SAUL BELLOW

Penguin

In *More Die of Heartbreak*, our erratic narrator explains to his audience that he must abandon Paris for the Midwest. Of course, Kenneth merely wants to be closer to his beloved uncle, the world-famous botanist Benn Crader, to receive the older man's worldly wisdom. The

mercurial Benn, however, struggles to put down roots himself, constantly departing for the forests of India, the mountains of China, the jungles of Brazil, or even the Antarctic. Why does he travel so much? Submerging himself in botanical studies seem insufficient, and he hunts relentlessly for more carnal satisfaction. *More Die of Heartbreak* has all the humor of a French farce, and all the brooding darkness of a Hitchcock film. From this tragicomedy Bellow unravels a brilliant and sinister examination of contemporary sexuality,

asking why even the most noble pursuits often end in mundane disillusionment.

A Novella Odyssey Editions

A New York Times bestseller The author of the beloved #1 New York Times bestseller *Reading Lolita in Tehran* returns with the next chapter of her life in books—a passionate and deeply moving hymn to America Ten years ago, Azar Nafisi electrified readers with her multimillion-copy bestseller *Reading Lolita in Tehran*, which told the story of how, against the backdrop of morality squads and executions, she taught *The Great Gatsby* and other classics of English and American literature to her eager students in Iran. In this electrifying

follow-up, she argues that fiction is just as threatened—and just as invaluable—in America today. Blending memoir and polemic with close readings of her favorite novels, she describes the unexpected journey that led her to become an American citizen after first dreaming of America as a young girl in Tehran and coming to know the country through its fiction. She urges us to rediscover the America of *The Wonderful Wizard of Oz* and *Adventures of Huckleberry Finn* and challenges us to be truer to the words and spirit of the Founding Fathers, who understood that their democratic experiment would never thrive or survive unless they could foster a democratic imagination. Nafisi invites committed readers everywhere to join her as citizens of what she calls the

Republic of Imagination, a country with no borders and few restrictions, where the only passport to entry is a free mind and a willingness to dream.

A SON'S MEMOIR

Simon and Schuster

“What makes all of this so remarkable is not merely Bellow’s eye and ear for vital detail. Nor is it his talent for exposing the innards of character in a paragraph, a sentence, a phrase. It is Bellow’s vision, his uncanny ability to seize the moment and to see beyond it.” -Chicago Sun-Times
A Penguin Classic
Fading charmer Tommy Wilhelm has reached his day of reckoning and is scared. In his forties, he still retains a boyish impetuosity that has brought him to the brink of chaos: He is separated from

his wife and children, at odds with his vain, successful father, failed in his acting career (a Hollywood agent once cast him as the “type that loses the girl”), and in a financial mess. In the course of one climactic day he reviews his past mistakes and spiritual malaise, until a mysterious philosophizing con man grants him a glorious, illuminating moment of truth and understanding, and offers him one last hope.... This Penguin Classics edition contains an introduction by Cynthia Ozick. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series

to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Towards the Antiboldungsroman Penguin
Based upon the autumn 1984 issue of *Studies in the Literary Imagination*, this volume retains some earlier essays and adds new examinations of the entire oeuvre of Bellow. There are essays by recognized scholars as well as several by emerging Bellow scholars. As a continuing examination of a living writer, this collection will serve to address questions that the volume editor has determined are of most importance. Eugene Hollahan has written, wherever Bellow's philosophical development has

led him, we must look at his latest novel to discover that position.

“The Adventures of Augie March is the great American Novel. Search no further.” –Martin Amis A Penguin Classic
As soon as it first appeared in 1953, this novel by the great Saul Bellow was hailed as an American classic. Augie, the exuberant narrator-hero is a poor Chicago boy growing up during the Great Depression. A “born recruit,” Augie makes himself available for a series of occupations, then proudly rejects each one as unworthy. His own oddity is reflected in the companions he encounters—plungers, schemers, risk-takers, and “hole-and corner” operators like the would-be tycoon Einhorn or the would-be siren Thea, who travels with an eagle trained to hunt small creatures.

