattainable. In an affecting and realistic novel with bright spots of humor, Jo Knowles captures the complexities of navigating middle school while feeling helpless in the face of a family crisis.

A NEW YORK TIMES NOTABLE BOOK OF 2018 Shakespeare’s dark and tragic play retold in a heart-pounding New York Times bestselling thriller from the author of *The Snowman* and *The Thirst*. Set in the 1970s in a run-down, rainy industrial town, Jo Nesbo's *Macbeth* centers around a police force struggling to shed an incessant drug problem. Duncan, chief of police, is idealistic and visionary, a dream to the townspeople but a nightmare for criminals. The drug trade is ruled by two drug lords, one of whom—a master of manipulation named Hecate—has connections with the highest in power, and plans to use them to get his way. Hecate’s plot hinges on steadily, insidiously manipulating Inspector Macbeth: the head of SWAT and a man already susceptible to violent and paranoid tendencies. What follows is an unputdownable story of love and guilt, political ambition, and greed for more, exploring the darkest corners of human nature, and the aspirations of the criminal mind.
