At a time when businesses stare at

unprecedented uncertainty, the SAIL  
turnaround story brings to us lessons of  
how companies can make miracles  
happen. Making the Elephant Dance talks  
about how the greatest business  
challenges can become the harbinger of  
the biggest corporate transformations, and  
how leadership can be the key influencer  
when companies face existential threats.  
The economic reforms of 1991  
transformed the Indian steel industry  
overnight from the most controlled to  
most open. This book is a narrative of the  
steel mammoth, SAIL, which fought back  
an existential threat to emerge as a  
winner when a combination of domestic  
and global factors plunged the industry

into its worst ever crisis. The book  
delineates its in-house strategies,  
implementation challenges and the  
actions undertaken to bring about an  
unprecedented organizational  
transformation by those who participated,  
experienced and lived it.

"Papa explains the war like this: 'When the elephants dance, the chickens must be careful.' The great beasts, as they circle one another, shaking the trees and trumpeting loudly, are the Amerikanos and the Japanese as they fight. And our Philippine Islands? We are the small chickens." Once in a great while comes a storyteller who can illuminate worlds large and small, in ways both magical and true to life. When the Elephants Dance is set in the waning days of World War II, as the

Japanese and the Americans engage in a fierce battle for possession of the Philippine Islands. Through the eyes of three narrators, thirteen-year-old Alejandro Karangalan, his spirited older sister Isabelle, and Domingo, a passionate guerilla commander, we see how ordinary people find hope for survival where none seems to exist. While the Karangalan family and their neighbors huddle together for survival in the cellar of a house, they tell magical stories to one another based on Filipino myth that transport the listeners from the chaos of the war around them and give them new resolve to continue fighting. Outside the safety of their refuge the war rages on—fiery bombs torch the countryside, Japanese soldiers round up and interrogate innocent people, and from the hills guerilla fighters wage a desperate campaign against the enemy. Inside the cellar, these men, women, and children put their hopes and dreams on hold as they wait out the war. This stunning debut novel celebrates with richness and depth the spirit of the Filipino people and their fascinating story and marks the introduction of an author who will join the ranks of writers such as

Arundhati Roy, Manil Suri, and Amy Tan.

Humans experience the world through sight, hearing, touch, taste, and smell. But what if you had the compound eyes of a fly, the whiskers of a cat, or a whale's ability to sense magnetic north? There's a

whole world of surprising senses out there, and fascinating adaptations that have allowed animals to make use of them. We can't interpret the faint vibration of an elephant's faraway stomp, but learning how they keep in touch with family across the wide savannah helps us understand that we are more alike than different. Featuring accessible text from Emmanuelle Grundmann, inviting art from Clémence Dupont, and a table of contents, glossary, and index, When Elephants Listen with their Feet is a lively nonfiction book that encourages curiosity about--and respect for--the animals with which we share our planet.

How should incumbents transform themselves? Making the Elephant Dance provides a roadmap using the levers of

business excellence, innovation and globalization by documenting the Tata group's transformational journey from a \$5.8-billion Indian firm in 1992 to a \$103-billion global powerhouse in 2014, with over 65 per cent of revenues coming from outside India. Tata is one of the most admired companies in the world. This book explains the sequence of leadership and management interventions that Tata used following the liberalization of the Indian economy in the 1990s to become the largest private-sector employer in both India and the United Kingdom, and acquire iconic brands such as Jaguar Land Rover and Tetley. Sunil Mithas profiles the transformational journey of incumbents such as Tata Steel, Jaguar Land Rover, Tata Consultancy Services, Titan, Indian Hotels, Tata Power and Tata Chemicals to provide a framework for almost any organization to rediscover its potential and charge ahead.

Dutton Childrens Books

The largest animal to walk our Earth, the elephant, is a sight to see, whether it's in the wild or a zoo. But did you know that

they are actually a lot like us humans? Readers will learn how this is especially true regarding emotions, such as tears. This instructive resource will engage readers with tales of elephant emotions, such as tears of the death of a family member and concern over another elephant. They will also learn about body language other than tears that indicates their sadness or other emotions. Full-page photos will help readers visualize what they are reading, while a "Words to Know" section will help them master new vocabulary.

*A Study Guide for Tess Uriza Holthe's "When the Elephants Dance"* Vintage  
 "But, we've always done it that way." This is a warning sign, a symptom of impending disaster for any organization. Shackled, like powerful elephants, to the past, organizations rob themselves of the ingenuity required to meet new competitive challenges and escape the "re" dimension trap of "re-engineering, re-organization and re-structuring that concentrate on short term fixes rather than long term solutions. Teaching the Elephant to Dance is a practical, hands-on guide for creating the right change in any

organization, large or small, corporate or governmental, manufacturing or service based. Filled with illuminating case studies, it shows how to devise new corporate visions and strategies... how to overcome inertia .. and how to form labor-management partnerships. Clear, authoritative, practical and inspiring, Teaching the Elephant to Dance provides a step-by-step guide for making the impossible happen.

**A Global History** Orca Book Publishers  
 Elephants do not belong in trees. It's not natural. It makes other animals uncomfortable. This is the story of Larry, an elephant who wanted to live in a tree. This is a story about being the new kid and being a little bit different (okay, A LOT different). A story about acceptance and making friends. When Larry decides he wants to live in the big bushy tree in the middle of the wide-open field, the current residents, Bird, Squirrel and Monkey, are not very welcoming. They throw nuts at him and peck at his head; they tell him to leave and are downright rude. But Larry persists—why can't he live in the tree? When his new home is threatened by something much bigger than all the

animals combined, Larry shows everyone that he cares just as much about the tree as they do.
