Imagine how different your life would be if you were free from your baggage, your limitations, and

your pain? As a therapist, imagine having an effective tool to help your clients become free of depression, PTSD and anxiety within hours rather than years? In *Mental and Emotional Release*, Dr. Matt James introduces an incredible therapeutic process MER proven to be effective in treating everything from bedwetting to bulimia, PTSD to migraines within hours, not years. This is the type of result we all want for all of our patients. But frankly, before I started introducing MER to my patients, I rarely saw it and definitely didn't see it happening as quickly as this. Dr. Larry Momaya, psychiatrist

Written in a language both professionals and non-professionals can understand, *Mental and Emotional Release* offers real life case studies, an overview of MER and its foundation, step by step scripts to follow, and clinical efficacy studies comparing MER to other therapies. Its straight-forward and targeted. Patients don't have to re-live any traumas from the past to resolve them, and they don't have to go into deep hypnotic trance. For 80-85% of my patients, MER gives tremendous relief from their symptoms in the very first session. Dr. Patrick Scott, psychologist

By the team behind the bestselling *NLP: The New Technology of Achievement* comes an essential new guide to NLP techniques—for self-development and influencing others—in a focused, step-by-step handbook. NLP (Neuro-Linguistic Programming) has already helped millions of people overcome fears, increase confidence, enrich relationships, and achieve greater success. Now, from the company and training team behind *NLP: The New Technology of Achievement*, one of the bestselling NLP books of all time, comes *NLP: The Essential Guide to Neuro-Linguistic Programming*. Written by three NLP Master Practitioners and training coaches, including the president of NLP Comprehensive, with an introduction from the President of NLP Comprehensive, *NLP: The Essential Guide to Neuro-Linguistic Programming* guides users to peak performance in business and life, and gets specific results. In twelve illuminating sections, *NLP: The Essential Guide to Neuro-Linguistic Programming* leads you through dozens of “discoveries”—revelations of NLP practice that enable you to explore your own personal thinking patterns, to manage them—and to transform them. Divided into two categories, “All About You” and “All About the Other Guy,” these strategies offer a personal and interpersonal program that frees you to become better at managing your feelings instead of being dominated by them, managing your motivations, being less judgmental, more productive, more confident, more flexible, more persuasive, liked, and respected. Chapters on “Personal Remodeling” (Discovery 9: No inner enemy) and “Secrets of Making Your Point” (Discovery 31: Convey understanding and safety without talking), enhance creativity, collaboration, cooperation, and communication. Through “mind reading” techniques—non-verbal communication, and “hearing what’s missing”—learn the secrets of relating with others, understanding how they are thinking—and influencing them. A streamlined all-purpose guide for both newcomers and NLP veterans, *NLP: The Essential Guide to Neuro-Linguistic Programming* is the new all-in-one, eye-opening blueprint for your own ultimate success.

Coaching with NLP Red Wheel/Weiser

Why do people have so much difficulty achieving their goals, making big changes, and becoming the people they want to be? If we can imagine it, why can't we achieve it? Transformational NLP: A New Psychology offers a new understanding of how the brain really works and how we can use this knowledge for personal change and growth. Describing the evolution of the brain, Carl Buchheit explains how humans are conditioned by creature-level neurological programming which, while working hard to make sure we survive, also keeps us from expressing ourselves fully in the realms of love and our personal purpose in life. When we want to change our thought and behavior patterns, we find that we are limited by our deeply ingrained habits, our unconscious beliefs, and our self-defined identities. We try a variety of therapies and techniques to overcome limitations, but this rarely works. This book is about who we really are and how our brains really operate. When we understand how our brains work, we can quickly learn to work with and not against ourselves, and change becomes possible. While Transformational NLP has its basis in NLP, and uses many tools of NLP, it has evolved into a very different paradigm. The book investigates the history of NLP, from its intellectual antecedents in the science and philosophies of Alfred Korzybski and Noam Chomsky to the ground-breaking work of John Grinder and Richard Bandler and their brilliant student Robert Dilts, and shows how this direct, powerful, and elegant means for personal growth has developed and changed over its more than forty years of evolution. When a clinical psychologist, Jonathan Rice, started using these potent NLP tools in his own practice, and taught his methods to Carl Buchheit, this started a new branch of both psychology and NLP. Transformational NLP incorporates material drawn from, or inspired by, the holographic model of the universe as explained by physicist David Bohm, the basic premises and implications of twentieth and twenty-first century quantum mechanics, Bert Hellinger's trans-generational, systemic constellation work, and the metaphysics of the perennial philosophy such as described by Aldous Huxley. It offers breakthrough insights and unique methods neuro-linguistic and otherwise that Buchheit has developed over the course of more than three decades, working with thousands of clients. Buchheit explains that the key to change is to have more rapport with self by understanding the positive intentions in our unconscious that motivated our thoughts and behavior in the past. He shows how it is possible to alter the meaning of

the past so it leads to the future we desire, and he uses the principles of quantum physics to assist the client to manifest an alternative reality. He demonstrates that we can become free of our unconscious addiction to the patterns of loss and pain that were set in motion by the suffering of our ancestors, generations before we were born. Most importantly, he describes new approaches and methods that empower people to have more choice in their lives, and to achieve their dreams by becoming more and more of who they really are, and who they want to be. This book will be of great interest to all students of NLP as well as to psychologists, social workers, mental health workers, teachers, historians, and philosophers. It will especially appeal to many people who are interested in personal transformation and gaining entirely new perspectives about understanding and changing our human experience."

THE INDUSTRY GUIDE

Crown House Publishing

This wonderful book is for anyone interested in making their life significantly better. It is a goldmine of insights and techniques from one of the greatest geniuses of personal change. As you use the techniques in this book, you will exponentially increase your ability to make dramatic life-enhancing differences. It is by far one of the most entertaining and professionally stimulating books I have read. It will change your life!"--Paul McKenna, Ph.D, author of I Can Make You Thin and host of The Learning Channel's I Can Make You More than thirty years ago, Richard Bandler set out to discover how some therapists managed to effect startling change with their clients, while others were arguing about theories as their face patients waited in vain for help. Now widely regarded as the world's greatest hypnotist, Richard Bandler observed and developed patterns which became the foundation of neuro-linguistic programming (NLP), arguably one of the most profoundly effective approaches for self-development and change. Since coauthoring the internationally influential books, The Structure of Magic Volume 1, and Patterns of the Hypnotic Techniques of Milton Erickson, M.D. Volume 1, Bandler has traveled the world, honing his skills and helping people solve problems and achieve goals when other "experts" have been unable to help. Richard Bandler's Guide to TRANCE-formation,

he returns to his roots: hypnotic phenomena, trancework, and altered states to provide a highly compelling prescription for personal change. According to Bandler, "trance" is at the very foundation of human experience. People are not simply in or out of trance, but are moving from one trance to another. They have their work trances, their relationship trances, their driving trances, and their parenting trances. Some of these states are useful and appropriate; others are not. With his signature wit and contrarian approach to therapy, Bandler shows how anyone can reset or reprogram problem behaviors to desired alternatives, with lasting and life-altering results. Peppered with case studies and more than thirty exercises, Richard Bandler's Guide to TRANCE-formation, is an intriguing, engaging, and often amusing, read for anyone, whether they are new to NLP, want to further their NLP training, or simply want to make a positive difference in their own lives.
