Encore aujourd'hui, il m'arrive d'entendre, le soir, une voix qui

m'appelle par mon prénom, dans la rue. Une voix rauque. Elle traîne un peu sur les syllabes et je la reconnais tout de suite : la voix de Louki. Je me retourne, mais il n'y a personne. Pas seulement le soir, mais au creux de ces après-midi d'été où vous ne savez plus très bien en quelle année vous êtes. Tout va recommencer comme avant. Les mêmes jours, les mêmes nuits, les mêmes lieux, les mêmes rencontres. L'Eternel Retour.

Over a period of forty years, Rousseau combined his devotion to writing with his enthusiasm for chess, and these two passions necessarily intertwined.

Rousseau was able to transfer his power of concentration and the strict dialectics of his literary writings to his chess strategy. If Rousseau's analytical skills influenced his attitude toward the game, then the game of chess inspired his logic and

affected his discourse. Interpreted as a form of rationality, as a conceptual paradigm, the rules and strategies of chess accurately describe Rousseau's ideas for social management, political power, and organization. Reading Jean-Jacques Rousseau through the Prism of Chess shows that Rousseau's political theory, though allegedly inspired by Nature, found a perfect model in a game created by mankind; chess thus became a reference for his

philosophical discourse and practice as well as a method to systematize Nature and organize society.

All over the world, in the most varied contexts, contemporary theatre is a rich source for increasing the visibility of communities generally perceived by others as minorities, or those who see themselves as such. Whether of a linguistic, ethnic, political, social,

cultural or sexual nature, the claims of minorities enjoy a privileged medium in theatre. Perhaps it is because theatre itself is linked to the notions of centre and periphery, conformism and marginality, domination and subjugation - notions that minority theatre constantly examines by staging them - that it is so sensitive to the issues of troubled and conflicted identity and able to give them a universal resonance. Among the questions raised by this

volume, is that of the relationship between the particular and the more general aims of this type of theatre. How is it possible to speak to everyone, or at least to the majority, when one is representing the voice of the few? Beyond such considerations, urgent critical examination of the function and aims of minority theatre is needed. To what kind of public is such drama addressed? Does it have an exemplary nature? How is it possible to avoid the pitfalls and the dead

end of ghettoization? Certain types of audience-specific theatre are examined in this context, as, for example, theatre as therapy, theatre as an educational tool, and gay theatre. Particular attention is paid to the claims of minorities within culturally and economically dominant western countries. These are some of the avenues explored by this volume which aims to answer fundamental questions such as: What is minority theatre and why does theatre, a supposedly

bourgeois, if not to say elitist, art form, have such affinity with the margins? What if, particularly in contemporary society, the theatre as a form, were merely playing out its fundamentally marginal status? The authors of these essays show how different forms of minority theatre can challenge cultural consensus and homogenization, while also aspiring to universality. They also address the central question of the place and status of apparently marginal forms of theatre

in the context of globalization and in doing so re-examine theatre itself as a genre. Not only do they illustrate how minority theatre can challenge the dominant paradigms that govern society, but they also suggest their own more flexible and challenging frameworks for theatrical activity.

Paris dans les années 1960. Quatre habitués du Condé, café de l'Odéon, choisis parmi les artistes et étudiants bohèmes qui constituent sa clientèle, révèlent en quatre narrations l'enfance de Louki, alias Jacqueline Delanque, alias Mme Choureau, ses fugues, ses amours, son mal de vivre. *Cigarette Labeling and Advertising* Dans le café de la jeunesse perdue This collection of essays offers a comparative perspective on different forms of representation of social hybridity in

contemporary novels through various cultural and linguistic lenses. It explores the various subcategories of their interdependent relationships, including power and domination between hegemony and marginality. The book revolves around five axes: namely, writing strategies and reterritorialization; marginality and intermediary spaces; revisited urban spaces; when periphery becomes center; and the modality of confrontation and construction of identity. It

focuses on the identification and classification of spaces in order to understand their function in relation to the thematic strategy of the novel. Its main objective is identifying the textual representation of the challenge of center and periphery, as well as these concepts' role and significance in diegesis. Thus, new light is shed on the subject and on the contemporary novel as a whole.
