THE DIARY OF JACK THE RIPPER

HarperCollins
Feminism has
dramatically
influenced the
way literary
texts are read,
taught and
evaluated.
Feminist
literary theory
has
deliberately
transgressed
traditional
boundaries
between
literature,
philosophy
and the social
sciences in
order to

understand
how gender
has been
constructed
and
represented
through
language. This
lively and
thought-
provoking
Companion
presents a
range of
approaches to
the field.
Some of the
essays
demonstrate
feminist
critical
principles at
work in
analysing
texts, while
others take a
step back to
trace the
development
of a particular
feminist
literary

method. The
essays draw
on a range of
primary
material from
the medieval
period to
postmodernis
m and from
several
countries,
disciplines and
genres. Each
essay
suggests
further
reading to
explore this
field further.
This is the
most
accessible
guide
available both
for students of
literature new
to this
developing
field, and for
students of
gender
studies and

readers interested in the interactions of feminism, literary criticism and literature.

STUDIES ON DIALYSIS

Orange Grove Text Plus Kidnapped and sold into slavery in the American South, freeman Solomon Northup spent twelve years in bondage before being freed. Twelve Years a Slave is Northup's moving memoir, revealing unimaginable details of the

horrors he faced as a slave on Southern plantations, and his unshakable belief that he would return home to his family. Written in the year after Northup was freed and published in the wake of Harriet Beecher Stowe's Uncle Tom's Cabin, Northup's story was quickly taken up by abolitionist groups and news organizations as part of the fight against slavery, and continues to

resonate more than a century after the end of the American Civil War.

El Mundo Indígena 2000-2001

Empire in Transition 'A Rogue's Life' was published in a magazine some twenty years before it was made into a book. It is a very clever story, and the interest is well sustained throughout. There is just about enough of it, inasmuch as a short tale like this is more interesting than some of

the author's longer works, wherein the complicated plots and lengthened mysteries are too apt to weary the reader before his curiosity is satisfied. We cannot help feeling quite an affection for the "Rogue," perhaps because most of the other characters in the story are as selfish, more wicked, and not so frankly conceited as he is, and have none of his courage, audacity, and cleverness to

redeem them. We must all sympathize in his marriage, though it is not celebrated under the most favorable circumstances, - he being liable to the extreme penalty of the law at the time. It seems hard that he should be captured, tried, and sentenced to transportation immediately after securing his wife; but this proves the beginning of his upward career of prosperity and respectability, and we leave

him happily settled with Alicia in Australia. We do not wish to destroy the interest of a book which is so dependent on the plot, by telling more of the story, and therefore leave it without further comment to new readers. *The Historiography of Medieval Portugal, C. 1950-2010* Cambridge University Press Official U.S. edition with full color illustrations throughout. NEW YORK

TIMES
 BESTSELLER
 Yuval Noah
 Harari, author
 of the
 critically-
 acclaimed
 New York
 Times
 bestseller and
 international
 phenomenon
 Sapiens,
 returns with
 an equally
 original,
 compelling,
 and
 provocative
 book, turning
 his focus
 toward
 humanity's
 future, and
 our quest to
 upgrade
 humans into
 gods. Over the
 past century
 humankind
 has managed
 to do the

impossible
 and rein in
 famine,
 plague, and
 war. This may
 seem hard to
 accept, but, as
 Harari
 explains in his
 trademark
 style—thoroug
 h, yet
 riveting—fami
 ne, plague
 and war have
 been
 transformed
 from
 incomprehensi
 ble and
 uncontrollable
 forces of
 nature into
 manageable
 challenges.
 For the first
 time ever,
 more people
 die from
 eating too
 much than
 from eating

too little; more
 people die
 from old age
 than from
 infectious
 diseases; and
 more people
 commit
 suicide than
 are killed by
 soldiers,
 terrorists and
 criminals put
 together. The
 average
 American is a
 thousand
 times more
 likely to die
 from binging
 at McDonalds
 than from
 being blown
 up by Al
 Qaeda. What
 then will
 replace
 famine,
 plague, and
 war at the top
 of the human
 agenda? As

the self-made gods of planet earth, what destinies will we set ourselves, and which quests will we undertake? Homo Deus explores the projects, dreams and nightmares that will shape the twenty-first century—from overcoming death to creating artificial life. It asks the fundamental questions: Where do we go from here? And how will we protect this fragile world from our own

destructive powers? This is the next stage of evolution. This is Homo Deus. With the same insight and clarity that made Sapiens an international hit and a New York Times bestseller, Harari maps out our future.

