A Concise Historical Grammar of the Albanian Language

First Avenue Editions™

It is the early fifteenth century and as winter falls away the people of Albania know their fate is sealed. Their refusal to negotiate with the Ottoman Empire means war is now inevitable. Soon, dust kicked up by Turkish horses is spotted from a citadel. Tens of thousands of men begin to fill the plain below. The Siege tells the enthralling story of the weeks and months that follow—of the exhilaration and despair of the battlefield, the shifting strategies of war, and those whose lives are held in the balance. For those trapped inside the citadel, and for the Pasha, the artillerymen, astrologer, blind poet and his harem of women outside, the siege is inescapable and increasingly oppressive. From this dramatic setting Kadare has created one of his masterpieces, a profound novel that is as moving as it is compelling. It is an unforgettable account of the clash of two civilisations and a timeless depiction of individual pain, uncertainty and fear. Kadare is one of our most significant writers.

Chronicle in Stone Scarecrow Press

This is the third essay of Stefan Zweig's Three Masters: Balzac, Dickens, Dostoevsky, written in the early 20th century. Part biography, part literary criticism, part cultural history, the essay offers a window onto how a Central European regarded the Russian master, who died in 1881, the year Zweig was born. Dostoevsky's genius, in Zweig's view, owed a debt to his illness, as Tolstoy's did to his radiant health. Illness "enabled Dostoevsky to soar upward into a sphere of such concentrated feeling as is rarely experienced by normal men; it permitted him to penetrate into the underworld of the emotions, into the submerged regions of the psyche." This essay is one of the best examples of Zweig's psychologically-informed literary criticism.

This book considers local autonomy, measured as a multidimensional concept, from a cross-country comparative perspective, and examines how variations can be explained and what their consequences are. It fills a gap in the literature by providing a comprehensive study of the different components of

local autonomy across a large number of countries, over time. It offers a theoretically saturated concept to measure local autonomy and applies it to 39 countries, including all 28 EU member states together with Albania, Georgia, Iceland, Liechtenstein, Macedonia, Moldova, Norway, Serbia, Switzerland Turkey and Ukraine, over a period of 25 years (1990-2014).

Beauty, grace and power make the tiger one of the world's most loved animals, yet it is precisely these qualities that have been its downfall. Poaching for skins and body parts, loss of habitat and prey and conflicts between people and wild tigers have caused catastrophic declines in tiger numbers throughout their range. If wild tigers are to survive through the next century, we must act now. *Riding the Tiger* is a comprehensive, scientific and eminently readable account of the problems and possible solutions of securing a future for wild tigers. Lavishly illustrated in full colour, it is written by leading conservationists working throughout Asia. It is a vital information resource for tiger conservationists in the field, necessary reading for serious students of carnivore conservation and conservation biologists in general, and an accessible overview of tiger conservation for general readers. *Encyclopedia of Language and Linguistics* Canongate Books A powerful political novel based on the sudden, mysterious death of the man who had been handpicked to succeed the hated Albanian dictator Enver Hoxha. Did he commit suicide or was he murdered? That is the burning question. The man who died by his own hand, or another+s, was Mehmet Shehu, the presumed heir to the ailing dictator, Enver Hoxha. So sure was the world that he was next in line, he was known as The Successor. And then, shortly before he was to assume power, he was found dead. THE SUCCESSOR is simultaneously a mystery novel, an historical novel-based on actual events and buttressed by the author+s private conversations with the son of the real-life Mehmet Shehu- and a psychological novel (How do you live when nothing is sure?). Vintage Kadare, THE SUCCESSOR seamlessly blends dream and reality, legendary past, and contemporary history. Skyhorse Publishing, as well as our Arcade, Yucca, and Good Books imprints, are proud to publish a broad range of books for readers interested in fiction—novels, novellas, political and medical thrillers, comedy, satire, historical fiction, romance, erotic and love stories, mystery, classic literature, folklore and mythology, literary classics including Shakespeare, Dumas, Wilde, Cather, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

