A Stir of Echoes GRIN Verlag
Welcome back to the streets of Sunder City, a darkly imagined world perfect for readers of Ben Aaronovitch and Jim Butcher. In a city that lost its magic, an angel falls in a downtown street. His wings are feathered, whole—undeniably magical—the man clearly flew, because he left one hell of a mess when he plummeted into the sidewalk. But what sent him up? What brought him down? And will the answers help Fetch bring the magic back for good? Working alongside necromancers, genies, and shadowy secret societies, through the wildest forests and dingiest dive bars, this case will leave its mark on Fetch's body, his soul, and the fate of the world. Praise for the Fetch Phillips novels: "Superb... With a lead who would be at home in the pages of a Raymond Chandler or James Ellory novel and a nicely twisty plot, this installment makes a strong case for Arnold's series to enjoy a long run." —Publishers Weekly "Arnold's universe has everything, including the angst of being human. The perfect story for adult fantasy fans—a tough PI and a murder mystery wrapped around the mysticism of Hogwarts, sprinkled with faerie dust." —Library Journal (starred review) Fetch Phillips Novels *The Last Smile in Sunder City* *Dead Man in a Ditch* *One Foot in the Fade*

Rowman & Littlefield

May 16th. 1201 hrs. We are now under siege. Beyond the silo access doors, we have a small army of beaten and battered undead to contend with. They only want one thing... Day by Day Armageddon is the handwritten journal of one man and his struggle for survival. Trapped in the midst of global disaster, he must make decisions that could mean life, or which could condemn him eternally to walk as one of them. Enter, if you dare, into his world. The world of the undead.

Reading Richard Matheson McFarland "Richard Matheson's 1954 novel *I Am Legend* has spawned a series of horror and science fiction films. This reexamination of Matheson's novel situates the tale of one man's attitude about killing racialized "others" within its original post-World War II context. The author analyzes several film adaptations, with a focus on the casting and interpretations protagonist Robert Neville"--

RICHARD MATHESON'S I AM LEGEND

CreateSpace

Richard Matheson (1926-2013) was a prolific author and screenwriter whose career of more than 60 years has shaped the horror and fantasy genres in literature, film, and television. This volume examines seven of Matheson's full-length novels, a sampling of short stories, and several film adaptations. The chapters, which are arranged in three thematic sections, emphasize Matheson's historical prominence, consider his precursors and successors, and situate him within narrative traditions of mythology, cinema, genre, and memory studies.

RICHARD MATHESON THRILLERS

Gauntlet Press

Three versions of Richard Matheson's classic novel I AM LEGEND have been filmed, but NONE have faithfully captured Matheson's novel. Matheson himself wrote a script for I AM LEGEND which was purchased by Hammer Films. Sadly, the US and British Censor Boards demanded changes both Matheson and the filmmaker refused to make. For the first time the reader can see Matheson's vision for his novel, far different than any of the film adaptations. Two other unproduced scripts fill out the 525-page book -- "The Distributor" and "Sweethearts and Horrors." Mark Dawidziak edited the "I Am Legend" section with his insightful analysis. Includes an afterword by R.C. Matheson.

In 1944, long before he wrote such classic novels as I Am Legend and What Dreams May Come, author Richard Matheson served as an eighteen-year-old replacement in the 87th Division during the latter part of the war in Europe. His tour of duty there inspired this acclaimed novel, *The Beardless Warriors*, about a group of equally young and inexperienced soldiers thrown into the fury of combat. *The Beardless Warriors* are a squad of teenage U.S. infantrymen fighting their way across Germany during the final weeks of the

war. Under fire and in over their heads, the fresh-faced young men must grow up fast if they ever hope to see home again. Everett Hackermeyer is the latest soldier to join the squad, "Hack," a troubled youth from a hellish family background, faces a new kind of inferno on the front lines, only to discover hidden reserves he never knew he possessed. Ironically, he doesn't come to value his own life until he runs the very real chance of losing it. Seminar paper from the year 2013 in the subject English Language and Literature Studies - Comparative Literature, grade: 2,0, University of Dusseldorf "Heinrich Heine" (American Studies), course: The Virus as Political Metaphor in 20th Century American Literature and Film, language: English, abstract: It is difficult to imagine our world without monsters. Their hideous appearance and scary behavior became integrated in our lives and culture. No culture can live without monsters. Children at an early age fear monsters under their beds and adolescents fight against monsters in computer games. We read about them in fictional literature and see them in classic movies as well as new publications. Monsters have always played an important role in culture. But what are monsters? How do they find their way into our society and where do they come from? Not only are they defined by their deterrent appearance but also by qualities ascribed by the culture they appear in (cf. Murgatroyd 2007, p. 2). The anthropologist Jeffrey Jerome Cohen deals with monsters and their role in society. In his work called