Vintage
An irreverent
and charming
collection of
deeply
personal

essays about the joys of low pop culture and bad taste, exploring coming of age in the 2000s in the age of Hot Topic, Creed, and frosted lip gloss—from the James Beard Award-nominated writer of the Catapult column "Store-Bought Is Fine" Tacky is about the power of pop culture—like any art—to imprint itself on our lives and shape our experiences, no matter one's commitment to "good"

taste. These fourteen essays are a nostalgia-soaked antidote to the millennial generation's obsession with irony, putting the aesthetics we hate to love—snakeskin pants, Sex and the City, Cheesecake Factory's gargantuan menu—into kinder and sharper perspective. Each essay revolves around a different maligned (and yet, Rax would argue, vital) cultural artifact, providing

thoughtful, even romantic meditations on desire, love, and the power of nostalgia. An essay about the gym-tan-laundry exuberance of Jersey Shore morphs into an excavation of grief over the death of her father; in "You Wanna Be On Top," Rax writes about friendship and early aughts girlhood; in another, Guy Fieri helps her heal from an abusive relationship. The result is a collection that captures the

personal and generational experience of finding joy in caring just a little too much with clarity, heartfelt honesty, and Rax King's trademark humor. A VINTAGE ORIGINAL *Handbook of Ethnography* Taylor & Francis This annual publication (published separately in English and Spanish) examines political, social, environmental, and educational issues concerning indigenous peoples around the world in 2000-01. Part 1 describes current situations and events in 11 world regions: the Arctic; North America; Mexico and Central America; South America; Australia and the Pacific; north, east, central, and southern Africa; south Asia; and east and southeast Asia. In general, indigenous peoples worldwide were dealing with issues related to land rights, self-determination, relations between central government and indigenous communities, outright oppression and violence, environmental degradation and destruction by economic development projects, communal rights, women's rights, access to appropriate education and to health care, and preservation of indigenous cultures and

languages. Articles of educational interest on the Arctic and the Americas discuss the shortage of Greenlandic-speaking college graduates in Greenland and related issues of language use; support for Saami language use in Sweden and Finland; shortages of schools and teachers in indigenous areas of arctic Russia; implementation of Inuit traditional knowledge and the Inuktitut	language in all government functions in Nunavut; efforts of the Innu Nation in Labrador to gain control of education; poor condition of educational facilities on U.S. American Indian reservations; little progress on Mayan demands for culturally relevant education in Guatemala; controversy over scientific research on indigenous lands in Venezuela; and Mapuche student protests in Chile. Other	education-related articles discuss efforts to preserve Amazigh culture and language in Morocco, Algeria, and Libya; implementation of education programs for San children in Namibia; native language instruction in Botswana villages; demands for equal language rights in Nepal; need to establish a new education system and language policy in East Timor; and
--	---	---

educational policies for ethnic minorities in Cambodia and Vietnam. Part 2 reports on United Nations work on indigenous rights and the proposed integration of nonindependent countries in U.N. activities. (SV). <i>A Escrava Isaura</i> Popular Prakashan --- Hardcover edition contains COLOR IMAGES! --- I don't want to suppose. I want to know. -Julia Frances Morton Fruits of Warm Climates is the	encyclopedia for those who want to know! In one definitive volume, Morton explores the world of tropical and subtropical fruit, providing information on the history of the plants, cultivation techniques, food and alternative uses, nutrition, varieties, and much more. Written in a professional yet accessible voice, Fruits of Warm Climates is a must-have for anyone interested in	tropical horticulture. Valuable for researchers as well as home and commercial growers, Fruits of Warm Climates masterfully packages the essential information on familiar and not-so-familiar tropical fruit. With over 400 pages containing hundreds of images, the volume is overflowing with information on countless varieties of fruits. Years after its original publication,
---	---	--

Fruits of Warm Climates remains a leading text on the subject and the pinnacle work of economic botanist Julia F. Morton. It is an important resource for every agricultural, research, and science library. Julia F. Morton was Research Professor of Biology and Director of the Morton Collectanea (a research and information center devoted to economic botany) at the University of Miami. She

received a D. Sc. from Florida State University in 1973 and was elected Fellow of the Linnean Society of London in 1974. She has held numerous positions in the field including President of the Florida State Horticulture Society, a member of the Board of Trustees of Fairchild Tropical Garden, and served on the Board of Directors of the Florida National Parks and

Monuments Association. She is the author of 10 books and co-author of 12 others.

A Rogue's Life
Hassell Street Press

In this book, Aries surveys children and their place in family life from the Middle Ages to the end of the 18th century.

PORTUGUES

significance and value to literature. This forms a part of the knowledge base for future generations. We have represented this book in the same form as it was first published. Hence any marks seen are left intentionally to preserve its true nature.

LADY KILLERS

Jazzybee Verlag
In the critical essays collected in *Black Looks*, bell hooks interrogates old narratives

and argues for alternative ways to look at blackness, black subjectivity, and whiteness. Her focus is on spectatorship—in particular, the way blackness and black people are experienced in literature, music, television, and especially film—and her aim is to create a radical intervention into the way we talk about race and representation. As she describes: "the essays in

Black Looks are meant to challenge and unsettle, to disrupt and subvert." As students, scholars, activists, intellectuals, and any other readers who have engaged with the book since its original release in 1992 can attest, that's exactly what these pieces do.

