Paradise Lost Hassell Street Press
Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the

unforgettable story of Into the Wild. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid

headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, Into the Wild is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

During the struggle to end apartheid, Blanche La Guma led a complex and demanding life as a nurse-midwife by day and underground activist--within a clandestine Communist cell--by night. Harassed, banned, and at one time imprisoned, Blanche worked tirelessly to support her family in Cape Town while providing safe houses for anti-apartheid

leaders, such as Walter Sisulu and Govan Mbeki. Forced into exile in 1966, Blanche continued the fight for justice in London and, later, in Havana, where she mentored hundreds of African National Congress students sent to Cuba after the 1976 Soweto Uprising. This rare firsthand account chronicles Blanche's life as a South African exile in Fidel Castro's Cuba, traveling through the Communist world at large, and finally returning to her country with dignity and freedom.

A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

Inspiring Dialogue helps new English teachers make dialogic teaching practices a central part of their development as teachers, while also supporting veteran teachers who would like new ideas for inspiring talk in their classrooms. Chapter by chapter, the book follows novice teachers as they build a repertoire of practices for planning for, carrying out, and assessing their efforts at dialogic teaching across the secondary English curriculum. The text also includes a section to support dialogic teacher learning communities through video study

and discourse analysis. Providing a thorough discussion of the benefits of dialogic curriculum in meeting the objectives of the Common Core State Standards, this book with its companion website is an ideal resource for teacher development. Book Features: Dialogic tools for step-by-step planning within a lesson, over the course of a unit, or during an entire academic year. A user-friendly, interactive layout designed for new teachers who are pressed for time. Classroom examples addressing the challenges English teachers may face in stimulating rich learning talk in an era of standardization. A companion website with additional examples, activities, and course material. "Real talk. Real classrooms. Real students. The authors of *Inspiring Dialogue* have given teacher education programs a tool for introducing dialogic teaching in culturally and linguistically diverse classrooms while meeting Common Core State Standards objectives." —Maisha T. Winn, Susan J. Cellmer Chair in English Education, University of Wisconsin-Madison, author of *Girl Time: Literacy, Justice and the School-to-Prison Pipeline* "*Inspiring Dialogue* covers a comprehensive and practical set of tools and strategies for implementing dialogic instruction. . . . It is a program that has been fully tested at Michigan State University in one of the most thorough and carefully crafted teacher education programs nationally." —From the Foreword by Martin Nystrand, professor emeritus, University of Wisconsin-Madison "One of the most exciting aspects of English language arts is the discussion that can occur in the classroom. For many teachers, however, it is often a struggle to structure and implement real dialogue. *Inspiring Dialogue* provides specific guidance to encourage authentic conversations between teachers and students with practical advice for implementation." —Leila Christenbury Chair, Department of Teaching and Learning, Commonwealth Professor, English Education, School of Education, Virginia Commonwealth University Mary M. Juzwik is associate professor of language and literacy in the Department of Teacher Education at Michigan State University (MSU), and co-editor of the journal *Research in the Teaching of English*. Carlin Borsheim-Black is assistant professor of English language and literature at Central Michigan University (CMU). Samantha Caughlan is an assistant professor of English education in the Department of Teacher Education at MSU. Anne Heintz is an adjunct professor in the Master of Arts in Educational Technology program at

MSU.

THE VELDT

HarperCollins

Their Eyes Were Watching God is a 1937 novel by African-American writer Zora Neale Hurston. It is considered a classic of the Harlem Renaissance of the 1920s, and it is likely Hurston's best known work.

A Monster Calls Teachers College Press
The Rainbow (1915) revolves around three generations of the Brangwens, a strong, vigorous family, deeply involved with the land. When Tom Brangwen marries a Polish widow, Lydia Lensky, and adopts her daughter Anna as his own, he is unprepared for the conflict and passion that erupts between them. All are seeking individual fulfillment, but it is Ursula, Anna's spirited daughter, who, in search for self-knowledge, rejects the conventional role of womanhood

Chronicle of a Death Foretold Jacana Media

New York Times Bestseller "I never thought science could be funny . . . until I read Frank Einstein. It will have kids laughing." —Jeff Kinney, *Diary of a Wimpy Kid* "Huge laughs and great science—the kind of smart, funny stuff that makes Jon Scieszka a legend." —Mac Barnett, author of *Battle Bunny* and *The Terrible Two* Clever science experiments, funny jokes, and robot hijinks await readers in the first of six books in the New York Times bestselling Frank Einstein chapter book series from the mad scientist team of Jon Scieszka and Brian Biggs. The perfect combination to engage and entertain readers, the series features real science facts with adventure and humor, making these books ideal for STEM education. This first installment examines the science of "matter." Kid-genius and inventor Frank Einstein loves figuring out how the world works by creating household contraptions that are part science, part imagination, and definitely unusual. In the series opener, an uneventful experiment in his garage-lab, a lightning storm, and a flash of electricity bring Frank's inventions—the robots Klink and Klank—to life! Not exactly the ideal lab partners, the wisecracking Klink and the overly expressive Klank nonetheless help Frank attempt to perfect his inventions. . . . until Frank's archnemesis, T. Edison, steals Klink and Klank for his evil doomsday plan! Integrating real science facts with wacky humor, a silly cast of characters, and science fiction, this uniquely engaging series is an irresistible chemical reaction for middle-grade readers. With easy-to-read language and graphic illustrations on almost every page, this chapter book

