Bestselling
author of
Geography of
Bliss returns
with this
funny,
illuminating
chronicle of a
globe-
spanning
spiritual quest
to find a faith
that fits. When
a health scare
puts him in
the hospital,

Eric Weiner-an
agnostic by
default-finds
himself
tangling with
an
unexpected
question,
posed to him
by a well-
meaning
nurse. "Have
you found
your God
yet?" The
thought of it
nags him, and
prods him-and
ultimately
launches him
on a far-flung
journey to do
just that.
Weiner, a
longtime
"spiritual

voyeur" and
inveterate
traveler,
realizes that
while he has
been privy to
a wide range
of religious
practices, he's
never
seriously
considered
these
concepts in
his own life.
Face to face
with his own
mortality, and
spurred on by
the question
of what
spiritual
principles to
impart to his
young
daughter, he

decides to correct this omission, undertaking a worldwide exploration of religions and hoping to come, if he can, to a personal understanding of the divine. The journey that results is rich in insight, humor, and heart. Willing to do anything to better understand faith, and to find the god or gods that speak to him, he travels to Nepal, where he meditates with Tibetan lamas and a guy named Wayne. He

sojourns to Turkey, where he whirls (not so well, as it turns out) with Sufi dervishes. He heads to China, where he attempts to unblock his chi; to Israel, where he studies Kabbalah, sans Madonna; and to Las Vegas, where he has a close encounter with Raelians (followers of the world's largest UFO-based religion). At each stop along the way, Weiner tackles our most pressing spiritual

questions: Where do we come from? What happens when we die? How should we live our lives? Where do all the missing socks go? With his trademark wit and warmth, he leaves no stone unturned. At a time when more Americans than ever are choosing a new faith, and when spiritual questions loom large in the modern age, Man Seeks God presents a perspective on religion that is sure to

delight,
inspire, and
entertain.

"Witches are
gathering."
When most
people hear
the word
"witches,"
they think of
horror films
and
Halloween,
but to the
nearly one
million
Americans
who practice
Paganism
today, it's a
nature-
worshipping,
polytheistic,
and very real
religion. So
Alex Mar
discovers
when she sets

out to film a documentary and finds herself drawn deep into the world of present-day witchcraft. Witches of America follows Mar on her immersive five-year trip into the occult, charting modern Paganism from its roots in 1950s England to its current American mecca in the San Francisco Bay Area; from a gathering of more than a thousand witches in the Illinois woods

to the New Orleans branch of one of the world's most influential magical societies. Along the way she takes part in dozens of rituals and becomes involved with a wild array of characters: a government employee who founds a California priesthood dedicated to a Celtic goddess of war; American disciples of Aleister Crowley, whose elaborate ceremonies turn the

Catholic mass on its head; second-wave feminist Wiccans who practice a radical separatist witchcraft; a growing "mystery cult" whose initiates trace their rites back to a blind shaman in rural Oregon. This sprawling magical community compels Mar to confront what she believes is possible-or hopes might be. With keen intelligence and wit, Mar illuminates the world of witchcraft

while grappling in fresh and unexpected ways with the question underlying all faiths: Why do we choose to believe in anything at all? Whether evangelical, Pagan priestess, or atheist, each of us craves a system of meaning to give structure to our lives. Sometimes we just find it in unexpected places. *You Can't Make This Stuff Up* Farrar, Straus and Giroux (BYR) Edgar M.

Bronfman's clarion call to a generation of secular, disaffected, and unaffiliated Jews, this book addresses the most critical question confronting Judaism worldwide. Completed in December 2013, just weeks before he passed away, *WHY BE JEWISH?* expresses Edgar Bronfman's awe, respect, and deep love for his faith and heritage. Bronfman walks readers through the

major tenets and ideas in Jewish life, fleshing out their meaning and offering proof texts from the Jewish tradition gleaned over his many years of study with some of the greatest teachers in the Jewish world. With honesty, poignancy, and passion, Bronfman shares In *WHY BE JEWISH?* insights gleaned from his own personal journey and makes a compelling case for the

meaning and transcendence of a secular Judaism that is still steeped in deep moral values, authentic Jewish texts, and a focus on deed over creed or dogma.

