A MEMOIR OF FAMILY, WAR AND PEACE

Marvel

An electrifying story of the sensational murder trial that divided a

city and ignited the civil rights struggle. In 1925, Detroit was a smoky swirl of jazz and speakeasies, assembly lines and fistfights. The advent of automobiles had brought workers from around the globe to compete for manufacturing jobs, and tensions often flared with the KKK in ascendance and violence rising. Ossian Sweet, a proud Negro doctor-grandson of a slave-had made the long climb from the ghetto to a home of his own in a previously all-white neighborhood. Yet just after his arrival, a mob gathered outside his house; suddenly, shots rang out: Sweet, or one of his defenders, had accidentally killed one of the whites threatening their lives and homes. And so it began—a chain of events that brought America's greatest attorney, Clarence Darrow, into the fray and transformed Sweet into a controversial symbol of equality. Historian Kevin Boyle weaves the police investigation and courtroom drama of Sweet's murder trial into an unforgettable tapestry of narrative history that documents the volatile America of the 1920s and movingly re-creates the Sweet family's journey from slavery through the Great Migration to the middle class. Ossian Sweet's story, so richly and poignantly captured here, is an epic tale of one man trapped by the battles of his era's changing times. *Arc of Justice* is the winner of the 2004 National Book Award for Nonfiction.

What do you get when you combine all the best-loved pop culture genres of the 1970s: apes, monsters, Kung Fu, sword-and-sorcery, and cosmic adventure? You get BRONZE AGE BOOGIE, an intense, character-based action-fest with plenty of style! Young barbarian princess Brita Constantina finds herself battling a Martian invasion--in both 1975 AD and BC--alongside a time-tossed crew. Featuring Jackson Li, Master of Martial Arts; Lynda Darrk, street warrior; the timeless being called GODD; and many more, including Doc Lunar, Sniffer Ape, and Go-Go Golem. Join the party, baby! "A wacky genre mash-up that starts with a bang, throwing readers into a massive ancient conflict while steadily injecting strange new elements into the plot.... The sense of scale Ponticelli brings to the battle is very impressive, and he packs the spread with detail that Brusco matches in her vibrant, textured coloring." -- AV CLUB "Prepare to discover BRONZE AGE BOOGIE. The series combines the best-selling comic genres of the 1970s -- beyond superheroes -- into one wild adventure as monsters, kung fu, fantasy, cosmic adventure and of course apes collide when a barbarian princess faces a martian invasion in 1975 AD. But don't

expect the creative team of Stuart Moore, Alberto Ponticelli and Giulia Brusco to go for the easy way-back jokes with this series."-- HOLLYWOOD REPORTER "A love letter to the 70's and to your favorite sci-fi and fantasy stories." -- COMICON "This mad masterwork has everything and damn near the kitchen sink.... it's apocalyptic fun on all ends of the timeline."-- TRIPWIRE "Superheroes may be the most popular type of comic story, but the joy of the format is that it can mix and match genres in a unique way. That is on full display in this fun new series." -- ENTERTAINMENT WEEKLY "From its jawdroppingly odd first page to its hilariously insane last, BRONZE AGE BOOGIE sets itself apart from every other comic in the best possible ways. I loved every insane minute of it." --Matthew Rosenberg (Uncanny X-Men, The Punisher, 4 Kids Walk Into A Bank) "It's like skateboarding uncontrollably through 1970s comics with kaleidoscopes strapped to your eyes -- but in a good way! I mean, I guess they could have called it SAVAGE SWORD OF THE PLANET OF THE DEADLY HANDS OF THE WORLDS ON THE LOOSE...but BRONZE AGE BOOGIE is, at the very least, shorter. Don't miss it!" -- Kurt Busiek (Astro City, Marvels) "This is the monthly comic book medium at its best."-- MULTIVERSITY COMICS "Packed with sheer entertainment from start to finish, BRONZE AGE BOOGIE #1 is guaranteed to put a smile on your face."-- WMQ COMICS "The writing is extremely intelligent and amusing, subverting a lot of known quantities in the name of comedy." -- OMNI COMIC "A fantastically entertaining and psychedelic ride." -- BIG COMIC PAGE "I didn't know what to expect before reading this, but whatever those expectations were, consider them shattered...in a FANTASTIC way! This may seem like wall-to-wall insanity, but it's an absolute party full of ideas that I'm all in for hanging around and seeing what more madness they develop into. ... Give this book a read if you want something completely different to everything else on your stack."-- POP CULT HQ "Kung fu, swords and talking apes. You don't need more than that, do you?" -- 13TH DIMENSION

The first of Titan's new series of original Marvel novels, starring Spider-Man's arch foe Venom in his anti-hero role as the Lethal

Protector. WHEN EDDIE BROCK BECOMES BIOLOGICALLY LINKED TO A BIZARRE ALIEN SYMBIOTE, THE TWO SHARE A COMMON GOAL. At first they seek to squash their arch-foe Spider-Man. After repeated attempts, Venom reaches an uneasy truce with the web-spinner. Brock leaves New York and heads west to San Francisco, the city of his birth, eager to put trouble behind him. Trouble has different ideas. Brock commits himself to becoming a defender of the innocent, but he's a six-foot-three-inch, 260 lb. figure with bulging muscles and fangs like a shark. Venom quickly draws attention--first from a furious Spider-Man, who's certain Brock has broken his word, then from a team of armored enemies who set out to kill the "Lethal Protector." Venom joins forces with the web-spinner, only to face an even deadlier threat--five trained killers, each wearing a symbiotic suit like Brock's. These are the Spawn of Venom, and they're out for blood.

This adaptation will not only give readers an amazing novelization of the upcoming John Carter film, but also the original text of A Princess of Mars, by Edgar Rice Burroughs. A Princess of Mars was the first book to feature John Carter, led to an eleven-book series featuring his adventures, and was also the basis for the 2012 movie! The movie John Carter tells the story of a war-weary former military captain during the Civil War, who is inexplicably transported to Mars. He quickly (and reluctantly) becomes

embroiled in a conflict of epic proportions amongst the inhabitants of the planet. The adaptation, written by Stuart Moore, wonderfully brings the movie's otherworldly action and adventure to the page, while keeping the themes of family, planetary survival, and loyalty at heart.
