From the author of *Burial Rites*, "a literary novel with the pace and tension of a thriller that takes us on a frightening journey towards an unspeakable tragedy." -Paula Hawkins, bestselling author of *The Girl on the Train* and *Into the Water* Based on true events in nineteenth century Ireland, Hannah Kent's startling new novel tells the story of three women, drawn together to rescue a child from a superstitious community. Nora, bereft after the death of her husband, finds herself alone and caring for her grandson Micheal, who can neither speak nor walk. A handmaid, Mary, arrives to help Nora just as rumors begin to spread that Micheal is a changeling child who is bringing bad luck to the valley. Determined to banish evil, Nora and Mary enlist the help of Nance, an elderly wanderer who understands the magic of the old ways. Set in a lost world bound by its own laws, *THE GOOD PEOPLE* is Hannah Kent's startling new novel about absolute belief and devoted love. Terrifying, thrilling and moving in equal measure, this follow-up to *Burial Rites* shows an author at the height of her powers.

In 1711, in County Antrim, eight women were put on trial accused of orchestrating the demonic possession of young Mary Dunbar, and the haunting and supernatural murder of a local clergyman's wife. Mary Dunbar was the star witness in this trial, and the women were, by the standards of the time, believable witches - they smoked, they drank, they just did not look right. With echoes of Arthur Miller's *The Crucible* and the Salem witch-hunt, this is a story of murder, of hysteria, and of how the 'witch craze' that claimed over 40,000 lives in Europe played out on Irish shores.

Focusing on the re-unification of Germany, this text asks what happens when a political and economic system collapses overnight. It concentrates especially on how these changes have affected certain "border zones" of daily life - including social organization, gender and religion.

Ian Duhig has long inspired a fervent and devoted following. With *The Lammas Hireling* - the title poem having already won both the National Poetry Competition and the Forward Prize for Best

Poem - Duhig has produced his most accessible and exciting volume to date, and looks set to reach a whole new audience. A poet of lightning wit and great erudition, Duhig is also a master balladeer and storyteller who shows that poetry is still the most powerful way in which our social history - our lives, loves and work - can be celebrated and commemorated.

Love and Marriage in Renaissance Florence Univ of California Press

In 1847, during the great age of the freak show, the British periodical *Punch* bemoaned the public's "prevailing taste for deformity." This vividly detailed work argues that far from being purely exploitative, displays of anomalous bodies served a deeper social purpose as they generated popular and scientific debates over the meanings attached to bodily difference. Nadja Durbach examines freaks both well-known and obscure including the Elephant Man; "Laloo, the Double-Bodied Hindoo Boy," a set of conjoined twins advertised as half male, half female; Krao, a seven-year-old hairy Laotian girl who was marketed as Darwin's "missing link"; the "Last of the Mysterious Aztecs" and African "Cannibal Kings," who were often merely Irishmen in blackface. Upending our tendency to read late twentieth-century conceptions of disability onto the bodies of freak show performers, Durbach shows that these spectacles helped to articulate the cultural meanings invested in otherness--and thus clarified what it meant to be British--at a key moment in the making of modern and imperial ideologies and identities.

A mysterious death in respectable society: a brilliant historical true crime story In 1849, a woman called Ellen Langley died in Nenagh, Co. Tipperary. She was the wife of a prosperous local doctor. So why was she buried in a pauper's coffin? Why had she been confined to the grim attic of the house she shared with her husband, and then exiled to a rented dwelling-room in an impoverished part of the famine-ravaged town? And why was her husband charged with murder? Following every twist and turn of the inquest into Ellen Langley's death and the trial of her husband, *The Doctor's Wife is Dead* tells the story of an unhappy marriage, of a man's confidence that he could get away with abusing his wife, and of the brave efforts of a number of ordinary citizens to hold him to account. Andrew Tierney has produced a tour de force of narrative nonfiction that shines a light on the double standards of Victorian law and morality and illuminates the weave of money, sex, ambition and respectability that defined the possibilities and limitations of married life. It is a gripping portrait of a marriage, a society and a shocking legal drama. 'An astonishing book ... a vivid chronicle of the unspeakable cruelty perpetrated by a husband on his spouse at a time when, in law, a wife was a man's chattel' Damian Corless, *Irish Independent* 'Opens in gripping style and rarely falters ... fascinating and well researched' Mary Carr, *Irish Mail on Sunday* (5 stars) 'Truly illuminating ... Tierney's exploration of the case's influence on Irish and English lawmaking and literature is particularly intriguing, drawing comparisons with Kate Summerscale's similar work in *The Suspicions of Mr Whicher*' Jessica Traynor, *Sunday Times* 'Riveting ... meticulously researched and deftly told' *Irish Examiner* 'A nonfiction work with the pulse of a courtroom drama ... Tierney's book is a moving account of Ellen Langley's squalid last days, but it's also a study of Famine-era Irish society. Men dominate, be they grimly professional gents in tall hats and grey waistcoats or feckless scoundrels using women as chattel' Peter Murphy, *Irish Times* 'A dark tale of spousal abuse, illicit sex and uncertain justice, set against a backdrop of poverty and privilege, marital inequality and the deep religious divide between Catholics and Protestants.

