This book provides an interpretive and comprehensive account of the history of India between the eighteenth and twentieth centuries, a crucial epoch characterized by colonialism, nationalism and the emergence of the independent Indian Union. It explores significant historiographical debates concerning the period while highlighting important new issues, especially those of gender, ecology, caste, and labour. The work combines an analysis of colonial and independent India in order to underscore ideologies, policies, and processes that shaped the colonial state and continue to mould the Indian nation.

An Environmental History of India John Wiley & Sons

Studying firms and entrepreneurs over three centuries, this book unravels the historical roots of the impressive business growth witnessed in contemporary India.

This new edition of Burton Stein's classic A History of India builds on the success of the original to provide an updated narrative of the development of Indian society, culture, and politics from 7000 BC to the present. New edition of Burton Stein's classic text provides a narrative from 7000 BC up to the twenty-first century Includes updated and extended coverage of the modern period, with a new chapter covering the death of Nehru in 1964 to the present Expands coverage of India's internal political and economic development, and its wider diplomatic role in the region Features a new introduction, updated glossary and further reading sections, and numerous figures, photographs and fully revised maps Part of The Blackwell History of the World Series The goal of this ambitious series is to provide an accessible source of knowledge about the entire human past, for every curious person in every part of the world. It will comprise some two dozen volumes, of which some provide synoptic views of the history of particular regions while others consider the world as a whole during a particular period of time. The volumes are narrative in form, giving balanced attention to social and cultural history (in the broadest sense) as well as to institutional development and political change. Each provides a systematic account of a very large subject, but they are also both imaginative and interpretative. The Series is intended to be accessible to the widest possible readership, and the accessibility of its volumes is matched by the style of presentation and production.

Landmarks in the History of Modern Indian Education Infobase Publishing

A Military History of India since 1972 is a definitive work of military history that gives the Indian military its rightful place as a key contributor to Indian democracy. Arjun Subramaniam offers an engaging narrative that combines superb storytelling with the academic rigor of deep research and analysis. It is a comprehensive account of India's resolute, responsible, and restrained use of force as an instrument of statecraft and how the military has played an essential role in securing the country's democratic tradition along with its rise as an economic and demographic power. This book is also about how the Indian nation-state and its armed forces have coped with the changing contours of modern conflict in the decades since 1972. These include the 2016 "surgical" or cross-

border strikes by the Indian Army's Special Forces across the line of control with Pakistan, the face-off with the Chinese at Doklam in 2017 and in Ladakh in 2020, the preemptive punitive strikes by the Indian Air Force against terrorist camps in Pakistan in 2019, and the large-scale aerial engagement between the Indian Air Force and the Pakistan Air Force the following day. These conflicts also include the long-running insurgencies in the northeast, terrorism and proxy war in Jammu and Kashmir, separatist violence in Punjab, and the Indian Peacekeeping Force's intervention in Sri Lanka. The author also includes a chapter on the development of India's nuclear capabilities. Arjun Subramaniam enlivens the narrative with a practitioner's insights amplified by interviews and conversations with almost a hundred serving and retired officers, including former chiefs from all three armed forces, for an in-depth exploration of land, air, and naval operations. The structure of the book offers readers a choice of either embarking on a comprehensive and chronological examination of war and conflict in contemporary India or a selective reading based on specific time lines or campaigns.

[A Brief History of India](#) New Age International

From Plassey to Partition is an eminently readable account of the emergence of India as a nation. It covers about two hundred years of political and socio-economic turbulence. Of particular interest to the contemporary reader will be sections such as Early Nationalism: Discontent and Dissension , Many Voices of a Nation and Freedom with Partition . On the one hand, it converses with students of Indian history and on the other, it engages general and curious readers. Few books on this crucial period of history have captured the rhythms of India s polyphonic nationalism as From Plassey to Partition.

FROM PLASSEY TO PARTITION

Lotus Press

It is one of the bestselling books on Modern Indian History covering the time line from 1707 to the modern times. The book covers the entire gamut in a very unique style- it mentions not only factual data about various topics but also provides information about different interpretations put forth by Western and Indian historians, with an integrated analysis. This makes the book equally useful for undergraduate students of History and aspirants appearing for various competitive examinations

Historical Paradigm.' The Statesman, 9 December 2006 The History Of Modern India Has Been Narrated Largely In Terms Of The Nationalist Movement, Personalities And What Has Been Seen As The 'High' Politics Of The State. Recent Shifts In History Writing Have Tried To Bring In Subordinated Histories Of Regions And Of Groups. We Are Moving Towards A Wider Understanding Of Politics, History And Of The Ordinary People Who Make History. This Collection Tries To Push The Emerging Paradigm Further By Moving Away From Conventional Notions Of The History Of The Nation And Indeed Of The Political. The Six Essays In This Collection Present Original And Pioneering Forays In The Study Of Cricket, Oral History, Gender Studies, Film, Popular Culture And Indian Classical Music. Whether Looking At Issues Of Caste On The Seemingly Level Playing Field Of Cricket In Early Twentieth Century India; Or How A Nineteenth Century Housewife Comes To Pen The First Autobiography By An Indian Woman; Calendar Art Reflecting Deeper Notions Of Religion And Community; Or How An Idea Of Pure Classical Music Faces The Challenge Of Technology, These Essays Show How Ideas Of Self, Community And Art Are Formed Within A Larger Politics. Moreover, Culture Far From Being A Refuge From The Political Is Also The Space Within Which Politics Comes To Be Worked Out.