BAUDOLINO gravita em torno dos prazeres da corte de Federico Hohenstaufen, conhecido como Barbarossa, à época da Terceira Cruzada. A história engloba justamente o período entre 1152 e 1204, começando com a ascensão de Barbarossa ao trono e terminando com a conquista de Constantinopla pela temida ordem dos cavaleiros templários. A trama é protagonizada por Baudolino - adolescente, criativo e mentiroso que dá título à obra - e Niceta Coniate, personagem inspirado em um historiador e orador que viveu na corte de Constantinopla. A narrativa

retrocede, enquanto Baudolino conta a Niceta suas aventuras e desventuras, numa mistura de fantasia e realidade, História e faz-de-conta. Tudo isso temperado por inúmeras situações cômicas. No intervalo, Eco embaralha os seus personagens inventados e produz o mais recorrente efeito de seu texto: interferir em acontecimentos históricos conhecidos por meio de atos ou circunstâncias vividas pelos personagens fictícios.

RIDING THE TIGER

Pollyanna

Shortlisted for the Independent Foreign Fiction Prize 2013. In September 1943, Nazi troops advance on the ancient gates of Gjirokastr, Albania. The very next day, the Germans vanish without a trace. As the townsfolk wonder if they might have dreamt the events of the previous night, rumours circulate of a childhood friendship between a local dignitary and the invading Nazi Colonel, a reunion in the town square and a fateful dinner party that would transform twentieth-century Europe. A captivating novel of resistance in a dictatorship, and steeped in Albanian folklore, *The Fall of the Stone City* shows Kadare at the height of his powers.

When optimistic orphan Pollyanna is sent to live with her stern Aunt Polly in the dismal town of Beldingsville, the sweet-natured eleven year old relies on "the Glad Game" to boost her spirits. The Glad Game—which involves looking for the silver lining in every situation—allows her to remain cheerful no matter how coldly and harshly her aunt treats her. Pollyanna teaches the town's residents how to be glad, too, and her sunny outlook soon reanimates the town. Not even strict Aunt Polly is entirely immune to Pollyanna's infectious charm. But when misfortune strikes, Pollyanna will find her irrepressible optimism put to the test. This is an unabridged version of the heartwarming children's tale by American author Eleanor H. Porter, first published in 1913.

The Encyclopedia of Indo-European Culture is a major new reference work that provides full, inclusive coverage of the major Indo-European language stocks, their origins, and the range of the reconstructed Proto-Indo-European language. The Encyclopedia also includes numerous entries on archaeological cultures having some relationship to the origin and dispersal of Indo-European groups -- as well as entries on some of the major issues in Indo-European cultural studies. There are two kinds of entries in the Encyclopedia of Indo-European Culture: a) those that are devoted to archaeology, culture, or the various Indo-European languages; and b) those that are devoted to the reconstruction of Proto-Indo-European words. Entries may be accessed either via the General Index or the List of Topics: Entries by Category where all individual reconstructed head-forms can also be found. Reference may also be made to the Language Indices. In order to make the book as accessible as possible to the non-specialist, the Editors have provided a list of Abbreviations and Definitions, which

includes a number of definitions of specialist terms (primarily linguistic) with which readers may not be acquainted. As the writing systems of many Indo-European groups vary considerably in terms of phonological representation, there is also included a list of Phonetic Definitions. With more than 700 entries, written by specialists from around the world, the Encyclopedia of Indo-European Culture has become an essential reference text in this field.

Professor Skendi, a native of Albania, traces the progress and setbacks of Albania's long struggle for national unity during this least-known period of its intricate history. He discusses the heritage of its people and examines in detail the developments that led to Albanian independence: national resistance to the decisions of the Congress of Berlin, later opposition to Turkey, and the struggle between the Albanians and the Young Turks. Consideration is given to such internal problems as geographic configuration, religious and political division, and to such external problems as Italo-Austrian rivalry, political interference from neighboring states, and the involvement of great powers. Originally published in 1967. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.
