A philosophical critique of how society encourages us to avoid risk when we should instead accept it. When Anne Dufourmantelle drowned in a heroic attempt to save two children caught in rough seas, obituaries around the world rarely failed to recall that she authored *In Praise of Risk*, implying that her death confirmed the ancient adage that to philosophize is to learn how to die. Now available in English, this magnificent book indeed offers a trenchant critique of the psychic work that the modern world devotes to avoiding risk. Yet this is not a book on how to die but on how to live. For Dufourmantelle, risk entails an encounter not with an external threat to life but with something hidden in life that conditions our approach to such ordinary risks as disobedience, passion, addiction, leaving family, and solitude. Keeping jargon to a minimum, Dufourmantelle weaves philosophical reflections together with clinical case histories. The everyday fears, traumas, and resistances that therapy addresses brush up against such broader concerns as terrorism, insurance, addiction, artistic creation, and political revolution. Taking up a project that joins the work of many French thinkers, such as Jacques Lacan, Jacques Derrida, Jean-Luc Nancy, Hélène Cixous, Giorgio Agamben, and Catherine Malabou, Dufourmantelle works to dislodge Western philosophy, psychoanalysis, ethics, and politics from the redemptive logic of sacrifice. She discovers the kernel of a future beyond annihilation where one might least expect to find it, hidden in the unconscious. In an era defined by enhanced security measures, border walls, trigger warnings, and endless litigation, Dufourmantelle's masterwork provides a much-needed celebration of the risks that define what it means to live. Praise for *In Praise of Risk* "Dufourmantelle's beautiful book places us on the side of life and love, showing us the power of psychoanalytic reflection on those moments when we are asked to find the courage to risk ourselves on behalf of the other."

—Jamieson Webster, author of *Conversion Disorder* "Magisterial. Dufourmantelle shows how life is universalized in risk and how recognizing this fact means enlisting in a fraternity among humans." —Antonio Negri "This very rich book will have enormous appeal for readers interested in the intersection of philosophy, psychology, psychoanalysis, and humanistic inquiry. It productively challenges the assumptions of all these disciplines in novel ways and offers, in the final analysis, a redemptive path through that which matters to us most: living and dying well. Highly recommended." —Choice

Whether you have admittedly chosen a side, chances are you know the feud these slogans reference and perhaps even remember where you were when news of the Aniston-Pitt split broke. Over the past three decades, buzz over the rich and famous has exploded, thanks in part to refined technology, well-oiled media outlets, and a dedicated few who have greased up their own laptops to challenge the tabloid giants (think Perez Hilton). Much to their chagrin, or so they say, celebrities have become all the rage, lending to their adoring, or simply inquisitive, public not only a glamorous escapism but also the reality that even megastars suffer fault. Marjorie Hallenbeck-Huber fills you in on the juiciest bits to hit the celebrity gossip circuit over the past three decades. Read about the most bizarre hookups (Lance Armstrong and an Olsen twin, anyone?); marriages that lasted a Hollywood second, or fifty-five hours in the case of Britney Spears; celebrity baby names, like Heavenly Hiranni Tiger Lily, that even the creative teams at Crayola could not dream up; diet tricks and training regimens that guarantee a camera-ready body; "it" travel destinations where celebs go to laze under the sun—or to do good; and infamous crack-ups that surely sent publicists into a damage-control frenzy. Celebrities' Most Wanted™ grants you access to the fascinating world of the rich and famous, where Red Carpet is a season, Fiji is more than a bottle of water, and saving the world is not such a far-off possibility.

The first definitive career retrospective of the visionary underground godfather of street art at the center of New York's 1980s urban art scene. Richard Hambleton (1954-2017) was a Canadian artist known for his pioneering street art. He was a surviving member of a group that emerged from the New York City art scene during the booming art market of the 1980s, which also included his close friends Keith Haring and Jean-Michel Basquiat. As a conceptual artist, Hambleton's early work installations titled "Image Mass Murder" from 1976-1979 were secretly placed onto streets in over 15 cities, depicting chalk-body outlines and blood-splattered crime scenes of what appeared to be "victims." This theme of a prevailing violence, fear, and morbid curiosity elicited surprise and anxiety from its unsuspecting viewers. In the early 1980s, Hambleton created his most iconic "Shadow Man" works—artfully splattered ominous shadowy figures on unexpected street corners, walls, and alleys that startled viewers into a visceral awareness that the city was still a dangerous place. This book features over 200 images including his early "Shadow Man" canvas paintings, as well as photographs of his in situ street work, a selection of his "Marlboro" rodeo horse silhouettes, and his "Beautiful Paintings" series of landscapes and

seascapes, alongside other works on paper; behind-the-scenes studio shots; personal, unseen photographs of the artist; and inspirational imagery. Hambleton was renowned for influencing artists such as Banksy, Blek le Rat, and Shepard Fairey. This arresting, one-of-a-kind book will appeal to those interested in visual arts, street art, graffiti, and art history.