The Secret of Divine Civilization

Harper Collins
As a thirty-seven-year-old, highly skeptical, deeply rational woman, Joan had it all: loving family, extravagant home, a high-profile career, even personal contentment. So Joan was

more surprised than anyone when she was relieved in an instant from the luxury of spiritual doubt and compelled to realign her life around practices of faith--about which she was a novice. With an unexplainable desire to pursue whatever God had for her at whatever cost was called for, Joan left her high-salary profession, sold her home and all her furniture (with her husband's support), and started life

from a blank slate. Finally realizing that she had been flirting with faith since she was a young teen, Joan fell in love with the God who had been pursuing her. Joan candidly shares the story of her radical life change as she moved from atheist, to agnostic in addiction recovery, to the unexpected moment when she was "struck" Christian. As Joan lets go of control and convention, her skepticism

is gradually replaced with a realization that embracing her new faith with radical abandon led to a far more mysterious and countercultural lifestyle than she'd ever imagined.

Life Is Never
Mainly About
Love and
Marriage. So
Learn to Live
and Date for
More. Many of
you grew up
assuming that
marriage
would meet all

of your needs and unlock God's purposes for you. But God has far more planned for you than your future marriage. Not Yet Married is not about waiting quietly in the corner of the world for God to bring you "the one," but about inspiring you to live and date for more now. If you follow Jesus, the search for a spouse is no longer a pursuit of the perfect person, but a pursuit of more of God.

He will likely write a love story for you different than the one you would write for yourself, but that's because he loves you and knows how to write a better story. This book was written to help you find real hope, happiness, and purpose in your not-yet-married life.

HarperCollins
The bestselling coming-of-age classic, acclaimed by critics,

beloved by readers of all ages, taught in schools and universities alike, and translated around the world—from the winner of the 2019 PEN/Nabokov Award for Achievement in International Literature. The House on Mango Street is the remarkable story of Esperanza Cordero, a young Latina girl growing up in Chicago, inventing for herself who and what she will become. Told in a

series of vignettes—sometimes heartbreaking, sometimes deeply joyous—Sandra Cisneros' masterpiece is a classic story of childhood and self-discovery. Few other books in our time have touched so many readers. Birds of a Lesser Paradise Twelve When a health scare puts him in the hospital, Eric Weiner—an agnostic by default—finds himself tangling with an

unexpected question, posed to him by a well-meaning nurse. "Have you found your God yet?" The thought of it nags him, and prods him—and ultimately launches him on a far-flung journey to do just that. What happens when we die? How should we live our lives? Where do all the missing socks go? With his trademark wit and warmth, he leaves no stone unturned. At a time when more

Americans than ever are choosing a new faith, and when spiritual questions loom large in the modern age, MAN SEEKS GOD presents a perspective on religion that is sure to delight, inspire, and entertain. *Redeeming Love* Crossway The New York Times bestselling author of *The Geography of Bliss* embarks on a rollicking intellectual journey, following in the footsteps of history's

greatest thinkers and showing us how each—from Epicurus to Gandhi, Thoreau to Beauvoir—offers practical and spiritual lessons for today's unsettled times. We turn to philosophy for the same reasons we travel: to see the world from a different perspective, to unearth hidden beauty, and to find new ways of being. We want to learn how to embrace wonder. Face regrets.

Sustain hope. Eric Weiner combines his twin passions for philosophy and travel in a globe-trotting pilgrimage that uncovers surprising life lessons from great thinkers around the world, from Rousseau to Nietzsche, Confucius to Simone Weil. Traveling by train (the most thoughtful mode of transport), he journeys thousands of miles, making stops in Athens, Delhi, Wyoming, Coney Island, Frankfurt, and

points in between to reconnect with philosophy's original purpose: teaching us how to lead wiser, more meaningful lives. From Socrates and ancient Athens to Beauvoir and 20th-century Paris, Weiner's chosen philosophers and places provide important practical and spiritual lessons as we navigate today's chaotic times. In a "delightful" odyssey that

"will take you places intellectually and humorously" (San Francisco Book Review), Weiner invites us to voyage alongside him on his life-changing pursuit of wisdom and discovery as he attempts to find answers to our most vital questions. The Socrates Express is "full of valuable lessons...a fun, sharp book that draws readers in with its apparent simplicity and bubble-gum philosophy

approach and gradually pulls them in deeper and deeper" (NPR).
