This is a book about a brother and a sister. It's a book about secrets and starting over, friendship and family, triumph and tragedy, and everything in between. More than anything, it's a book about love in all its forms. In a remarkably honest and confident voice, Sarah Winman has written the story of a memorable young heroine, Elly, and her loss of innocence-a magical portrait of growing up and the pull and power of family ties. From Essex and Cornwall to the streets of New York, from 1968 to the events of 9/11, *When God Was a Rabbit* follows the evolving bond of love and secrets between Elly and her brother Joe, and her increasing concern for an unusual best friend, Jenny Penny, who has secrets of her own. With its wit and humor, engaging characters whose eccentricities are adroitly and sometimes darkly drawn, and its themes of memory and identity, *When God Was a Rabbit* is a love letter to true friendship and fraternal love. Funny, utterly compelling, fully of sparkle, and poignant, too, *When God Was a Rabbit* heralds the start of a remarkable new literary career.

Suppose you could ask God the most puzzling questions about existence questions about love and faith, life and death, good and evil. Suppose God provided clear, understandable answers. It happened to Neale Donald Walsch. It can happen to you. You are about the have a conversation. . . Walsch was experiencing a low point in his life when he decided to write a letter to God, venting his frustrations. What he did not expect was a response. As he finished his letter, he was moved to continue writing and out came these extraordinary answers to his questions. They will amaze you with complex paradoxes that make perfect sense, profound logic, and astounding truths. Here are answers that bring together as one the deeper meaning of all beliefs and traditions. Here are the answers that will change you, your life, and the way you view other beings. For those with an open mind, a limitless curiosity, and a sincere desire to seek the truth, this book is stunning.

A Guardian Book of the Week Longlisted for the PEN / E. O. Wilson Literary Science Writing Award An award-winning physician and scientist makes the game-changing case that genetic females are stronger than males at every stage of life Here are some facts: Women live longer than men. They have stronger immune systems. They're better at fighting cancer and surviving famine, and even see the world in a wider variety of colors. They are simply stronger than men at every stage of life. Why is this? And why are we taught the opposite? To find out, Dr. Sharon Moalem drew on his own medical experiences - treating premature babies in the neonatal intensive care unit; recruiting the elderly for neurogenetic studies; tending to HIV-positive orphans in Thailand - and tried to understand why in every instance men were consistently less likely to thrive. The answer, he discovered, lies in our genetics: two X chromosomes offer a powerful survival advantage. With clear, captivating prose that weaves together eye-opening research, case studies, diverse examples ranging from the behavior of honeybees to American pioneers, as well as experiences from his personal life and his own

patients, Moalem explains why genetic females triumph over males when it comes to resiliency, intellect, stamina, immunity and much more. He also calls for a reconsideration of our male-centric, one-size-fits-all view of medical studies and even how we prescribe medications - a view that still sees women through the lens of men. Revolutionary and yet utterly convincing, *The Better Half* will make you see humanity and the survival of our species anew.

Life Is Never Mainly About Love and Marriage. So Learn to Live and Date for More. Many of you grew up assuming that marriage would meet all of your needs and unlock God's purposes for you. But God has far more planned for you than your future marriage. *Not Yet Married* is not about waiting quietly in the corner of the world for God to bring you "the one," but about inspiring you to live and date for more now. If you follow Jesus, the search for a spouse is no longer a pursuit of the perfect person, but a pursuit of more of God. He will likely write a love story for you different than the one you would write for yourself, but that's because he loves you and knows how to write a better story. This book was written to help you find real hope, happiness, and purpose in your not-yet-married life.

What does pleasure have to do with morality? What role, if any, should intuition have in the formation of moral theory? If something is 'simulated', can it be immoral? This accessible and wide-ranging textbook explores these questions and many more. Key ideas in the fields of normative ethics, metaethics and applied ethics are explained rigorously and systematically, with a vivid writing style that enlivens the topics with energy and wit. Individual theories are discussed in detail in the first part of the book, before these positions are applied to a wide range of contemporary situations including business ethics, sexual ethics, and the acceptability of eating animals. A wealth of real-life examples, set out with depth and care, illuminate the complexities of different ethical approaches while conveying their modern-day relevance. This concise and highly engaging resource is tailored to the Ethics components of AQA Philosophy and OCR Religious Studies, with a clear and practical layout that includes end-of-chapter summaries, key terms, and common mistakes to avoid. It should also be of practical use for those teaching Philosophy as part of the International Baccalaureate. *Ethics for A-Level* is of particular value to students and teachers, but Fisher and Dimmock's precise and scholarly approach will appeal to anyone seeking a rigorous and lively introduction to the challenging subject of ethics. Tailored to the Ethics components of AQA Philosophy and OCR Religious Studies.

PSYCHIC SELF-DEFENSE

Open Road Media

Now updated with groundbreaking research, this award-winning classic examines the construction of sexual identity in biology, society, and history. Why do some people prefer heterosexual love while others fancy the same sex? Is sexual identity biologically determined or a product of convention?

