Complete IELTS combines the very best in contemporary classroom practice with stimulating topics aimed at young adults wanting to study at university. The Student's Book with answers contains 8 topic-based units with stimulating speaking activities, a language reference, grammar and vocabulary explanations and examples, to ensure that students gain skills practice for each of the four papers of the IELTS exam. The with Answers edition contains recording scripts for the listening material and complete answer keys. It also includes a complete IELTS practice test to allow students to familiarise themselves with the format of the exam. The CD-ROM contains additional skills, grammar, vocabulary and listening exercises. Class Audio CDs, containing the recordings for the listening exercises, are also available.

Insight Upper Intermediate Student Book e-arknow

Winner of the 2011 George Orwell Award. One of The Atlantic's top psychology books of 2011. As human beings, we've always told stories: stories about who we are, where we come from, and where we're going. Now imagine that one of those stories is taking over the others, narrowing our diversity and creating a monoculture. Because of the rise of the economic story, six areas of your world - your work, your relationships with others and the environment, your community, your physical and spiritual health, your education, and your creativity - are changing, or have already changed, in subtle and not-so-subtle ways. And because how you think shapes how you act, the monoculture isn't just changing your mind - it's changing your life. In *Monoculture*, F.S. Michaels draws on extensive research and makes surprising

connections among disciplines to take a big-picture look at how one story is changing everything. Her research and writing have been supported by the Social Sciences and Humanities Research Council of Canada, the Killam Trusts, and regional and municipal arts councils. Michaels has an MBA, and lives and writes in British Columbia.

SANSONI-HARRAP STANDARD ITALIAN AND ENGLISH DICTIONARY

Yale University Press

Described by Virginia Woolf herself as 'easily the best of my books', and by her husband Leonard as a 'masterpiece', *To the Lighthouse*, first published in 1927, is one of the milestones of Modernism. Set on the Isle of Skye, over a decade spanning the First World War, the narrative centres on the Ramsay family, and is framed by Mrs Ramsay's promise to take a trip to the lighthouse the next day - a promise which isn't to be fulfilled for a decade. Flowing from character to character and from year to year, the novel paints a moving portrait of love, loss and perception. Bearing all the hallmarks of Woolf's prose, with her delicate handling of the complexities of human relationships, *To the Lighthouse* has earned its reputation - frequently appearing in lists of the best novels of the twentieth century, it has lost not an iota of brilliance.

Soluzioni: A Practical Grammar of Contemporary Italian comprises an engaging reference grammar with related exercises in one volume. Using an appealing visual layout, *Soluzioni* explains the main topics of modern Italian grammar in clear and concise language. Real language examples and

plenty of varied and imaginative exercises show how grammar works in practice. No prior knowledge of linguistic terminology is required. Features include: Tables and charts for easy navigation and at-a-glance comprehension Authentic material from Italian media and literature showing grammar in context Graded practice exercises with answers so learners can review their progress A comprehensive index at the back of the book Particular attention to areas of difficulty, with special sections in each chapters dedicated to clarifying problematic grammar points A free companion website at www.routledge.com/cw/rome offering a generous assortment of supplementary materials, including helpful appendices on spelling, pronunciation and Italian verbs, a glossary of grammatical terms, a full answer key to exercises, free interactive exercises and website links. This new and third edition has been fully revised and updated throughout and continues the accessible methodology and focus on contemporary usage that has made Soluzioni the clearest and most comprehensive pedagogical grammar available on the market today. More attention has been paid to the link between grammar and communicative functions, and those between grammar, context and register, and there has been expanded coverage of key areas of difficulty such as tense usage, the subjunctive, word order, causative verbs and verbs of perception. In addition, there are many new exercises. The companion website has also been revised to offer more resources for both students and instructors. Suitable for class use and independent study, Soluzioni is the ideal grammar reference and practice resource for all learners of

Italian, from beginners to advanced students. It is particularly suitable for fast track use in ab-initio courses at university and at colleges.