Wilmington, N. C. Directory, 1909-10 Archipelago Latinos across the United States are redefining identities, pushing boundaries, and awakening politically in powerful and surprising ways. Many—Afrolatino, indigenous, Muslim, queer and undocumented, living in large cities and small towns—are voices who have been chronically overlooked in how the diverse population of almost sixty million Latinos in the U.S. has been represented. No longer. In this empowering cross-country travelogue, journalist and activist Paola Ramos embarks on a journey to find the communities of people defining the controversial term, "Latinx." She introduces us to the indigenous Oaxacans who rebuilt the main street in a post-industrial town in upstate New York, the "Las Poderosas" who fight for reproductive rights in Texas, the musicians in Milwaukee whose beats reassure others of their belonging, as well as drag queens, environmental activists, farmworkers, and the migrants detained at our border. Drawing on intensive field research as well as her own personal story, Ramos chronicles how "Latinx" has given rise to a sense of collectivity and solidarity among Latinos unseen in this country for decades. A vital and inspiring work of reportage, *Finding Latinx* calls on all of us to expand our understanding of what it means to be Latino and what it means to be American. The first step towards change, writes Ramos, is for us to recognize who we are.

Alain Elkann Interviews In Praise of Risk

"This urgent book" by the renowned French philosopher "will open new perspectives on a world marked by the rise of

Wikileaks, Big Data, and social media" (Michael Moon, Emory University). In an age that prizes political and personal transparency, psychoanalyst and philosopher Anne Dufourmantelle champions the value of what remains hidden, private, veiled, or just out of sight. For Dufourmantelle, the secret is not a code to be cracked or a firewall to be penetrated but a dynamic and powerful entity that permits relation and that ensures our humanity. Through etymologies and case studies, personal history and incisive social commentary, In Defense of Secrets returns us to this foundational phenomenon.

Dufourmantelle tracks the secret from the Inquisition to the present, illuminating its power and importance through art and literature, philosophy, psychoanalysis, and sociology. For her, the secret is on the side of nature, not science; organic growth, not technology; love's generosity, not knowledge's grasp. An ethics of the secret, she tells us, means listening sensitively, respecting the secret in its essence, unafraid of it and open to what it has to say. THE INSTANT NEW YORK TIMES BESTSELLER *CURRENTLY BEING DEVELOPED FOR TELEVISION BY TOMORROW STUDIOS* A dazzling biography of three of the most glamorous women of the 20th Century: Jacqueline Bouvier Kennedy Onassis, her mother Janet Lee Auchincloss, and her sister, Princess Lee Radziwill. "Do you know what the secret to happily-ever-after is?" Janet Bouvier Auchincloss would ask her daughters Jackie and Lee during their tea time. "Money and Power," she would say. It was a lesson neither would ever forget. They followed in their mother's footsteps after her marriages to the philandering socialite "Black Jack" Bouvier and the fabulously rich Standard Oil heir Hugh D. Auchincloss. Jacqueline Bouvier would marry John F. Kennedy and the story of their marriage is legendary, as is the story of her second marriage to Greek shipping magnate Aristotle Onassis. Less well known is the story of her love affair with a world renowned architect and a British peer. Her sister, Lee, had liaisons with one and possibly both of Jackie's husbands, in addition to her own three marriages—to an illegitimate royal, a Polish prince and a Hollywood director. If the Bouvier women personified beauty, style and fashion, it was their lust for money and status that drove them to seek out powerful men, no matter what the cost to themselves or to those they stepped on in their ruthless climb to the top. Based on hundreds of new interviews with friends and family of the Bouviers, among them their own half-brother, as well as letters and journals, J. Randy Taraborrelli's book paints an extraordinary psychological portrait of two famous sisters and their ferociously ambitious mother.

Lucille Ball, Hollywood's first true media mogul, stars in this "bold" (The Boston Globe), "boisterous novel" (The New Yorker) with a thrilling love story at its heart—from the award-winning, bestselling author of *Chang & Eng* and *Half a Life* A WASHINGTON POST BEST BOOK OF THE YEAR • "A gorgeous, Technicolor take on America in the middle of the twentieth century."—Colson Whitehead, Pulitzer Prize-winning author of *The Nickel Boys* This indelible romance begins with a daring conceit—that the author's grandfather may have had an affair with Lucille Ball. Strauss offers a fresh view of a celebrity America loved more than any other. Lucille Ball—the most powerful woman in the history of Hollywood—was part of America's first high-profile interracial marriage. She owned more movie sets than did any movie studio. She more or less single-handedly created the modern TV business. And yet Lucille's off-camera life was in disarray. While acting out a happy marriage for millions, she suffered in private. Her partner couldn't stay faithful. She struggled to balance her fame with the demands of being a mother, a creative genius, an entrepreneur, and, most of all, a symbol. The Queen of Tuesday—Strauss's follow-up to *Half a Life*, winner of the National Book Critics Circle Award—mixes fact and fiction, memoir and novel, to imagine the provocative story of a woman we thought we knew.
