A MOTHER'S JOURNEY

Penguin
Winner of the Stowe Prize Winner of the NBCC Prize for Nonfiction This compelling #1 New York Times bestseller examines the legacy of slavery in America—and how both history and activism continue to shape our everyday lives. Beginning in his hometown of New Orleans, Clint Smith leads the reader on an unforgettable tour of monuments and landmarks—those that are honest about the past and those that are

not—that offer an intergenerational story of how slavery has been central in shaping our nation's collective history, and ourselves. It is the story of the Monticello Plantation in Virginia, the estate where Thomas Jefferson wrote letters espousing the urgent need for liberty while enslaving more than four hundred people. It is the story of the Whitney Plantation, one of the only former plantations devoted to preserving the experience of the enslaved people whose lives and work sustained it. It is the story of Angola, a former plantation-turned-maximum-security prison in Louisiana that is filled with Black men who work across the 18,000-acre land for

virtually no pay. And it is the story of Blandford Cemetery, the final resting place of tens of thousands of Confederate soldiers. A deeply researched and transporting exploration of the legacy of slavery and its imprint on centuries of American history, *How the Word Is Passed* illustrates how some of our country's most essential stories are hidden in plain view—whether in places we might drive by on our way to work, holidays such as Juneteenth, or entire neighborhoods like downtown Manhattan, where the brutal history of the trade in enslaved men, women, and children has been deeply imprinted. Informed by scholarship and brought to life by the

story of people living today, Smith's debut work of nonfiction is a landmark of reflection and insight that offers a new understanding of the hopeful role that memory and history can play in making sense of our country and how it has come to be.

 A headstrong girl. A stray cat. A wild boy. A man who plays with fire. Eleven-year-old Zoë trusts no one. Her father left before she was born. At the death of her irresponsible mother, Zoë goes to live with her uncle, former surgeon and famed metal sculptor Dr. Henry Royster. She's sure Henry will fail her as everyone else has. Reclusive since his wife's death, Henry takes Zoë to Sugar Hill, North

Carolina, where he welds sculptures as stormy as his moods. Zoë and Henry have much in common: brains, fiery and creative natures, and badly broken hearts. Zoë confronts small-town prejudice with a quick temper. She warms to Henry's odd but devoted friends, meets a mysterious teenage boy living wild in the neighboring woods, and works to win the trust of a feral cat while struggling to trust in anyone herself. In this ALA Notable Children's Book and Kirkus Reviews Best Children's Book of the Year, Zoë's questing spirit leads her to uncover the wild boy's identity, lay bare a local lie, and begin to understand the true power of Henry's art. Then one decisive

night, she and the boy risk everything in a reckless act of heroism.

Small Spaces

In the tradition of novels of Gayle Forman and John Green comes this extraordinary YA debut about a blind teen girl navigating life and love in high school. Parker Grant doesn't need 20/20 vision to see right through you. That's why she created the Rules: Don't treat her any differently just because she's blind,

and never take advantage. There will be no second chances. Just ask Scott Kilpatrick, the boy who broke her heart. When Scott suddenly reappears in her life after being gone for years, Parker knows there's only one way to react--shun him so hard it hurts. She has enough on her mind already, like trying out for the track team (that's right, her eyes don't work but her legs still do), doling out tough-love advice to her painfully naive classmates, and giving herself gold stars for every day she hasn't cried since her dad's death three months ago. But avoiding her past quickly proves impossible, and the more Parker learns about what really happened--both with

Scott, and her dad--the more she starts to question if things are always as they seem. Maybe, just maybe, some Rules are meant to be broken. Combining a fiercely engaging voice with true heart, debut author Eric Lindstrom's *Not If I See You First* illuminates those blind spots that we all have in life, whether visually impaired or not. *Toulouse* Puffin Books

A Reckoning with the History of Slavery Across America Tidewater Pub

Jeff Bussey walked briskly up the rutted wagon road toward Fort Leavenworth on his way to join the Union volunteers. It was 1861 in Linn County, Kansas, and Jeff was elated at the prospect of fighting for the North at last. In the Indian country south of Kansas there was dread in the air; and the name, Stand Watie, was on every tongue. A hero to the rebel, a devil to the Union man, Stand Watie led the