"Monster Theory" he proposes a method of understanding cultures through the monsters they invent by giving seven theses explaining the monsters characterizations (cf. Cohen, Jeffrey Jerome: *Monster Culture (Seven Theses)*. In: *Monster Theory*. Reading Culture. Minneapolis 1996, p. 3f.). Cohens second thesis "The Monster Always Escapes" will be of special interest to us. Also referring to Cohens first thesis "The Monsters Body Is A Cultural Body" we will examine how monsters are born into society and how they keep on living within the frames of cultural, political and social relations. Afterwards we will apply Cohens thesis to Richard Mathesons "I Am Legend," a Science Fiction and horror novel, which deals with monsters in form of vampires. In Mathesons fictional work the protagonist Robert Neville, as the only human being, lives in a world of bloodthirsty vampires. Neville,

NEW YORK TIMES BESTSELLER Jason M. Hough's pulse-pounding debut combines the drama, swagger, and vivid characters of Joss Whedon's *Firefly* with the talent of sci-fi author John Scalzi. In the mid-23rd century, Darwin, Australia, stands as the last human city on Earth. The world has succumbed to an alien plague, with most of the population transformed into mindless, savage creatures. The planet's refugees flock to Darwin, where a space elevator—created by the architects of this apocalypse, the Builders—emits a plague-suppressing aura. Skyler Luiken has a rare immunity to the plague. Backed by an international crew of fellow "immunes," he leads missions into the dangerous wasteland beyond the aura's edge to find the resources Darwin needs to stave off collapse. But when the Elevator starts

to malfunction, Skyler is tapped—along with the brilliant scientist, Dr. Tania Sharma—to solve the mystery of the failing alien technology and save the ragged remnants of humanity. Praise for *The Darwin Elevator* "A hell of a fun book."—James S. A. Corey, New York Times bestselling author of *Abaddon's Gate* "[Jason M.] Hough's first novel combines the rapid-fire action and memorable characters associated with Joss Whedon's short-lived *Firefly* TV series with the accessibility and scientific acumen of [James S. A.] Corey's 'Expanse' series."—*Library Journal* (starred review) "The best part about alien stories is their mystery, and Jason Hough understands that like no other. Full of compelling characters and thick with tension, *The Darwin Elevator* delivers both despair and hope along with a gigantic dose of wonder. It's a brilliant debut, and Hough can take my money whenever he writes anything from now on."—Kevin Hearne, New York Times bestselling author of *The Iron Druid Chronicles* "Newcomer Hough displays a talent for imaginative plotting and realistic dialogue, and the brisk pacing and cliffhanger ending will keep readers enthralled and eagerly awaiting the next installment."—*Publishers Weekly* "Jason M. Hough does a great job with this huge story. The world of Darwin and the Elevator is deliciously complex and satisfying. Skyler, Tania, and all the other characters are delightfully drawn and fun to spend time with. . . . The story unfolds with just the right balance of high adventure, espionage, humor, and emotional truth. . . . As soon as you finish, you'll want more."—*Analog* "A debut novel unlike any other . . . This is something special. Something iconic. *The Darwin Elevator* is full of majesty and wonder, mystery and mayhem,

colorful characters and insidious schemes.”—SF Signal “Fun, action-packed and entertaining . . . a sure contender for science fiction debut of the year!”—Pat’s Fantasy Hotlist
 “Claustrophobic, intense, and satisfying . . . I couldn’t put this book down. The Darwin Elevator depicts a terrifying world, suspends it from a delicate thread, and forces you to read with held breath as you anticipate the inevitable fall.”—Hugh Howey, New York Times bestselling author of Wool

Seminar paper from the year 2015 in the subject American Studies - Literature, grade: 2,3, University of Bonn, language: English, abstract: The work that will be focused on the novel “*I Am Legend*” by Richard Matheson brings together the idea of the last living human on earth and the myth of vampires. The author shows the theories of the novel that are hidden between the lines. These theories

are on the one hand easy to find and very obvious but on the other hand they have to be decoded word by word. To be more specific, I will try to show that the condition of alienation is one of the main topics in Matheson's writing. Moreover, I will show some postmodern aspect of the novel and why it is so fascinating to read apocalyptic writings. The novel may be written in 1954 and set in the late 1970s but it can be a model for current interpretations of the apocalypse since apocalyptic writings make sense of bad things and are coping with situations in which people feel helpless.