Logic and Computer Design Fundamentals Oxford University Press, USA

An Advanced History of Modern India has been designed for undergraduate students as well as those preparing for the Civil Services Examinations at both, the central and state levels. It is a daunting task to write a book of this kind when dynamic changes have occurred in the last three decades in the in the historiography of modern India, including the advent of Subaltern Studies, that has changed our perspective completely. This user-friendly textbook attempts to weave the known facts of history with the unknown, and thus foster a spirit of enquiry among its young readers. Apart from political history, due emphasis has been laid on socio-economic changes, administrative innovations, cultural ferments and the trials and tribulations of nationalist movements. Due importance has also been given to the post-independence era that led to the emergence of a new India vibrant with a fresh lease of life. Adequately illustrated with maps, this volume also contains a detailed chronology, biographical notes on distinguished personalities, a list of Congress sessions including names of Presidents, Prime Ministers, Presidents and Vice-Presidents of independent India as well as an exhaustive bibliography.

THE NEW CAMBRIDGE MODERN HISTORY: VOLUME 2, THE REFORMATION, 1520-1559

Cambridge University Press

Which were the first cities of India and how were they discovered? What was it like living in Mughal times? How did the British, who had come to trade in India, end up ruling the country? How has India changed after Independence? Delve into India's past to discover the answers to these questions and many more in this comprehensive history of our nation. Journey through time to visit the baths and palaces of the first cities of Harappa, the stupas of Ashoka and the flamboyant courts of the great Mughals, rich in art, culture and architecture. Learn how the revolution of 1857 really started and march alongside Gandhi on his quest for an India free from British rule. Plus, discover more about each period through fun and easy 'To do' activities. Told in simple, lucid prose and interspersed with beautiful illustrations, A Children's History of India makes learning history a fun and engaging experience for readers of all ages.

History of Modern India presents an authoritative overview of the history of what was known as British India. The text is largely based on the author's research on nationalism and colonialism in India and also draws from the works of eminent historians of the period. Challenging and revising colonial and nationalist interpretations of history, this book moves away from a largely political narrative to a social, economic and religious history of modern India. It explains how conditions in India during the eighteenth century helped the British East India Company establish its rule in India. It also gives us important insights into the primary aim of colonial rule which was the economic exploitation of India through trade and investment. The topics are arranged thematically in order to showcase the various forces that went into the making of independent India. However, in the entire arrangement of themes, the chronology of the period is enmeshed innovatively with the various forces that evolved both as a cause and effect of British imperialist rule of the subcontinent. The book also provides a detailed account of the nationalist movement and introduces us to the contributions of different individuals who were behind the nationalist movement. A comprehensive textbook for students of history and interested readers, History of Modern India is essential reading for a broad based understanding of the making of modern India.

A Cultural History of India Cambridge University Press

This longue durée survey of the Indian subcontinent's environmental history reveals the complex interactions among its people and the natural world.

UPSC MAINS HISTORY SOLVED PAPERS (2002-2012) Atlantic Publishers & Dist

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

An updated look at more than 5,000 years of India's history.

A History of India Springer

This volume addresses the power of ideas in the making of Indian political modernity. As an intermediate history of connections between South Asia and the global arena the volume raises new issues in intellectual history. It reviews the period from the emergence of constitutional liberalism in the 1830s, through the swadeshi era to the writings of Tilak, Azad and Gandhi in the twentieth century. While several contributions reflect on the ideologies of nationalism, the volume seeks to rescue intellectual history from being simply a narration of the nation-state. It does not seek to create a 'canon' of political thought so much as to show how Indian concepts of state and society were redrawn in the context of emergent globalized debates about freedom, the constitution of the self and the good society in the late colonial era. In so doing the contributions here resituate an Indian intellectual history that has long been eclipsed by social and political history. These essays were originally published in a Special issue of the journal *Modern Intellectual History* (CUP, April 2007).

ANCIENT INDIA

Cambridge University Press

Rapid economic growth has put India at the centre of current debates about the future of the global economy. In this fully revised and updated text, B. R. Tomlinson provides a comprehensive and wide-ranging account of the Indian economy over the last 150 years. He sets arguments about growth, development and underdevelopment, and the impact of imperialism, against a detailed history of agriculture, trade and manufacture, and the relations between business, the economy and the state. The new edition extends the coverage right up to the present day, and explains how one of the largest countries in the world has sought to achieve economic progress and lasting development, despite institutional weaknesses, rigid structures of political and social hierarchy, and the legacy of colonialism.