Challenges OUP Oxford

#1 NEW YORK TIMES BEST SELLER • In this urgent, authoritative book, Bill Gates sets out a wide-ranging, practical—and accessible—plan for how the world can get to zero greenhouse gas emissions in time to avoid a climate catastrophe. Bill Gates has spent a decade investigating the causes and effects of climate change. With the help of experts in the fields of physics, chemistry, biology, engineering, political science, and finance, he has focused on what must be done in order to stop the planet's slide to certain environmental disaster. In this book, he not only explains why we need to work toward net-zero emissions of greenhouse gases, but also details what we need to do to achieve this profoundly important goal. He gives us a clear-eyed description of the challenges we face. Drawing on his understanding of innovation and what it takes to get new ideas into the market, he describes the areas in which technology is already helping to reduce emissions, where and how the current technology can be made to function more effectively, where breakthrough technologies are needed, and who is working on these essential innovations. Finally, he lays out a concrete, practical plan for achieving the goal of zero emissions—suggesting not only policies that governments should adopt, but what we as individuals can do to keep our government, our employers, and ourselves accountable in this crucial enterprise. As Bill Gates makes clear, achieving zero emissions will not be simple or easy to do, but if we follow the plan he sets out here, it is a goal firmly within our reach.

 Uitgeverij De Boeck Secundair onderwijs
 If you're just learning how to program, Julia is an excellent JIT-compiled, dynamically typed language with a clean syntax. This hands-on guide uses Julia 1.0 to walk you through programming one step at a time, beginning with basic programming concepts before moving on to more advanced capabilities, such as creating new types and multiple dispatch. Designed from the beginning for high performance, Julia is a general-purpose language ideal for not only numerical analysis and computational science but also web programming and scripting. Through exercises in each chapter, you'll try out programming concepts as you learn them. Think Julia is perfect for students at the high school or college level as well as self-learners and professionals who need to learn programming basics. Start with the basics, including language syntax and semantics Get a clear definition of each programming concept Learn about values, variables, statements, functions, and data structures in a logical progression Discover how to work with files and databases Understand types, methods, and multiple dispatch Use debugging techniques to fix syntax, runtime, and semantic errors Explore interface design and data structures through case studies

HOW TO THINK LIKE A COMPUTER SCIENTIST

Courier Corporation
 In Tip of the Tongue, Peter Brook takes a charming, playful and wise look at topics

such as the subtle, telling differences between French and English, and the many levels on which we can appreciate the works of Shakespeare. Brook also revisits his seminal concept of the "empty space," considering how theatre -- and the world -- have changed over the span of his long and distinguished career. Threaded throughout with intimate and revealing stories from Brook's own life, *Tip of the Tongue* is a short but sparkling gift from one of the greatest artists of our time.

Think Julia Oxford University Press, USA
A focused, 50-60 hour course for the revised Cambridge English: Advanced (CAE) exam from 2015. The Student's Book without answers provides C1-level students with thorough preparation and practice needed for exam success. All four of the revised exam papers are covered. 'Quick steps' and Writing and Speaking guides explain what to expect in the exam, and provide strategies on approaching each paper, model answers, useful expressions and further practice. The accompanying CD-ROM provides interactive language and skills practice. There are two complete practice tests for teachers to access online. Audio required for the Student's Book listening exercises is available on Class Audio CDs or in the Student's Book Pack, both available separately.

GOTHIC SHORT STORIES

Red Clover Press

Considered as one of the greatest short stories in the Western Canon, James Joyce's complex narrative "The Dead", explores the intricate issues of identity and power through the lens of language, patriarchy, and imperialism. These issues are directly tied to the longstanding political turmoil of his native Ireland and the social questions of his day. Joyce's story reveals that we often achieve what we tried to avoid by pretending to be what we are not. At 15,672 words *The Dead* is often considered a novella and the best of Joyce's shorter works. James Joyce (1882-1941) was an Irish novelist and poet, considered to be one of the most influential writers in the modernist avant-garde of the early 20th century. Joyce is best known for *Ulysses* (1922), a landmark work in which the episodes of Homer's *Odyssey* are paralleled in an array of contrasting literary styles, perhaps most prominent among these

the stream of consciousness technique he perfected. Other major works are the short-story collection *Dubliners* (1914), and the novels *A Portrait of the Artist as a Young Man* (1916) and *Finnegans Wake* (1939). His complete oeuvre also includes three books of poetry, a play, occasional journalism, and his published letters.
