Work with your triggers to find peace in the painful moments and lasting emotional well-being. Psychotherapist David Richo examines the science of triggers and our reactions of fear, anger, and sadness. He helps us understand why our bodies respond before our minds have a chance to make sense of a situation. By looking deeply at the roots of what provokes us--the words, actions, and even sensory elements like smell--we find opportunities to understand the origins of our triggers and train our bodies to remain calm in the face of painful memories. The book offers in-the-moment exercises on how to process difficult emotions and physical manifestations in order to cultivate the inner resources necessary to deal with recurring memories of trauma. When we are triggered, Richo writes, "we are being bullied by our own unfinished business." Explore what your body's knee-jerk reactions can teach you. Triggers: How We Can Stop Reacting and Start Healing acts as a guide to your body's powerful responses, helping you to remain calm under pressure and discover the key to emotional healing.

Exploring the possibility of wigs by portraying 111 transformations of Cameron Lee Phan in 111 handmade wigs made by Tomihiro Kono. Hairstyles are closely related to our identity; They create both our inner and outer self. This can reflect our personality or, in some way, can hide our true selves. We can suddenly make ourselves look like a different person by wearing a wig. A wig is a kind of mask, designed on the one hand to make a definite impression upon others, and on the other to conceal the true nature of the individual. Changing how we look is an act of self-reflection, self-assertion, and self-defense. We live in the spirals of the world by defining ourselves and being defined by others. In Latin times a persona was a mask; today our digital masks have turned into persons that amplify our individual digital essence, letting our fake and intangible identities take over. Tomihiro Kono's wigs are a reaction to our digital society and a way to reclaim our physicality: with his creations the artist and designer invites us indeed to go over a physical, rather than digital, transformation. A wig by Tomihiro Kono is therefore a "mask-thrix" - a mask for the hair ("thrix" meaning "hair" in Greek), a symbol of an existential drama and the possibility of taking up not just one role, but multiple ones. By wearing a wig by Tomihiro Kono you can be anything and anyone but yourself. The promise is alluring. Enter the Mask-Thrix.

"Dr. Brown extends an authentic invitation to reframe lessons in leadership and biblical application that allows us to shift perspectives and expand our sense of self beyond that of the world, leaning into the purpose and intentionality of God's promises and perception of us. She delivers a profound and timely reminder that how we perceive ourselves outweighs that which we cannot control." -Dr. Kathleen N. Cabler, ODCP "If you have a desire to be set free from the opinions of others and simply believe in what God placed on the inside of you, I urge you to read this book." -Bishop Kim W. Brown, Author and Bishop of The Mount Global Fellowship of Churches In It's Not What You Call Me, It's What I Answer To, Keshia Brown shares how a revelation of God's definition of us is one without rival. There are so many titles we allow ourselves to be defined by other than the one we were designed

to fully live out. Often driven by a confusing set of worldly expectations, there is an identity crisis that happens when we allow ourselves to be defined by what others call us. This crisis requires us to refute the lies of the enemy to become better women, leaders, and disciples for the Kingdom. The passion and purpose in fulfilling our goals and walking out our destiny require an extraordinary commitment to our God-given assignment. You'll learn and reflect on what happens on the journey to birthing dreams is filled with challenges, transition, and processes that we don't always bargain for but are necessary to propel us into the next season of our lives. Keshia uses passion, humor, and a reflection of childhood memories to challenge you to: - Flip the notion of what others call you in acceptance for what God calls you- Tackle and identify "baggage cycles" in exchange for "breakthrough cycles"- Answer the call of purpose on your life despite adversity - Dismantle strongholds of negative belief systems in your thinking- Embrace the uniqueness and leader in youWe have an enemy assaulting our minds and our thoughts in hope that we will turn our backs on our future, our purpose, and God's promises to us. It's a cycle that keeps us in bondage thinking rather than breakthrough thinking. No more eeny, meeny, miny, moe. Yes, you! You've been called by God. Includes Chapter Review, Discussion Questions, and Prayers.

Introduction to Enumerative and Analytic Combinatorics fills the gap between introductory texts in discrete mathematics and advanced graduate texts in enumerative combinatorics. The book first deals with basic counting principles, compositions and partitions, and generating functions. Lastly, the text discusses supplemental topics, including error-correcting codes, properties of sequences, and magic squares. Strengthening the analytic flavor of the book, this Second Edition: Features a new chapter on analytic combinatorics and new sections on advanced applications of generating functions Demonstrates powerful techniques that do not require the residue theorem or complex integration Adds new exercises to all chapters, significantly extending coverage of the given topics Introduction to Enumerative and Analytic Combinatorics, Second Edition makes combinatorics more accessible, increasing interest in this rapidly expanding field.