series is a must for reluctant readers. The Frank Einstein series encourages middle-grade readers to question the way things work and to discover how they, too, can experiment with science. In a starred review, Kirkus Reviews raves, "This buoyant, tongue-in-cheek celebration of the impulse to 'keep asking questions and finding your own answers' fires on all cylinders," while Publishers Weekly says that the series "proves that science can be as fun as it is important and useful." Read all the books in the New York Times bestselling Frank Einstein series: Frank Einstein and the Antimatter Motor (Book 1), Frank Einstein and the Electro-Finger (Book 2), Frank Einstein and the BrainTurbo (Book 3), and Frank Einstein and the EvoBlaster Belt (Book 4). Visit frankeinsteinebooks.com for more information. STARRED REVIEW "In the final analysis, this buoyant, tongue-in-cheek celebration of the impulse to 'keep asking questions and finding your own answers' fires on all cylinders." --Booklist, starred review "Scieszka mixes science and silliness again to great effect." —Kirkus Reviews "In refusing to take itself too seriously, it proves that science can be as fun as it is important and useful." —Publishers Weekly "With humor, straightforward writing, tons of illustrations, and a touch of action at the end, this book is accessible and easy to read, making it an appealing choice for reluctant readers. A solid start to the series." --School Library Journal "Kids will love Frank Einstein because even though he is a new character he will be instantly recognizable to the readers...Jon Scieszka is one of the best writers around, and I can't wait to see what he does with these fun and exciting characters." —Eoin Colfer, Artemis Fowl "Jon Scieszka's new series has the winning ingredients that link his clever brilliance in story telling with his knowledge of real science, while at the same time the content combination of fiction and non fiction appeals to the full range of the market." —Jack Gantos, Dead End in Norvelt

A Novel of Mythic Proportions

Dramatic Publishing

The stunning new novel from the highly-acclaimed author of *The Panopticon* It's November of 2020, and the world is freezing over. Each day colder than the last. There's snow in Israel, the Thames is overflowing, and an iceberg separated from the Fjords in Norway is expected to drift just off the coast of Scotland. As ice water melts into the Atlantic, frenzied London residents evacuate by the thousands for warmer temperatures down south. But not Dylan. Grieving and ready

to build life anew, he heads north to bury his mother's and grandmother's ashes on the Scottish islands where they once lived. Hundreds of miles away, twelve-year-old Estella and her survivalist mother, Constance, scrape by in the snowy, mountainous Highlands, preparing for a record-breaking winter. Living out of a caravan, they spend their days digging through landfills, searching for anything with restorative and trading value. When Dylan arrives in their caravan park in the middle of the night, life changes course for Estella and Constance. Though the weather worsens, his presence brings a new light to daily life, and when the ultimate disaster finally strikes, they'll all be ready. Written in incandescent, dazzling prose, *The Sunlight Pilgrims* is a visionary story of courage and resilience in the midst of nature's most violent hour; by turns an homage to the portentous beauty of our natural world, and to just how strong we can be, if the will and the hope is there, to survive its worst. - NPR "Best Books of 2016" - Family Matters, Identity & Culture, Science Fiction & Fantasy, and Tales from Around the World

Frank Einstein and the Antimatter Motor (Frank Einstein series #1)

Hogarth

Mary Shelley began writing *Frankenstein* when she was only eighteen. At once a Gothic thriller, a passionate romance, and a cautionary tale about the dangers of science, *Frankenstein* tells the story of committed science student Victor Frankenstein. Obsessed with discovering the cause of generation and life and bestowing animation upon lifeless matter, Frankenstein assembles a human being from stolen body parts but; upon bringing it to life, he recoils in horror at the creature's hideousness. Tormented by isolation and loneliness, the once-innocent creature turns to evil and unleashes a campaign of murderous revenge against his creator, Frankenstein. *Frankenstein*, an instant bestseller and an important ancestor of both the horror and science fiction genres, not only tells a terrifying story, but also raises profound, disturbing questions about the very nature of life and the place of humankind within the cosmos: What does it mean to be human? What responsibilities do we have to each other? How far can we go in tampering with Nature? In our age, filled with news of organ donation genetic engineering, and bio-terrorism, these questions are more relevant than ever.

