From Holly Black and Cassandra Clare comes the second installment in the New York Times bestselling series that defies what you think you know about the worlds of good and evil. Callum Hunt's summer break isn't like other kids'. His closest companion is a Chaos-ridden wolf, Havoc. His father suspects him of being secretly evil. And, of course, most kids aren't heading back to the magical world of the Magisterium in the fall. It's not easy for Call . . . and it gets even harder after he checks out his basement and discovers that his dad might be trying to destroy both him and Havoc. Call escapes to the

Magisterium -- but things only intensify there. The Alkahest -- a copper gauntlet capable of separating certain magicians from their magic -- has been stolen. And in their search to discover the culprit, Call and his friends Aaron and Tamara awaken the attention of some very dangerous foes -- and get closer to an even more dangerous truth. As the mysteries of the Magisterium deepen and widen, bestselling authors Holly Black and Cassandra Clare take readers on an extraordinary journey through one boy's conflict -- and a whole world's fate. Praise for *Magisterium Book One: The Iron Trial*: * "A thrilling coming-of-age story that embraces fantasy tropes while keeping readers guessing." — Publishers Weekly, starred review "A promising beginning to a complex exploration of good and evil, as well as friendship's loyalty." — Kirkus Reviews "The Iron Trial is a fun, heroic

narrative. . . . A delicious must-read." — The Globe & Mail "This is an incredible book. . . . Once you've started reading, it's hard to put the book down." — The Guardian

Revenge of the Dragon Lady Scholastic Inc.

Do you believe in faeries? Not the soft, gentle kind, but the sinister, feral kind ~ the ones that wreak havoc on everything in their path... A fairy-tale series with a difference from Holly Black, bestselling author of *The Spiderwick Chronicles* and *The Cruel Prince*. When Valerie Russell runs away to New York City, she's trying to escape a life that has utterly betrayed her. Taking on a new identity, she seeks refuge with a gang of squatters who live in the city's labyrinthine subway system. But there's something eerily beguiling about Val's new friends ... Lolli talks of monsters in the subway tunnels and uses a

shimmery amber-coloured powder that makes the shadows around her dance. While Luis claims he can make deals with creatures that no one else can see. And when Luis's brother, Dave, makes the mistake of letting Val tag along as he makes a delivery to a woman who turns out to have goat hooves instead of feet, Val knows that there's magic at play in the subway tunnels... A bewildered Val allows Lolli to talk her into tracking down the hidden lair of the creature for whom Luis and Dave have been working, only to find herself bound into service by a troll named Ravus. He is as hideous as he is honourable, and as Val grows to know him, she finds herself torn between affection for him and fear of what her new friends are becoming because of him...

Roald Dahl meets *The Penderwicks* in this quirky, humorous, whimsical, and heartwarming middle grade debut about two siblings who run away from home to escape working in the family coffin business. John Coggin is no ordinary boy. He is devising an invention that nobody has ever seen before, something that just might change the world, or at least make life a little bit better for him and his little sister, Page. But that's only when he can sneak a break from his loathsome job—building coffins for the family business under the beady gaze of his cruel Great-Aunt Beauregard. When Great-Aunt Beauregard informs John that she's going to make him a permanent partner in Coggin Family Coffins—and train Page to be an undertaker—John and Page hit the road. Before long, they've fallen in with a host of colorful characters, all of whom, like John and Page, are in search of a place they can call home. But home isn't something you find so much as something you fight for, and John soon realizes that he and Page are in for the fight of their lives.

Summoner: Book One Margaret K. McElderry Books

Tana lives in a world where walled cities called Coldtowns exist. In them, quarantined monsters and humans mingle in a decadently bloody mix of predator and prey. The only problem is, once you pass through Coldtown's gates, you can never leave. One morning, after a perfectly ordinary party, Tana wakes up surrounded by corpses. The only other survivors of this massacre are her exasperatingly endearing ex-boyfriend, infected and on the edge, and a mysterious boy burdened with a terrible secret. Shaken and determined, Tana enters a race against the clock to save the three of them the only way she knows how: by going straight to the wicked, opulent heart of Coldtown itself. *The Coldest Girl in Coldtown* is a wholly original story of rage and revenge, of guilt and horror, and of love and loathing from bestselling and acclaimed author Holly Black.

In book three of the Curse Workers series, "the perfect end to this gem of a trilogy" (Kirkus Reviews, starred review), trust is a priceless commodity and the lines between right and wrong become dangerously blurred. Cassel Sharpe knows he's been used as an assassin, but he's trying to put all that behind him. He's trying to be good, even though he grew up in a family of con artists and cheating comes as easily as breathing to him. He's trying to do the right thing. And he's trying to convince himself that working for the government is the right choice, even though he's been raised to believe they are the enemy of all curse workers. But with a mother on the lam, the girl he loves about to take her place in the Mob, and all new secrets coming to light, what's right and what's wrong become increasingly hard to tell apart. When the Feds ask him to do the one thing he said he would never do again, he starts to wonder if they really are the good guys, or if it's all a con.