In this brilliant and provocative book, the acclaimed author of *Myths of Gender* argues that even the most fundamental knowledge about sex is shaped by the culture in which scientific knowledge is produced. Drawing on astonishing real-life cases and a probing analysis of centuries of scientific research, Fausto-Sterling demonstrates how scientists have historically politicized the body. In lively and impassioned prose, she breaks down three key dualisms -- sex/gender, nature/nurture, and real/constructed -- and asserts that individuals born as mixtures of male and female exist as one of five natural human variants and, as such, should not be forced to compromise their differences to fit a flawed societal definition of normality.

Gregory Boyle, the beloved Jesuit priest and author of the inspirational bestsellers *Tattoos on the Heart* and *Barking to the Choir*, returns with a call to witness the transformative power of tenderness, rooted in his lifetime of experience counseling gang members in Los Angeles. Over the past thirty years, Gregory Boyle has transformed thousands of lives through his work as the founder of Homeboy Industries, the largest and most successful gang-intervention program in the world. Boyle's new book, *The Whole Language*, follows the acclaimed bestsellers *Tattoos on the Heart*, hailed as an "astounding literary and spiritual feat" (*Publishers Weekly*) that is "destined to become a classic of both urban reportage and contemporary spirituality" (*Los Angeles Times*), and *Barking to the Choir*, deemed "a beautiful and important and soul-transporting book" by Elizabeth Gilbert, and declared by Ann Patchett to be "a book that shows what the platitudes of faith look like when they're put into action." In a community struggling to overcome systemic poverty and violence, *The Whole Language* shows how those at Homeboy Industries fight despair and remain generous, hopeful, and tender. When Saul was thirteen years old, he killed his abusive stepfather in self-defense; after spending twenty-three years in juvenile and adult jail, he enters the Homeboy Industries training and healing programs and embraces their mission. Declaring, "I've decided to grow up to be somebody I always needed as a child," Saul shows tenderness toward the young men in his former shoes, treating them all like his sons and helping them to find their way. Before coming to Homeboy Industries, a young man named Abel was shot thirty-three times, landing him in a coma for six months followed by a year and a half recuperating in the hospital. He now travels on speaking tours with Boyle and gives guided tours around the Homeboy offices. One day a new trainee joins Abel as a shadow, and Abel recognizes him as the young man who had put him in a coma. "You give good tours," the trainee tells Abel. They both have embarked on a path to wholeness. Boyle's moving stories challenge our ideas about God and about people, providing a window into a world filled with fellowship, compassion, and fewer barriers. Bursting with encouragement, humor, and hope, *The Whole Language* invites us to treat others—and ourselves—with acceptance and tenderness.

A Good Marriage Begins with God. It is our natural tendency to seek personal happiness and satisfaction in marriage. We often give our own needs, wants, and goals first priority. But what is God's design for our marriages? With clarity and conviction, Christopher Ash turns us away from marriage for ourselves and toward marriage in the service of God. With practical applications for everyday life, Ash shows us God's purposes and patterns for every part of the marriage relationship. By realigning our hopes, expectations, and goals for marriage according to the Bible, we will discover the deep joy and lasting fulfillment that comes from a God-centered marriage.

A head-on confrontation with the theory of evolution. The author, a medical doctor and creationist uses his learning and insight as a doctor to defuse the theory of evolution and makes a case in favour of an Intelligent Designer, God Almighty, in the creation of the human body.

Sophie's World Crossway

Seven stunning stories of speculative fiction by the author of *A Boy and His Dog*. In a post-apocalyptic world, four men and one woman are all that remain of the human race, brought to near extinction by an artificial intelligence. Programmed to wage war on behalf of its creators, the AI became self-aware and turned against humanity. The five survivors are prisoners, kept alive and subjected to brutal torture by the hateful and sadistic machine in an endless cycle of violence. This story and six more groundbreaking and inventive tales that probe the depths of mortal experience prove why Grand Master of Science Fiction Harlan Ellison has earned the many accolades to his credit and remains one of the most original voices in American literature. *I Have No Mouth and I Must Scream* also includes "Big Sam Was My Friend," "Eyes of Dust," "World of the Myth," "Lonelyache," Hugo Award finalist "Delusion for a Dragon Slayer," and Hugo and Nebula Award finalist "Pretty Maggie Moneyeyes."

"This book is an attempt to place the relations of Sex in a new and decisive light. It is an attempt not to collect the greatest possible number of distinguishing characters, or to arrange into a system all the results of scientific measuring and experiment, but to refer to a single principle the whole contrast between man and woman. In this respect the book differs from all other works on the same subject. It does not linger over this or that detail, but presses on to its ultimate goal; it does not heap investigation on investigation, but combines the psychical differences between the sexes into a system; it deals not with women, but with woman. It sets out, indeed, from the most common and obvious facts, but intends to reach a single, concrete principle. This is not "inductive metaphysics"; it is a gradual approach to the heart of psychology"--Preface. (PsycINFO Database Record (c) 2010 APA, all rights reserved).

