RESEARCH METHODS
IN TOURISM
Within the

tourism industry there
is a growing consensus
on the need for
research to investigate
the economic, social
and environmental
impacts of tourism.

However, existing
research methods
texts are based solely
on either the business
approach or the social
science approach to
tourism. They often fail
to provide real world
examples of how to
plan, implement or
analyse tourism related
research. Tourism
Research Methods:
Integrating Theory with
Practice ... Tourism
research methods:
integrating theory with

practice. Description
 This book (i) moves beyond the business/social phenomenon divide of tourism research; (ii) provides a discussion of theory but integrates this theory with specific tourism examples and case studies to assist student learning and application of approaches and techniques; ...Tourism research methods: integrating theory with practice.
