The USA Today and Wall Street Journal bestselling guide to looking younger without spending a fortune from nationally renowned plastic surgeon Anthony Youn. Here's what the experts know but aren't telling you-until now:- The drugstore brand can be just as effective - or better - than the expensive cream at your dermatologist's office- Surgery usually isn't the best solution- Natural, DIY creams can actually get results, using ingredients that cost pennies- Diet can be your best defense against redness, acne, fine lines, and wrinkles. Dr. Anthony Youn is the rare plastic surgeon who does everything he can to keep his patients out of the operating room. Now he's compiled solutions to every cosmetic aging problem in this definitive anti-aging bible. Whether you want to stay as natural as possible or you're interested to know which creams and medical procedures actually work (and are worth the price tag), *The Age Fix* has your fix to look younger and more radiant. likelihood of your getting a sunburn? Dr. Youn explains why you should shun soda but reach for that glass of red wine. You'll also discover which fruit can help you look younger and prevent sun damage and which supplements are proven to reduce fine lines. From your face, to your neck, your hands, your eyes, and your body, *The Age Fix* has you covered with an abundance of actionable takeaways and insider advice to help you reclaim your youthful glow-without spending a fortune or going under the knife!