The Sunlight Pilgrims Balzer + Bray "Both timely and terrifying." —Gregory Macguire, New York Times–bestselling author of *Wicked Pairing* free verse with

over three hundred pages of black-and-white watercolor illustrations, *Mary's Monster* is a unique and stunning biography of Mary Shelley, the pregnant teenage runaway who became one of the greatest authors of all time. Legend is correct that Mary Shelley began penning *Frankenstein* in answer to a dare to write a ghost story. What most people don't know, however, is that the seeds of her novel had been planted long before that night. By age nineteen, she had been disowned by her family, was living in scandal with a married man, and had lost her baby daughter just days after her birth. Mary poured her grief, pain, and passion into the powerful book still revered two hundred years later, and in *Mary's Monster*, author/illustrator Lita Judge has poured her own passion into a gorgeous book that pays tribute to the life of this incredible author. A 2019 NCSS-CBC Notable Social Studies Trade Book A 2019 Amelia Bloomer Project Book This title has Common Core connections.

ISHMAEL

Roaring Brook Press

One of the most beloved and bestselling novels of spiritual adventure ever published, *Ishmael* has earned a passionate following. This special twenty-fifth anniversary edition features a new foreword and afterword by the author. "A thoughtful, fearlessly low-key novel about the role of our species on the planet . . . laid out for us with an originality and a clarity that few would deny."—The New York Times Book Review Teacher Seeks Pupil. Must have an earnest desire to save the world. Apply in person. It was just a three-line ad in the personals section, but it launched the adventure of a lifetime. So begins an utterly unique and captivating novel. It is the story of a man who embarks on a highly provocative intellectual adventure with a gorilla—a journey of the mind and spirit that changes forever the way he sees the world and humankind's place in it. In *Ishmael*, which received the Turner Tomorrow Fellowship for the best work of fiction offering positive solutions to global problems, Daniel Quinn parses humanity's origins and its relationship with nature, in search of an answer to this challenging question: How can we save the world from ourselves? Explore Daniel Quinn's spiritual *Ishmael* trilogy: *ISHMAEL* • *MY ISHMAEL* • *THE STORY OF B* Praise for *Ishmael* "As suspenseful, inventive, and socially urgent as any fiction or nonfiction you are likely to read this or any other year."—The Austin Chronicle "Before we're halfway through this slim book . . . we're in [Daniel

Quinn's] grip, we want Ishmael to teach us how to save the planet from ourselves. We want to change our lives."—The Washington Post "Arthur Koestler, in an essay in which he wondered whether mankind would go the way of the dinosaur, formulated what he called the Dinosaur's Prayer: 'Lord, a little more time!' Ishmael does its bit to answer that prayer and may just possibly have bought us all a little more time."—Los Angeles Times

Big Fish Anchor

A monster assembled by a scientist from parts of dead bodies develops a mind of his own as he learns to loathe himself and hate his creator. Shelley's suspenseful and intellectually rich gothic tale confronts some of the most important and enduring themes in all of literature—the power of human imagination, the potential hubris of science, the gulf between appearance and essence, the effects of human cruelty, the desire for revenge and the need for forgiveness, and much more.

A Raisin in the Sun Anchor

The Bible's affirmation of Israel's divine election is often ignored or even repudiated by contemporary Christians and Jews who are scandalized by the possibility that God might favor one person or group over another. Beginning with the stories of family rivalry in Genesis and working through a host of other biblical texts, Joel Kaminsky explores the dynamics of election: Why does God favor certain people? How do the chosen and non-chosen interact? And what might these texts teach us about God's intentions for the world? Book jacket.

The social and emotional welfare of students in both K-12 and higher education settings has become increasingly important during the third decade of the 21st century, as students face a variety of social-emotional learning (SEL) challenges related to a multitude of internal and external factors. As concepts around traditional literacy education evolve and become more culturally and linguistically relevant, the connections between SEL and academic literacy opportunities warrant considerable exploration. The Handbook of Research on Supporting Social and Emotional Development Through Literacy Education develops a conceptual framework around pedagogical connections to social and emotional teaching and learning within K-12 literacy practices. This text provides a variety of research and practice protocols supporting student success through the integration of SEL and literacy across grade levels. Covering topics such as culturally relevant literacy, digital literacy, and content-area literacy, this handbook is essential for curriculum directors, education faculty, instructional

facilitators, literacy professionals, practicing teachers, pre-service teachers, professional development coordinators, school counselors, teacher preparation programs, academicians, researchers, and students.

The Rainbow Illustrated Vintage Canada

The advanced technology of a house first pleases then increasingly terrifies its occupants.

Never Let Me Go Prabhat Prakashan NOW A #1 NEW YORK TIMES BESTSELLER!

An unflinching, darkly funny, and deeply moving story of a boy, his seriously ill mother, and an unexpected monstrous visitor. At seven minutes past midnight, thirteen-year-old Conor wakes to find a monster outside his bedroom window. But it isn't the monster Conor's been expecting-- he's been expecting the one from his nightmare, the nightmare he's had nearly every night since his mother started her treatments. The monster in his backyard is different. It's ancient. And wild. And it wants something from Conor. Something terrible and dangerous. It wants the truth. From the final idea of award-winning author Siobhan Dowd-- whose premature death from cancer prevented her from writing it herself-- Patrick Ness has spun a haunting and darkly funny novel of mischief, loss, and monsters both real and imagined.