Yurugu IWGIA
 Jharkhand, the
 land of forest,
 named by the
 people of the
 neighboring
 plains, had
 been a safe
 haven of the
 indigenous
 peoples until
 the sixteenth
 century when
 the process of
 central state

formation began to grow out of the nontribal matrix in the region. The states that emerged then fell under the direct influence and control of the great empires of successive periods that encroached upon the resources and lives of the indigenous peoples. They disrupted their egalitarian social system and their culture based upon a symbiotic relationship with their environment, forcing the

indigenous people to retreat to even more inhospitable regions to rebuild their social structure. However, they were never able to fully escape the ever-increasing boundaries of the state, which eventually stripped the Jharkhand of its resources and left its people peasants. The modern Jharkhand movement, a continuation of the peoples' resistance to the

encroaching state, has been widely covered in the media and academic circles. Various analytical reports, academic interpretations and political explanations, often holding contradictory views, have been published over a period exceeding the last five decades. The production of such a huge corpus of literature shows the strength of the movement, and the

immense significance of the issues. Containing contributions by leading social scientists and activists, this volume furthers the discourse on the relationship between mainstream nationalism and the indigenous identity often termed ethnicity, as it relates to the nation state. In doing so, it helps civil society understand the relevance of autonomy and identity of the indigenous

peoples of the country as a whole. The basic line of inquiry concerns the issues (dispossession from life supporting resources of land, forest, water and identity), the main cause (internal colonialism) and the remedy (provision of autonomy). Homo Deus Legare Street Press Text the pizza emoji with a question mark, and you've got dinner sorted out. Don't know what to

use when you're running late, or when you want to organize a fun night out? How to Speak Emoji will help you win at texting. Featuring everyday greetings, pickup lines, workplace expressions, and tried-and-true insults, this book is perfect for the novice user or those looking to test their knowledge. With a collection of useful and hilarious phrases and a handy dictionary to demonstrate

what the emojis really mean, you'll never feel out of your depth again - or make the embarrassing mistake of putting an eggplant symbol next to a peach. Includes sections such as everyday greetings, in the workplace, in relationships and asking for help and directions, as well as how to translate song titles and film quotes, this is your complete guide to the bright new world of the emoji.

The Mansions and the Shanties

HarperCollins
Inspired by author Tori Telfer's Jezebel column "Lady Killers," this thrilling and entertaining compendium investigates female serial killers and their crimes through the ages. When

you think of serial killers throughout history, the names that come to mind are ones like Jack the Ripper, John Wayne Gacy, and Ted Bundy. But what about Tillie Klimek, Moulay Hassan, Kate Bender? The narrative we're comfortable with is the one where women are the victims of violent crime, not the perpetrators. In fact, serial killers are thought to be so universally, overwhelmingl

y male that in 1998, FBI profiler Roy Hazelwood infamously declared in a homicide conference, "There are no female serial killers." Lady Killers, based on the popular online series that appeared on Jezebel and The Hairpin, disputes that claim and offers fourteen gruesome examples as evidence. Though largely forgotten by history, female serial killers such as Erzsébet Báthory, Nannie Doss,

Mary Ann Cotton, and Darya Nikolayevna Saltykova rival their male counterparts in cunning, cruelty, and appetite for destruction. Each chapter explores the crimes and history of a different subject, and then proceeds to unpack her legacy and her portrayal in the media, as well as the stereotypes and sexist clichés that inevitably surround her. The first book to examine female serial killers through

a feminist lens with a witty and dryly humorous tone, *Lady Killers* dismisses easy explanations (she was hormonal, she did it for love, a man made her do it) and tired tropes (she was a femme fatale, a black widow, a witch), delving into the complex reality of female aggression and predation. Featuring 14 illustrations from Dame Darcy, *Lady Killers* is a bloodcurdling, insightful, and

irresistible journey into the heart of darkness.

Florida's long
history of
publishing
Latin
American and
Caribbean
studies titles
that connect
in and through
Florida,

highlighting the connections between the Sunshine State and its neighboring islands. Books in this series show how early explorers found and settled Florida and the Caribbean. They tell the tales of early pioneers, both foreign and domestic. They examine topics critical to the area such as travel, migration, economic opportunity, and tourism. They look at

the growth of Florida and the Caribbean and the attendant pressures on the environment, culture, urban development, and the movement of peoples, both forced and voluntary. The Florida and the Caribbean Open Books Series gathers the rich data available in these architectural, archaeological, cultural, and historical works, as well as the travelogues and naturalists'

sketches of the area in prior to the twentieth century, making it accessible for scholars and the general public alike. The Florida and the Caribbean Open Books Series is made possible through a grant from the National Endowment for the Humanities and the Andrew W. Mellon Foundation, under the Humanities Open Books program.