Tierney is an archaeologist, and his skill in unearthing the past is on display as he digs deep into the historical record of a murder case so shocking and controversial that it was debated in parliament. ... Tierney writes with passion ... and deftly weaves a plot that's filled with surprising twists and turns' *History Ireland*

The Lammas Hireling The History Press

In 1851, within the grand glass arches of London's Crystal Palace, Albie Mirralls meets his cousin Lizzie for the first--and, as it turns out, last--time. His cousin is from a backward rural village, and Albie expects she will be a simple country girl, but instead he is struck by her inner beauty and by her lovely singing voice, which is beautiful beyond all reckoning. When next he hears of her, many years later, it is to hear news of her death at the hands of her husband, the village shoemaker. Unable to countenance the rumors that surround his younger cousin's murder--apparently, her husband thought she had been replaced by one of the "fair folk" and so burned her alive--Albie becomes obsessed with bringing his young cousin's murderer to justice. With his father's blessing, as well as that of his young wife, Albie heads to the village of Halfoak to investigate his cousin's murder. When he arrives, he finds a community in the grip of superstition, nearly every member of which believes Lizzie's husband acted with the best of intentions and in the service of the village. There, Albie begins to look into Lizzie's death and to search for her murderous husband, who has disappeared. But in a village where the rationalism and rule of science of the Industrial Revolution seem to have found little purchase, the answers to the question of what happened to Lizzie and why prove elusive. And the more he learns, the less sure he is that there aren't mysterious powers at work.

THE TRUE STORY OF A PECULIAR MARRIAGE, A SUSPICIOUS DEATH, AND THE MURDER TRIAL THAT SHOCKED IRELAND

NYU Press

In 1895, Bridget Cleary, a strong-minded and independent young woman, disappeared from her house in rural Tipperary. At first her family claimed she had been taken by fairies--but then her badly burned body was found in a shallow grave. Bridget's husband, father, aunt, and four cousins were arrested and tried for murder, creating one of the first mass media sensations in Ireland and England as people tried to make sense of what had happened. Meanwhile, Tory newspapers in Ireland and Britain seized on the scandal to discredit the cause of Home Rule, playing on lingering fears of a savage Irish peasantry. Combining historical detective work, acute social analysis, and meticulous original scholarship, Angela Bourke investigates Bridget's murder. *Homesick at The New Yorker* Univ of California Press

The clash between Britain and Ireland--and between Catholics and Protestants within Ireland--is among the oldest and most enduring nationalist, ethnic, and religious conflicts in the modern world, rooted in the colonization of Ireland by English and Scottish Protestants in the sixteenth and seventeenth centuries. Through fifty-six original sources, many of which have never been reprinted, this volume traces the origins and development of the conflict during the years of the legislative union between Britain and Ireland--years shaped by the rise of, and British and Irish Unionist responses to, Irish nationalism. Dworkin's Introduction provides both a history of the conflict and a discussion of its causes; headnotes and footnotes set each selection in historical, political, and cultural context, and identify those terms and names that may be unfamiliar to modern readers. A map, a glossary, a chronology of events, and a select bibliography are included, as are an index and several contemporary illustrations. *Witches and Warlocks of Ireland* Hackett Publishing

"The Other Crowd," "The Good People," "The Wee Folk," and "Them" are a few of the names given to the fairies by the people of Ireland. Honored for their gifts and feared for their wrath, the fairies remind us to respect the world we live in and the forces we cannot see. In these tales of fairy forts, fairy trees, ancient histories, and modern true-life encounters with The Other Crowd, Eddie Lenihan opens our eyes to this invisible world with the passion and bluntness of a seanchai, a true Irish storyteller.

Life and Death at Sea during the Great Irish Famine

Cambridge University Press

A Washington Post Notable Book With a new chapter on eugenicist Madison Grant's *The Passing of the Great Race* In this brilliant and original exploration of some of the formative influences in Adolf Hitler's life, Timothy Ryback examines the books that shaped the man and his thinking. Hitler was better known for burning books than collecting them but, as Ryback vividly shows us, books were Hitler's constant companions throughout his life. They accompanied him from his years as a frontline corporal during the First World War to his final days before his suicide in Berlin. With remarkable attention to detail, Ryback examines the surviving volumes from Hitler's private book collection, revealing the ideas and obsessions that occupied Hitler in his most private hours and the consequences they had for our world. A feat of scholarly detective work, and a captivating biographical portrait, *Hitler's Private Library* is one of the most intimate and chilling works on Hitler yet written.

In Ireland there are four provinces and, within these, are thirty-two counties. Each county and its people are unique, but the one thing they all have in common is their respect and regard for the 'The Good Folk', the Fairies of all Ireland. Steve Lally and Paula Flynn have compiled this magnificent collection of fairy tales from each county in Ireland. This book is a contemporary take on some classic stories and will be enjoyed for generations to come.
