## THE EXILED QUEEN

Penguin

Read Alison Goodman's blogs and other content on the Penguin Community. Eon has been revealed as Eona, the first female Dragoneye in hundreds of years. Along with fellow rebels Ryko and Lady Dela, she is on the run from High Lord Sethon's army. The renegades are on a quest for the black folio, stolen by the drug-riddled Dillon; they must also find Kygo, the young Pearl Emperor, who needs Eona's power and the black folio if he is to wrest back his throne from the self-styled "Emperor" Sethon. Through it all, Eona must come to terms with her new Dragoneye identity and power - and learn to bear the anguish of the ten dragons whose Dragoneyes were murdered. As they focus their power through her, she becomes a dangerous conduit for their plans. . . . Eona, with its pulse-pounding drama and romance, its unforgettable fight scenes, and its surprises, is the conclusion to an epic only Alison Goodman could create.

When Talia Lyons was just a child, her parents were murdered before her eyes. Offered a choice between accepting their fate and exacting revenge, Talia trains to become one of the country's deadliest assassins in order to kill the man responsible for their deaths: Ian Crane. Luckily, Talia was born with a gift- the ability to read and influence the minds of others. At sixteen, Talia is poised to graduate from the McDonough School for the Talented, where she learned to control her abilities. Now there is only one obstacle standing between her and the retribution she craves... Talia, herself. Her greatest asset may also be her undoing; while a formidable weapon in the field, Talia's talents prevent her from both shutting off the mental connection she shares with her questionable boyfriend and blocking out the thoughts of a beguiling fellow recruit. But Talia can't afford to have the feelings and distractions of a normal teenage girl, when her life is far from normal. She must regain the single-minded determination that has brought her this far, or it may cost Talia her life when she finally faces Crane. And even after being molded in to a weapon of war, she'll still have to find the strength it takes to pull the trigger. If James Bond and Sookie Stackhouse had a love child with a yearning for vengeance, her story would be TALENTED: an adventure about powerful teenagers who aren't afraid to embrace their fears and fight for what they believe in.
