An invaluable resource that helps anyone merge high-tech tools with the personal touch to forge lasting bonds and steady profits. Loyal customers are the beating heart of every great business. Why do so many companies act like adrenalin junkies, chasing after new customers at the expense of creating deeper, more profitable

relationships with the ones they already have? Evergreen exposes the mad pursuit for what it is: a brief spike in metrics and an ongoing revenue drain, as one-time customers fail to return. The book's entertaining stories and action steps reveal how you can: Cultivate the 3Cs of evergreen companies: character, community, and content Build loyalty programs that turn satisfied customers into enthusiastic advocates Nurture profitable customers while pruning those who sap time and money Inject authenticity into social media

communications Invert the expectations gap that can drive customers away From Internet startups and mom-and-pop businesses to multinational giants, strong companies are rooted in customer retention. The perfect solution is to shift resources from attracting new customers to engaging the base--the path to stable growth, season after season.

RPSC RAS Mains Exam Previous Year And Practice Solved Questions: Geography Of Rajasthan

Geography is the study of places and the relationships between people and their environments. Geographers explore both the physical properties of Earth's surface and the human societies spread across it. They also examine how human

culture interacts with the natural environment and the way those locations and places can have an impact on people. Geography seeks to understand where things are found, why they are there and how they develop and change over the time. RPSC RAS Mains Exam Geography Of Rajasthan Solved Questions Rajasthan is a state in northern India. It covers 342,239 square kilometers (132,139 sq mi) or 10.4 per cent of India's total geographical area. It is the largest Indian state by area and the seventh largest by population. It is on India's northwestern side, where it comprises most of the wide and inhospitable Thar Desert (also known as the Great Indian Desert) and shares a border with the Pakistani provinces of Punjab to the northwest and Sindh to the west, along the Sutlej-Indus River valley. It is bordered by five other Indian states: Punjab to the north; Haryana and Uttar Pradesh to the northeast; Madhya Pradesh to the southeast; and Gujarat to the southwest. Its geographical location is 23.3 to 30.12 North latitude and 69.30 to 78.17 East longitudes,

with the Tropic of Cancer passing through its southernmost tip. Product details: Book Name: RPSC RAS Mains Geography of Rajasthan Solved Questions Publisher: MYUPSC Total pages:110 Useful for: RPSC, State PSC Civil services Product type: eBook Language: English