Cherokee Indian Nation fearlessly and successfully on savage raids behind the Union lines. Jeff came to know the Watie men only too well. He was probably the only soldier in the West to see the Civil War from both sides and live to tell about it. Amid the roar of cannon and the swish of flying grape, Jeff learned what it meant to fight in battle. He learned how it felt never to have enough to eat, to forage for his food or starve. He saw the green fields of Kansas and Okla-homa laid waste by Watie's raiding parties, homes gutted, precious corn deliberately uprooted. He marched endlessly across parched, hot land, through mud and slash-ing rain, always hungry, always dirty

and dog-tired. And, Jeff, plain-spoken and honest, made friends and enemies. The friends were strong men like Noah Babbitt, the itinerant printer who once walked from Topeka to Galveston to see the magnolias in bloom; boys like Jimmy Lear, too young to carry a gun but old enough to give up his life at Cane Hill; ugly, big-eared Heifer, who made the best sourdough biscuits in the Choctaw country; and beautiful Lucy Washbourne, rebel to the marrow and proud of it. The enemies were men of an-other breed - hard-bitten Captain Clardy for one, a cruel officer with hatred for Jeff in his eyes and a dark secret on his soul. This is a rich and sweeping novel-rich in its panorama of

history; in its details so clear that the reader never doubts for a moment that he is there; in its dozens of different people, each one fully realized and wholly recognizable. It is a story of a lesser -- known part of the Civil War, the Western campaign, a part different in its issues and its problems, and fought with a different savagery. Inexorably it moves to a dramatic climax, evoking a brilliant picture of a war and the men of both sides who fought in it.

"Capturing one librarian's breathtaking fictional journey is a riveting way to showcase and honor

the risky work of these real librarians, and the text communicates a deep reverence for their mission-and their tremendous fortitude. Illustrations depict a pale, red-haired librarian, nearly always smiling despite the obstacles that nature puts in her path. Light and shadow are used effectively to convey Mother Earth's shifting moods... Educational and inspiring." -Kirkus Reviews Books By Horseback is a breathtaking adventure of a heroic Pack Horse Librarian who braves the harsh terrain of rural Kentucky to bring books to children who need them. A novel about one girl's journey to the arctic, where she discovers the power of letting go of pain and opening up to second chances

When twelve-year-old Talia—still reeling from the recent death of her mother—is forced to travel with her emotionally and physically distant whale-researcher father to the Arctic for the summer, she begins to wonder if the broken pieces inside of her will ever begin to heal. Like her jar of wishes, Talia feels bottled up and torn. Everything about life in Churchill feels foreign, including Sura, the traditional Inuit woman whom Talia must live with. But when Sura

exposes her to the tradition of storytelling, she unlocks something within Talia that has long since been buried: her ability to hope, to believe again in making wishes come true. A rich and poignant story about opening up—to new people, to second chances, to moving forward with life. Praise for *Waiting for Unicorns*: "Debut author Hautala's writing in this first-person narrative is lyrical and evocative; her descriptions of the landscape are vivid. Written by an author to watch, this quiet story of loss and healing will appeal to thoughtful readers." --Kirkus Reviews "This poignant story demonstrates that opening up to new experiences, places, and people can enrich

life even in the aftermath of tragedy."--*School Library Journal* "[An] affecting exploration of grief and the hope that can come through the love of good friends. With spellbinding descriptions...this story will stay with readers."--*Publishers Weekly* "Contemplative writing...a thoughtful examination of loss and hope."--*Booklist* "Hautala mines the frigid setting for some exquisitely wrought metaphors of sadness and grief, and Tal's reflections on her situation are lyrical and yet still appropriate, given her age. Readers who were touched by Holly Goldberg Sloan's *Counting by 7s* will find this to be a similarly moving tale."--*BCCB Reviews* "Middle school readers will embrace

Talia and her new family in the Arctic and perhaps receive the message about the power of stories to heal."--VOYA Reviews

"This is a well-written tween novel that deals with growing pains, grief, and loneliness."--School Library Connection
