 "Throughout the ages, many things have been used as currency: livestock, grains, spices, shells, beads, and now paper. But

only two things have ever been money: gold and silver. When paper money becomes too abundant, and thus loses its value, man always turns back to precious metals. During these times there is always an enormous wealth transfer, and it is within your power to transfer that wealth away from you or toward you." -  
 -Michael Maloney, precious metals investment
