A SIMPLE AND STRAIGHT TO POINT GUIDE. The iPad 8th generation is a low-cost iPad just like the seventh-generation iPad. The 8th generation iPad is up to date with the A12 processor which was first released in 2018. Although slower than the A14 chip present in the iPad Air; the A2 processor is more powerful than the A10X in the previous generation of low cost iPad. The A12 Bionic chip according to Apple has 40% faster CPU performance and two times graphics capacity. This quick guide cuts out all the long stories and goes straight to the point giving you top notch insights on how to properly use this device. With clear explanations and a well prepared index, this manual is what you need on your iPad journey. This book contains the following; Design Performance Camera Battery How to restart your iPad Face ID and attention setting. What to do when you forget your password and others.
