How To Pass The CPA

Exam John Wiley & Sons
 "If I could pick one book to hand to every teen—and adult—on earth, this is the one. True or False is accessible, thorough, and searingly honest, and we desperately needed it."
 —Becky Albertalli, author of *Simon vs. the Homo Sapiens Agenda*
 A former CIA analyst unveils the true history of fake news and gives readers tips on how to avoid falling victim to it in this highly designed informative YA nonfiction title. "Fake news" is a term you've probably heard a lot in the last few years, but it's not a new phenomenon. From the ancient Egyptians to the French Revolution to

Jack the Ripper and the founding fathers, fake news has been around as long as human civilization. But that doesn't mean that we should just give up on the idea of finding the truth. In *True or False*, former CIA analyst Cindy Otis will take readers through the history and impact of misinformation over the centuries, sharing stories from the past and insights that readers today can gain from them. Then, she shares lessons learned in over a decade working for the CIA, including actionable tips on how to spot fake news, how to make sense of the information we receive each day, and, perhaps most importantly, how to understand and see past our own information biases, so that we can think critically about important issues and put events happening around us into context. *True or False* includes a wealth of photo illustrations, informative inserts, and sidebars containing interesting facts and trivia sure to engage readers in critical thinking and analysis. This title has common core connections.

CPA Financial John Wiley & Sons

A CPA exam guide written specifically for international students The US CPA qualification exam is the most popular professional accounting qualification not just in the United States, but around the world as well. As international testing centers open across the globe, increasing numbers of non-American students are taking the exam, but lack a study resource written specifically for them. Author Stephanie Ng passed the exam in less than a year and operates a popular exam test-prep website at IPassTheCPAExam.com. In *How to Pass the CPA Exam*, Ng explains her techniques and study tactics specifically for students outside the United States. A comprehensive and practical study guide for CPA exam students outside the United States Written by the operator of a highly popular test-prep website for international students Includes practical and effective test-prep resources Packed with smart advice presented from an international perspective, *How to Pass the CPA*

Exam is a must for international students preparing for the test.