◆EVERY art and every inquiry, and similarly every action and pursuit, is thought to aim at some good; and for this reason the good has rightly been declared to be that at which all things aim. But a certain difference is found among ends; some are activities, others are products apart from the activities that produce them. Where there are ends apart from the actions, it is the nature of the products to be better than the activities. Now, as there are many actions, arts, and sciences, their ends also are many; the end of the medical art is health, that of shipbuilding a vessel, that of strategy victory, that of economics wealth. But where such arts fall under a single capacity- as bridle-making and the other arts concerned with the

equipment of horses fall under the art of riding, and this and every military action under strategy, in the same way other arts fall under yet others- in all of these the ends of the master arts are to be preferred to all the subordinate ends; for it is for the sake of the former that the latter are pursued. It makes no difference whether the activities themselves are the ends of the actions, or something else apart from the activities, as in the case of the sciences just mentioned.◆

Meals have always been important across societies and cultures, a time for friends and families to come together. An important part of relationships, meals are vital to our social health. Author Tim Chester sums it up: "Food connects." Chester argues that meals are also deeply theological—an important part of Christian fellowship and mission. He observes that the book of Luke is full of stories of Jesus at meals. These accounts lay out biblical principles. Chester notes, "The meals of Jesus represent something bigger." Six chapters in *A Meal with Jesus* show how they enact grace, community, hope, mission, salvation, and promise. Moving from biblical times to the modern world, Chester applies biblical truth to challenge our contemporary understandings of hospitality. He urges sacrificial giving and loving around the table, helping readers consider how meals can be about serving others and sharing the grace of Christ.

Seeing God Through the Human Body Tao Publishing

The way of a man with a maiden was too wonderful for the writer of Proverbs to understand. Preoccupying so many thoughts and dreams, the subject of countless songs, films and fairy tales, the love between a man and a woman has always been a profound and perplexing mystery. And yet we do not live happily ever after. Four out of ten marriages will end in divorce. Couples now choose to live together rather than marry, and those relationships are even less likely to last. People are having fewer children, later, and with a succession of partners. Ironically, just when so much is expected of love, Western societies are witnessing lower levels of public commitment in sexual relationships than ever before. The scale of this change amounts to a revolution, a major historical paradigm shift. The statistics mask a depth of pain that every pastor and counsellor knows only too well. We must face the inevitable questions: if faithfulness is no longer esteemed, why get married at all? What is marriage? What did God intend when he gave us marriage? Christopher Ash argues that our modern idolization of the sexual relationship contains within itself the seeds of its own destruction. To begin to rebuild a biblical confidence in marriage, we need to understand that the primary blessing and purpose of marriage is not sexual intimacy, but rather serving God in partnership. This in turn leads to the blessings of love, friendship, children, and order in society, and will help us to rediscover that faithfulness which is the heart of marriage. One of those precious rarities - a major piece of biblical scholarship which addresses an issue in today's headlines directly and warmly. One to own, not to borrow. -- David Field Deeply scholarly, extraordinarily thorough and biblically faithful, as well as courageously fresh in rethinking the role of marriage in God's intention for human life. -- David Wright Christopher Ash studied at Wycliffe Hall, Oxford, and then joined the staff at St. Andrew the Great, Cambridge. From there he headed to a church plant and is now Rector of All Saints, Little Shelford. He is married to Carolyn and they have four children.

Sexual conflict permeates ancient religions, from injunctions about thy neighbor's wife to the sexual obligations of marriage. It is etched in written laws that dictate who can and cannot have sex with whom. Its manifestations shape our sexual morality, evoking approving accolades or contemptuous condemnation. It produces sexual double standards that flourish even in the most sexually egalitarian cultures on earth. And although every person alive struggles with sexual conflict, most of us see only the tip of the iceberg: dating deception, a politician's unsavory grab, the slow crumbling of a once-happy marriage, a romantic breakup that turns nasty. *Bad Men* shows that this "battle of the sexes" is deeper and far more pervasive than anyone has recognized, revealing the hidden roots of sexual conflict -- roots that originated over deep evolutionary time -- which characterise our sexual psychology. Providing novel insights into our minds and behaviours, *Bad Men* presents a unifying new theory of sexual conflict and offers practical advice for men and women seeking to avoid it.

A new edition of an occult classic, which includes a new introduction by Mary K. Greer, author of *Women of the Golden Dawn*, and a new afterword with excerpts from rarely seen documents by Fortune herself describing how the book came about. After finding herself the subject of a powerful psychic attack in the 1930s, famed British occultist Dion Fortune wrote this detailed instruction manual on protecting oneself from paranormal attack. This classic psychic self-defense guide explains how to understand the signs of a psychic attack, vampirism, hauntings, and methods of defense. Everything you need to know about the methods, motives, and physical aspects of a psychic attack and how to overcome it is here, along with a look at the role psychic elements play in mental illness and how to recognize them. This is one of the best guides to detection and defense against psychic attack from one of the leading occult writers of the twentieth century. This Weiser Classics edition of Dion Fortune's *Psychic Self-Defense* includes a new forward by Mary K. Greer, author of numerous books including *Tarot for Your Self*, and a new afterword by Christian Gilson that chronicles the original context surrounding Dion Fortune's writing of the book.