This Penguin Classics edition, with an introduction by celebrated writer and critic Christopher Hitchens, makes a literary masterpiece available to a new generation of readers. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Let's Talk about Death (over Dinner)
Odyssey Editions

When he visited Israel in 1975, Saul Bellow kept an account of his experiences and impressions. It grew into an impassioned and thoughtful book. As he wryly notes, "If you want everyone to love you, don't discuss Israeli politics." But discuss them is very much what he does. Through quick sketches and vignettes, Bellow evokes places, ideas, and people, reaching a sharp picture of contemporary Israel. The reader is offered a wonderful panorama of an ancient and modern world city. Like every other visitor to Israel, Bellow tumbles into "a gale of conversation." He loves it and he makes the reader feel at home. Bellow delights in the liveliness, the gallantry of Israeli life: people on the edge of history, an inch from disaster, yet brimming with

argument and words. He delights not in tourist delusions but with a tough critical spirit: his Israel is pocked with scars and creases, and all the more attractive for it. Simply as a travel book, the reader finds remarkable descriptions, such as one in which Bellow finds "the melting air" of Jerusalem pressing upon him "with an almost human weight" Something intelligible is communicated by the earthlike colors of this most beautiful of cities. The impression that Bellow offers is that living in Israel must be as exhausting as it is exciting: a murderous barrage on the nerves. Israel, he writes, "is both a garrison state and a cultivated society, both Spartan and Athenian. It tries to do everything, to make provisions for everything. All resources, all faculties are strained.

Unremitting thought about the world situation parallels the defense effort." Jerusalem's people are actively and individually involved in universal history. Bellow makes you share in the experience.

TO JERUSALEM AND BACK

Penguin Group USA
Kenneth Trachtenberg, the witty and eccentric narrator of *More Die of Heartbreak*, has left his native Paris for the Midwest. He has come to be near his beloved uncle, the world-renowned botanist Benn Crader, self-described 'plant visionary.' While his studies take him around the world, Benn, a restless spirit, has not been able to satisfy his longings after his first marriage and lives from affair to affair and from 'bliss to

breakdown.' Imagining that a settled existence will end his anguish, Benn ties the knot again, opening the door to a flood of new torments. As Kenneth grapples with his own problems involving his unusual lady-friend Treckie, the two men try to figure out why gifted and intelligent people invariably find themselves 'knee-deep in the garbage of a personal life.'

LETTERS

Penguin Books
For readers of *Being Mortal* and *When Breath Becomes Air*, the acclaimed founder of *Death over Dinner* offers a practical, inspiring guide to life's most difficult yet important conversation. Of the many critical conversations we will all have throughout our lifetime, few are

as important as the ones discussing death—and not just the practical considerations, such as DNRs and wills, but what we fear, what we hope, and how we want to be remembered. Yet few of these conversations are actually happening. Inspired by his experience with his own father and countless stories from others who regret not having these conversations, Michael Hebb cofounded Death Over Dinner—an organization that encourages people to pull up a chair, break bread, and really talk about the one thing we all have in common. Death Over Dinner has been one of the most effective end-of-life awareness campaigns to date; in just three years, it has provided the framework and inspiration for more than a hundred thousand dinners focused on having

these end-of-life conversations. As Arianna Huffington said, "We are such a fast-food culture, I love the idea of making the dinner last for hours. These are the conversations that will help us to evolve." Let's Talk About Death (over Dinner) offers keen practical advice on how to have these same conversations—not just at the dinner table, but anywhere. There's no one right way to talk about death, but Hebb shares time—and dinner—tested prompts to use as conversation starters, ranging from the spiritual to the practical, from analytical to downright funny and surprising. By transforming the most difficult conversations into an opportunity, they become celebratory and meaningful—ways that not only can change the way we die, but the way we

live.

Saul Bellow and the Decline in Humanism Penguin UK

In this ode to all the things we gain and lose and gain again, seventeen-year-old Penelope Marx curates her own mini-museum to deal with all the heartbreaks of love, friendship, and growing up. Welcome to the Museum of Heartbreak. Well, actually, to Penelope Marx's personal museum. The one she creates after coming face to face with the devastating, lonely-making butt-kicking phenomenon known as heartbreak.

Heartbreak comes in all forms: There's Keats, the charmingly handsome new guy who couldn't be more perfect for her. There's possibly the worst person in the world, Cherrise, whose mission in life is to make Penelope miserable. There's Penelope's increasingly distant best friend Audrey. And then there's

Penelope's other best friend, the equal-parts-infuriating-and-yet-somehow-amazing Eph, who has been all kinds of confusing lately. But sometimes the biggest heartbreak of all is learning to let go of that wondrous time before you ever knew things could be broken...
